

2009-2010 Verification Worksheet

Federal Student Aid Programs

Your application has been selected for review in a process called "Verification". In this process, we will be comparing information from your application with signed copies of your and your parent(s) 2008 Federal tax forms, W-2 statements, and possibly other financial documents. The law says we must review this information before awarding Federal aid (CFR Title 34, part 668). If there are differences between your application information and your financial documents, it will need to be corrected before any Federal aid can be processed.

Complete the verification requirements as soon as possible to avoid delaying your financial aid.
