How to use this chart:

First, find your semester allocation under the Award per Semester column. Then find the column that represents the number of weeks you expect to work during the semester. This will give you an idea of how many hours you should work each week to earn your allocation over the course of the semester.

EXAMPLE: If your semester award is \$300 and you expect to work 14 weeks... you should be working approximately 3 hours per week.

Work-Study Chart is based on: \$7.15 hourly rate
