The Graduate School has a long and proud history of providing professionals in the Hudson Valley the tools for success in their chosen career path.
**NOTE:** Most of the MSEd programs require a NYS Teaching Certificate for application.

**NOTE:** Both the MST and the MAT programs lead to NYS Teaching certification.

*These programs do not offer full-time course work. They will not accept applications from students who plan to enroll full-time.

** Applications to these programs have been suspended. Please contact the department for more information.
THE COLLEGE OFFERS PROGRAMS LEADING TO NINE MASTER'S DEGREES AND TO THE CERTIFICATE OF ADVANCED STUDY.

Master of Science in Education
The Master of Science in Education program is for teachers who wish to improve their professional competence and mastery of subject matter. Completion of a degree program may lead to professional certification in a field and level, providing the student has at least two years of full-time teaching experience and has initial certification in a teachable major.

Master of Arts in Teaching
The Master of Arts in Teaching degree is designed specifically for non-certified students who have bachelors’ degrees in an academic discipline and who wish to earn a teaching certificate at the secondary level.

Master of Science for Teachers
The Master of Science for Teachers degree is designed specifically for non-certified students who have bachelors’ degrees in an academic discipline and who wish to earn a teaching certificate at the elementary level.

Master of Professional Studies
The Master of Professional Studies degree is offered in humanistic/multicultural education. This program is designed for individuals who are involved in education in its broadest sense by seeking to help others develop their intellectual capacities, expand their self-knowledge, develop interpersonal skills, or foster humane working, learning or living situations. Students currently enrolled include individuals in the helping professions and teachers with certification in special subjects such as family-consumer science, health, music, physical education, and technology.

Master of Arts
The Master of Arts degree may serve as a complete program in a specific discipline or as a first stage of graduate study. If a student has initial certification at the secondary level in the same discipline as the MA, application for professional certification may be made upon completion of the degree, providing the student has at least two years of full-time teaching experience in the area of certification.

Master of Arts: Art Studio
The Master of Arts degree in Art Studio program offers concentrated study in ceramics, metal, painting, printmaking and sculpture. It also offers a new summer-intensive interdisciplinary concentration where students share studio space with visual art education students. The MA in Art Studio program’s professional goals are substantially different from those of the MFA degree. Admission into the MA in Art Studio program and completion of some or all of the program’s requirements does not insure continuation into the MFA program. A student enrolled in the MA who wishes to transfer into the MFA must request a faculty review after the completion of 12 credits in residence in the area of concentration, and be approved by the faculty for continuation in the MFA program.

Master of Science
Communication Disorders. The Department of Communication Disorders offers two concentrations leading to the Master of Science. Speech-Language Pathology and Speech and Language Disabilities lead to New York State licensure and ASHA certification in speech-language pathology. The “Speech and Language Disabilities” concentration allows the student to earn New York State teacher certification as a Teacher of Students with Speech and Language Disabilities. This program has two tracks, one for students entering at the graduate level, and one for students who have completed the “linked” undergraduate certification track major at SUNY New Paltz.

Computer Science. The computer science program is designed to provide students with a strong foundation for advanced professional work or doctoral study in the computer field. Courses are offered in computer software, hardware, theory, and mathematics. This graduate-level program requires 30 credit hours selected from three course categories, allowing for both breadth and depth of study. To accommodate part-time students, most graduate courses are offered in the late afternoon or evening and meet once a week. Teaching assistantships are available on a competitive basis. The program does not require a baccalaureate degree in computer science.
Electrical Engineering. The Electrical Engineering program offers courses in electromagnetic fields and waves, telecommunications, electronics, and control systems. The program has two options: thesis and non-thesis. The thesis option emphasizes research and requires submission of a thesis in addition to taking advanced core and elective courses in electrical engineering. This option requires the completion of 30 credits, 24 course credits and 6 thesis credits. The non-thesis option requires completion of 30 course credits and successful passing of a comprehensive examination. The program, which can be pursued either full- or part-time, is designed to serve recent graduates and practicing engineers who need in-depth knowledge in the rapidly changing and expanding areas of electrical engineering beyond what can be included in the traditional bachelor’s program.

Music Therapy. The Master of Science in Music Therapy is a 48-credit program designed to provide students with a comprehensive education in Music Therapy at the advanced level. A second purpose of this program is to comply with the new requirements as set forth by New York Article 163 that requires Music Therapists to become licensed creative arts therapists in New York. The program meets the guidelines for the approval of academic programs in music therapy as set forth by the National Association of Schools of Music, the American Music Therapy Association, and the Commissioner’s Regulations – Sec. 52.34 Creative Arts Therapy.

Mental Health Counseling. The Mental Health Counseling program offers students the opportunity to pursue a specialized course of study leading to a 48-credit Master of Science degree in Mental Health Counseling. It serves both students seeking licensure as mental health counselors and those who intend to eventually proceed into doctoral programs. Degree requirements cover a core curriculum and specialized courses. Three required fieldwork courses provide unique, varied and intense hands-on mental health counseling training experiences under supervision of licensed professionals.

Nursing. The Department of Nursing offers a 42-credit curriculum for the Master of Science degree with a concentration in Adult Health Nursing. The program can be completed in 2-3 years of part-time study. Program graduates are eligible for the American Nurses Credentialing Center Medical Surgical Clinical Nurse Specialist examination leading to the credential Advanced Practice Registered Nurse, Board Certified (APRN, BC). A Certificate of Advanced Study is also offered for master’s prepared nurses leading to board certification as CNS Medical Surgical Nursing. The program is designed to provide the foundation for post-masters and doctoral studies.

Master of Business Administration
The Master of Business Administration program will prepare career-oriented individuals for a broad range of management responsibilities, with a focus on a concentration specialization. The MBA program will enable students to take managerial and professional leadership roles in regional, national, and international enterprises.

Master of Fine Arts
The Master of Fine Arts degree program is a 60-hour program specializing in ceramics, metal, painting/drawing, printmaking and sculpture (photography and graphic design). Candidates holding a master’s degree may petition the department to transfer a maximum of 30 credits toward the 60-credit requirement.

Certificate of Advanced Study
The Certificate of Advanced Study program is a 60-hour program (30 hours beyond the master’s degree) leading to professional certification, and to the College’s Certificate of Advanced Study. The following specializations are offered: School Leadership, Alternative Certificate: School District Leader (Transition D) and School Business Leadership.

The Certificate of Advanced Study, Clinical Nurse Specialist (CNS) Adult Health, is an 18-credit program designed for students who hold a master’s degree with a concentration in nursing. Graduates will be prepared for the American Nurses Credentialing Center (ANCC) board examination in the specialty of adult health/medical surgical nursing. Upon successful examination the applicants’ credential will be APRN, BC (Advanced Practice Registered Nurse, Board Certified).
Certification
The information listed below reflects the new guidelines, as of February 2, 2004, which is subject to change based on the State Education Department’s certificate initiatives.

Initial and Professional Certification. An Initial Certificate, valid for five years, will be issued at the request of the student upon completion of an approved program. After receiving an Initial Certificate, there is a five-year requirement in which an appropriate master’s degree must be earned. One may receive a one-year extension by contacting SED, restricted by a rigid set of protocols. A Professional Certificate will be issued upon completion of the requirements for Professional Certification in effect at the time of issuance.

Candidates must file with SED official qualifying scores on the New York State Teacher Certification Exams (NYSTCE). There are three exams: The Liberal Arts and Science Test (LAST), the Assessment of Teaching Skills-Written (ATS-W), and the Content Specialty Test in the appropriate certification area. All three tests are required for the Initial Certification. For further test information call (518) 474-3901 or visit their website at: www.nystce.nesinc.com.

Candidates pursuing the MAT and the MST programs are recommended for both the Initial and Professional Certification upon successful completion of their entire programs, which includes a final semester of student teaching.

Candidates pursuing additional certification in a field not offered at New Paltz, but who are taking courses through us must consult the Alternate Route Division of the Office of Teacher Education and Certification, Cultural Education Center, Empire State Plaza, Albany, New York 12230. The phone number is: (518) 474-3901 and their website is: http://www.highered.nysed.gov/tcert/contact.htm. The e-mail is: tcert@mail.nysed.gov.

CHILD ABUSE IDENTIFICATION AND REPORTING WORKSHOP:
All candidates for teacher certification in the State of New York are required to attend a two-hour training in the recognition and reporting of child abuse or neglect. Group sessions are offered on campus, or students may take the mandatory training at local state education approved agencies or hospitals. Candidates taking this training off campus must submit proof of completion to the Education Advisement Office in OMB 105. Evidence of training must be documented in this office before recommendation of certification can be processed and sent to SED. On campus information regarding workshop dates can be obtained by calling the Assistant to the Dean’s Office at (845) 257-2874.

SAFE SCHOOLS AGAINST VIOLENCE IN EDUCATION WORKSHOPS (SAVE):
All candidates for teacher certification in the State of New York are required to attend a two-hour training in school violence and prevention. Group sessions are offered on campus, or students may take the mandatory training at local state education approved agencies or hospitals. Candidates taking this training off campus must submit proof of completion to the Educational Advisement Office in OMB 105. Evidence of training must be documented in this office before recommendation of certification can be processed and sent to SED. On campus information regarding workshop dates can be obtained by calling the Mid-Hudson Teacher Center at (845) 257-2885.

FINGERPRINTING:
All candidates for teacher certification in the State of New York are required to be fingerprinted and have a criminal history records search done for certification and employment. The Education Advisement Office and the University Police Department offer fingerprinting sessions each semester. On campus information can be obtained by calling the Education Advisement Office at (845) 257-2807. The phone number in SED is (518) 473-2998. The website is: http://www.highered.nysed.gov/tcert/ospra/index.html. The e-mail address is: ospra@mail.nysed.gov.
Academic Policies and Procedures

Policies

Consistent with its mission as a public institution of higher education SUNY New Paltz sponsors a broad spectrum of opportunities and services for graduate students in its service region. Although there is a stringent set of criteria for matriculation in a degree program, most students will have access to post-baccalaureate study at New Paltz. Enrollment in some courses is restricted to matriculated students, many courses have prerequisites, but many others are open and available to students with graduate standing regardless of their field of preparation.

Graduate studies at New Paltz presupposes a rigorous course of study at a higher level and in greater depth than at the undergraduate level. Matriculated students follow a prescribed program, the “plan of study”, and must remain in academic good standing. Other students may register for courses for which they are qualified without regard to a “plan”.

Non-matriculated students who subsequently apply for matriculation are considered in a manner similar to undergraduate transfer students. That is, graduate credits earned prior to matriculation will be evaluated by the department to determine which, if any, may be applied to the degree. Factors to be considered in evaluating these credits include the grade received, the accreditation status of the school, and, for rapidly changing fields, the currency of skills and information covered in the courses.

The non-matriculated classification includes visiting students, students in the last term of their baccalaureate study, and others who do not plan to work toward a degree. On request, the College will provide an official transcript of all graduate courses completed and the grades earned. No official status or obligation pertains to non-matriculated students.

PLAN OF STUDY

Once a student receives his/her letter of matriculation from the Dean of the Graduate School, he/she should meet with the assigned advisor to complete a Plan of Study. The Plan of Study is signed by the student, the student’s academic advisor(s), the department chair, and finally approved by the Dean of the Graduate School. Please note that undergraduate courses cannot be listed on a graduate Plan of Study.

Any changes in the approved Plan of Study may be made by using the “Request for Change in Plan of Study” form which is available through their academic advisor(s), the Graduate School or on the Graduate School web site at: www.newpaltz/graduate/reqchangeinplanofstudy.pdf. The Plan must be filed early in the student’s academic career.

ACADEMIC “GOOD STANDING”

“Good Academic Standing” is defined as earning a GPA of at least 3.0. “Not making good progress toward the degree” is a GPA below 3.0.

Matriculated graduate students who have completed four or more graduate courses at New Paltz and who have earned a cumulative average below 2.50 terminate their “good standing” and forfeit their matriculated status. Any student who has attempted either two semesters of study or 12 credits as a matriculated graduate student and has failed to achieve the minimum GPA (3.0) will be sent a warning letter.

Only two courses with a grade below B- (2.67 on the 4.00 scale) will be counted toward a graduate degree. Matriculated students with four or more courses with grades below B- will forfeit their matriculated status.
ACADEMIC INTEGRITY

Students are expected to maintain the highest standards of honesty in their college work. Cheating, forgery, and plagiarism are serious offenses, and students found guilty of any form of academic dishonesty are subject to disciplinary action.

Cheating is defined as giving or obtaining information by improper means in meeting any academic requirements. The use for academic credit of the same work in more than one course without knowledge or consent of the instructor(s) is a form of cheating and is a serious violation of academic integrity. Forgery is defined as the alteration of college forms, documents, or records or the signing of such forms or documents by someone other that the proper designee.

Plagiarism is the representation, intentional or unintentional, of someone else’s words or ideas as one’s own. Since words in print are the property of an author or publisher, plagiarizing is a form of larceny punishable by fine. When using another person’s words in a paper, students must place them within quotation marks or clearly set them off in the text and give them appropriate footnoting. When students use only the ideas and change the words, they must clearly identify the source of the ideas. Plagiarism, whether intentional or unintentional, therefore, is a violation of the property of the author plagiarized and of the implied assurance by the students when they hand in work that the work is their own. If students have any questions about what constitutes plagiarism, it is their responsibility to clarify the matter by conferring with the instructor.

Faculty members must report in writing cases of cheating, plagiarism or forgery to their department chair, academic Dean and Associate Dean for Student Affairs. Faculty members are also responsible for making the initial determination of the academic penalty to be imposed in cases of cheating, plagiarism, or forgery and for informing in writing the department chair, the academic Dean, and the student of the alleged violation and the proposed penalty. The academic penalty may range, for instance, from failure of a specific piece of work in a college course to failure of the course itself.

Cases requiring disciplinary and/or grade appeal action will be adjudicated in accordance with Procedures for Resolving Academic Integrity Cases, a copy of which is available in the office of the Dean of the Graduate School, the office of the Provost for Academic Affairs, and in the academic Dean’s office.

DEFERRAL POLICY

The following deferral policy is applicable to some programs. Please check with your departmental advisor to see if this policy applies to you. Graduate program acceptance and matriculation is for the semester indicated in the student’s acceptance letter. Students who do not enroll in the semester for which they are accepted forfeit their place in the program. Students who have forfeited acceptance into a program have up to one year to request that their acceptance be reinstated. However, granting this request remains at the discretion of the program. After that point, it will be necessary to reapply.

GRADUATE APPEALS PROCEDURES

PROCEDURE FOR IMPLEMENTING GRADUATE ACADEMIC APPEALS

The appeal system, which deals with inequitable application of academic policy, affords recourse to a student who has evidence, or believes that evidence exists, to show that an inappropriate grade has been assigned or other inappropriate formal academic action has been taken. For example, this may be a result of a mechanical error, discrimination, a violation of published academic policy, allegation of academic dishonesty, or error in judging the quality of the student’s work.

The following steps should be taken to initiate and process an academic appeal. It is imperative that the individual student recognizes the responsibility for taking the initiative in the appeal and for processing the appeal through each step of the procedure. It is the student’s choice whether or not to proceed to each step of the procedure.

Step 1: The student must consult with the instructor concerning the problem. If a satisfactory resolution of the problem is not achieved and the student wishes to go to step 2, the student must request a signed and dated acknowledgement of the consultation from the instructor. A handwritten note is sufficient.
Step 2: The student must consult with the chair of the department offering the course. If a satisfactory resolution of the problem does not result from this consultation and the student wishes to go to step 3, the student must request a signed and dated acknowledgement of the consultation from the chair. A handwritten note is sufficient.

Step 3: The student must go to the Dean of the School offering the course in question, complete the “Student Form for Academic Appeals,” and arrange a meeting with the Dean. If no satisfactory resolution is achieved after consultation with the Dean, the student may initiate step 4.

Step 4: The student should forward to the Graduate Dean an explanatory cover letter, a copy of the “Student Form for Academic Appeals,” and any pertinent documents in the student’s possession.

Step 5: The Graduate Dean and the Graduate Council will review the material submitted. After due consideration of the issues, the Graduate Dean and Council will decide whether further action is justified and the nature of such action. The Council may request a consultation with the student at this step; however, consultation should not be considered routine. If the committee decides that no further action is justified, it will so inform the student in writing.

If the Graduate Dean and the Graduate Council deems that action other than denial of the appeal is justified, it may request consultations with any of the individuals involved in the appeal or may request any other information needed for clarification of the issues.

Step 6: The Graduate Dean will recommend to the Provost/Vice President for Academic Affairs such action as he/she deems appropriate to resolve the appeal. A copy of this recommendation will be forwarded to the student.

Step 7: The Provost/Vice President for Academic Affairs will have the ultimate authority in rendering a judgment in cases presented to him or her through the above process. The Provost/Vice President for Academic Affairs will inform the student in writing of the decision.

STUDENT FORM FOR ACADEMIC APPEALS

This form is to be filled out with the aid of the appropriate representative of the Dean’s office and only after the instructor and the chair of the department have been consulted, and if the problem has not been resolved.

NOTE: Three (3) copies of this form will be needed (appropriate Dean, Graduate Council, student) if the appeal has not been resolved by the Dean.

Please state here, as briefly and accurately as possible, the main reasons for the academic appeal.

List the supporting evidence that you consider to be relevant. This list should include items that you can produce, as well as, items that can be requested of the instructor by the Dean or the Graduate Council (e.g., course outline, term papers, test and examination grades, etc.). The Graduate Council can only react to factual evidence. Relevant materials in your possession should be available in the event of later consultation with the committee.
In narrative style, please write a complete statement of the situation that has resulted in your appeal and your reasons for making the appeal.

COURSE-NUMBERING SYSTEM

The first two digits of the computer prefix identify the department of origin of the course; the third digit denotes the level; the last two digits identify the course in the department’s course taxonomy.

500-Level Courses.
These are graduate courses designed to build upon the knowledge and skills achieved in an undergraduate field of specialization.

700-Level Courses.
These are advanced courses designed specifically to extend in depth and specialization the knowledge and skills of the student who has an extensive background in the subject area. Appropriate prerequisites are indicated for these courses.

Graduate students do not receive credit for any course below XX5XX.

GRADING SYSTEM

Student performance in most courses is evaluated by letter grades according to the following scale: grades of A or A- are for outstanding work of a consistently high order; B+, B, or B- for good work which is distinctly above average; C+, C, or C- for fair work; D+, D, or D- for marginal work; F is failing.

The computation of grade point average is based upon the following point values:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>

<td>0.00</td>
</tr>
</tbody>
</table>

The mark of I (Incomplete) is awarded at the discretion of the instructor and on the request of the student only when the student has completed at least three-quarters of the required work for a course and where a personal emergency prevents the student from finishing the work on schedule. Students must complete the course work by the midterm point of the next semester they are registered or the I will be converted to an F.

A student who does not register for one calendar year after the semester or summer session in which the incomplete was awarded will have the incomplete converted to a “permanent incomplete” (I*) if the course is not completed, or an extension not granted, and the instructor does not change the grade within a calendar year of granting the incomplete. The “permanent incomplete” can never be changed, but a student may graduate with the mark on his/her record.

The mark of H (Hold) is used only in those few courses for which it has been approved, such as where the work begun is continued into the following semester. The grade given at the end of the second semester automatically replaces the H given for the first semester. The mark of H is also frequently assigned, instead of an I, when a course in “Thesis” is incomplete.

Students may not graduate with an H or an I mark on their record. There is one exception to this rule. A student with an incomplete in a course which was taken in his/her last semester at New Paltz and which is not needed to fulfill any college, curriculum, major, or minor requirement may request a permanent incomplete (I*). This request must be made in writing to the Registrar, HAB 13, and, if the permanent incomplete is granted, the mark can never be changed. This exception does not apply to the mark of H.

Calculation of Grade Point Average
All SUNY New Paltz graduate courses on the student’s graduate transcript are used to calculate the GPA.

S/U Option
Graduate students may not elect the S/U Option for graduate classes. Students seeking exceptions to this rule must
see the Dean of the Graduate School.

Graduate students who take an undergraduate class outside of their disciplinary area may petition the Dean of the Graduate School for the S/U option for this class. This option will be granted once for any graduate student.

**Repeat Course Grading Option**

Graduate students may elect to repeat a course under the “Repeat Course Grading Option.” The “Repeat Course Grading Option” which is available to matriculated graduate students as a onetime, single course option, subject to the approval of their advisor, department chair, and the Dean of the Graduate School. Under this option, only the second grade will be counted in a student’s cumulative average.

Matriculated graduate students (“G”) may petition the Dean of the Graduate School for the repeat course grading option (counting only the repeat grade) and permission is granted under special circumstances. The repeat course grading option may only be granted for only one course.

**WITHDRAWAL FROM A COURSE**

A student may withdraw from a course until the date specified in the academic calendar with the payment of a fee. The signature of the instructor and last date of attendance must be on the withdrawal form. The relevant dates are specified in the academic calendar which appears in the Schedule of Classes. A course withdrawal after that date will be permitted only for compelling non-academic reasons; students should consult with the office of the appropriate Dean of the faculty for detailed information. No record of course enrollment will appear on the transcript if a course is dropped during the course-change period. A grade of W will be recorded for withdrawals from courses after the course-change period and until the course withdrawal deadline date. A grade of F will be recorded for any student who informally drops a course without following the procedure outlined above.

**SECOND DEGREE AT THE SAME LEVEL**

Under certain conditions, students may earn a second degree at the same level. Students may pursue a second master’s degree once the first degree has been awarded. Petitions for a second degree are referred to the Dean of the Graduate School by the Department Chair of the discipline in which the second degree is proposed. The following regulations apply:

1. The plan of study of the second degree must be substantially different from the plan of study of the first degree so as to constitute, in the judgment of the faculties concerned, a new discipline.
2. Normally, at least two-thirds of the credits of the second degree, or a minimum of 24 credits, whichever is greater, must be credits that were not included in the first degree.
3. All relevant degree requirements, including residency requirements, must be satisfied for both degrees.

In addition, we have three approved concurrent programs:

- The MAT in Biology and the MA in Biology
- The MAT in English and the MA in English
- The MAT in Mathematics and the MA in Mathematics

**FIELDWORK/SELECTED TOPICS COURSES**

Selected topics courses are regularly scheduled courses that focus on a particular subject. They may be offered by any department. Descriptions of selected topics courses are printed in the Schedule of Classes each semester.

Fieldwork courses are approved experiences offered by individual academic departments to enable students to enrich their academic program with applied work in their field of study. Fieldwork courses may be offered by any department. Permission of the instructor, the chairperson, and the Dean of the Faculty are required to enroll in a fieldwork course.

**INDEPENDENT STUDY**

The primary purpose of independent study is to enable the student to pursue knowledge and understanding in an area
not covered by a regularly offered course or to a greater depth than is possible through an existing course. Independent study places the major responsibility for learning directly upon the student, who must have sufficient maturity to identify and resolve a problem through extensive and rigorous research, to search for and to integrate information from a variety of sources, to interpret the data, and to express clearly the meaning of the whole. It is essentially a tutorial course involving close and frequent contact between student and instructor.

Because an independent study presupposes a serious interest on the part of the student to study and to research a particular problem or area, it is expected that the instructor and student will devote sufficient time to consider the project in advance to ensure that it is both worthwhile and feasible.

Any single independent study may be offered for 1, 2, 3 or 4 semester credit hours. Up to 6 semester credit hours in independent study may be applied to graduate degrees if approved by the department. All independent study requests must be approved in advance by the instructor, the advisor, the department chairperson and the Dean of the Faculty.

NON-MATRICULATED TO MATRICULATED STUDENT CREDIT LIMIT

Registration is blocked for any non-matriculated student after six to nine graduate credits. The student will have to sign a waiver in the Graduate School in order to remove the block, as well as to obtain the permission (through signature) of the department chair or the appropriate academic dean before registering for courses beyond the limit. Should they be accepted for matriculation, students who take courses beyond the limit will not have more than 6-9 graduate credits transfer to their graduate degree program.

RESIDENCE AND TRANSFER CREDIT POLICY

Residence credit is defined as credit earned in courses offered by New Paltz professors or adjunct instructors in a regular or summer session. Twenty-four semester hours of graduate study normally constitute the minimum residence credit requirement for graduate degrees.

On the recommendation of the department, up to nine transfer credits (some departments may accept less) may be applied to the degree, subject to the following conditions:

- The course was taken at the graduate level at an accredited institution.
- A grade of B- or better was earned in the course.
- The course was taken before matriculation at New Paltz.
- Courses may be no older than seven years.

For transfer credits to be posted to the New Paltz transcript, the Graduate School requires an official copy of the transcript and the course must be listed on an approved Plan of Study (or amended Plan of Study).

- Transfer credits may be given after matriculation under special circumstances with permission of the Dean of the Graduate School.

Graduate Credits taken while an Undergraduate at New Paltz, but not required for the Undergraduate Degree

On the recommendation of the department and with the approval of the Dean of the Graduate School, SUNY New Paltz graduate students may transfer up to nine (9) graduate credits taken as an undergraduate at SUNY New Paltz and not needed for their undergraduate degree to their graduate transcript. These courses must be listed on the Plan of Study as approved transfer credits. Students must pay the tuition differential at the current graduate rate in order for the course credits to be transferred to their graduate transcript. Some departments limit transfer credits to fewer than nine (9) graduate credits. Courses may be no older than seven years.
TIME LIMIT FOR COMPLETION OF DEGREE

All requirements for a graduate degree, including transfer credits, must be met within seven years of the completion date of the first course listed on the plan of study. After that date, students’ matriculation status may be cancelled. Some departments may specify a shorter period. If the time limit expires, students must write to the department with a request, and a projected completion date. If the department recommends approval, the coordinator sends this request to the Dean of the Graduate School for consideration.

NOTE: Students are expected to consult college publications to determine deadlines for various procedures related to their academic programs. These include course withdrawals, graduation notification, registration, and payments.

ADVISING

Candidates for graduate degrees are assigned an advisor by the Graduate School. The advisor will assist in developing a plan of study to reflect the student’s interests and career plans and to fulfill degree requirements. Secondary Education graduate students must have their plans approved by the Education and Liberal Arts departments.

For matriculated students, an official plan of study, approved by the advisor, and forwarded to the Graduate Dean for final approval must be on file in the Graduate School during the first semester after the student’s matriculation. Subsequent revisions of the plan must be approved by the advisor and the Graduate Dean.

Non-matriculated students may contact the Graduate School for advisement.

AUDIT PRIVILEGES

Some academic courses may be audited. Registered students at the State University of New York at New Paltz, faculty and staff of New Paltz, and persons over 60 years of age may audit courses without paying a registration fee. For all others, a non-refundable registration of $50.00 will be charged and payment is made to Student Accounts. Persons who would like to audit a course must obtain an Audit Form from the Office of Records and Registration. The completed form must have the signatures of (a) the chair of the department offering the course and (b) the instructor of the course.

The Audit Form must be returned to the department offering the course by the end of the “course add” period. Persons required to pay the registration fee must submit proof of payment with their completed Audit Forms.

The audit privilege permits the auditor to attend a course, providing there is room in the course and the necessary approvals have been granted, and to do assignments, but it does not permit the auditor to take examinations in the course or to have his or her work evaluated in any other way. The auditor receives no grade for the course, nor is any record of course attendance kept in the Office of Records and Registration. Students may not change their enrollment status from audit to credit, or from credit to audit.

Audit privileges are not ordinarily available in studio, laboratory, fieldwork, or performance courses, or courses where class participation of students is of major importance, nor are they available in credit-free courses offered by the institution or in any foreign study program or course.

CULMINATING ASSESSMENTS

The requirements for a master’s degree include at least one of the following: passing a comprehensive exam, writing a thesis based on independent research, giving an oral defense of their thesis, or completing an appropriate special project.

COMPREHENSIVE EXAMINATIONS

Students who fail the examination may petition the department for permission to take it a second time. The petition must outline what additional study is planned to prepare for the second attempt. In some cases, students may not repeat the examination earlier than one calendar year after the first attempt. Failure of the examination on the second attempt results in forfeiture of matriculation.
Comprehensive examinations are required for the following curricula:

**Master of Science in Education Secondary Education (7-12)**  
*Biology, Chemistry, Earth Science, English, Mathematics, Social Studies:*  
Liberal arts subject matter only. Morning test of 150 minutes. Earth Science also requires an oral examination. The Biology program requires an oral examination based on course work.

*French, Spanish:* Liberal arts subject matter only. Consult with the advisor or the department chairperson.

**Master of Arts in Teaching**  
*Biology, Chemistry, Earth Science, English, French, Mathematics, Social Studies, Spanish:* Liberal Arts subject matter only. Consult with the advisor or the chairperson of the Department of Secondary Education.

**Master of Arts**  
*Biology, Chemistry, English, Geology, Mathematics, Psychology (oral defense of the thesis), Sociology:* Consult with the advisor or the department chairperson.

**Master of Science Communication Disorders**  
Written examination based on the student’s course work.

**Computer Science**  
A comprehensive examination based on graduate course work is required.

**THESIS**

Theses are required for some masters’ programs. After approval by the thesis committee and the department chairperson, all theses are submitted to the Library for binding and/or for cataloging. Only after the Library accepts the thesis and provides the student with the necessary acceptance letter for the Registrar’s Office may the degree be granted. There is a $25 binding fee for M.A. and M.S. theses and a $10 fee for M.F.A. theses, which become part of the permanent collection and do not circulate. The procedure must be completed before awarding of the degree. Guidelines for the submission of a master’s thesis to the Sojourner Truth Library are available on the Library’s website: [http://lib.newpaltz.edu/policies/masters.html](http://lib.newpaltz.edu/policies/masters.html).

**CONTINUED REGISTRATION**

Graduate students who have finished their required course work and who are using campus facilities to complete theses and other culminating projects will be required to register for a one (1) credit “Continued Registration” course. See your advisor for further information.
Admission Requirements and Procedures

Admission to graduate study is based on the applicant’s academic and professional qualifications without regard to sex, race, color, age, disability, creed, or ethnic origin. Application forms are available from our web site at www.newpaltz.edu/graduate/applications.html or by mail. There is a non-refundable application fee of $50.

The basic requirements for admission are a baccalaureate degree from an accredited institution and a minimum cumulative undergraduate average of 3.00 on a 4.00 scale.

A change from non-matriculated to matriculated status may be made with the understanding that a maximum of six – nine credits completed at New Paltz may be applicable toward course requirements for a degree program.

Applicants for graduate degrees must submit to the Graduate School an application for admission, two official copies of transcripts of all undergraduate and graduate course work, and, where appropriate, official GRE or other test scores. SUNY New Paltz only will accept official scores on standardized tests. In addition, many departments will accept scores that are no older than five years. Student or evaluation copies of transcripts are not acceptable. Official copies of transcripts, as well as letters of recommendation, remain the property of the College and will neither be returned to the student nor forwarded to another institution.

Additional requirements for admission to specific programs are described below in each program section. Requests for additional information about admission requirements should be directed to the department chairperson or to the Graduate School.

The applicant’s completed admissions file is forwarded to the department office for the intended program of study to be evaluated. Upon the recommendation of the department chairperson, the Dean of the Graduate School will notify the student of acceptance or rejection in the specific program.

Deficiencies or inadequacies in the undergraduate preparation to meet the requirements for acceptance to a degree program may require that the applicant undertake additional preparatory work, the nature and amount of which shall be determined by the department.

Deadlines for Application for Admission to a Graduate Program

Many departments have deadlines for admission. They may only accept students for the Fall semester or for both the Fall and Spring semesters. You will need to go to the individual department’s web site to verify its deadline. The New Paltz web site is: www.newpaltz.edu/graduate.

In the event a department has not set an earlier deadline, applications will be considered for matriculation according to the following schedule:

- May 15 . . . . . . . . Summer & Fall Semesters
- November 15 . . . . . . Spring Semester

INTERNATIONAL STUDENTS

Every prospective international student for whom English is not the native language is required to achieve an acceptable score on the TOEFL (typically a minimum of 550 for the paper-based and 213 for the computer-based
Every international student for whom English is not the native language must undergo English proficiency testing by the university’s ESL program (Haggerty Institute). Contact the Center for International Programs for additional information on applying for admission to the Graduate School (www.newpaltz.edu/admissions/international.html).

STANDARDIZED TESTS

Some departments (see appropriate program descriptions) require satisfactory test scores as part of the matriculation process. Registration forms for the Miller Analogies Test (MAT) are available in the Center for Continuing and Professional Education (Grimm House) and online at: www.newpaltz.edu/graduate/exams.cfm. Registration forms for the Graduate Management Admissions Test (GMAT) are available from the Career Resource Center (257-3265).

The Graduate Record Examination (GRE) general exam is no longer administered at SUNY New Paltz. It is a computer-based exam administered at Sylvan Learning Centers. Information on the GRE is available by calling 1-800-GRE-CALL or on the internet at: www.gre.org. The GRE subject exams are still administered on the New Paltz campus through the Center for Continuing and Professional Education.

DEGREE APPLICATIONS

The semester before graduation, file an application for the degree and/or permanent certification with the Records and Registration Office, Haggerty Administration Building 25, (257-3110). Forms are available in Haggerty Administration Building 19 and Old Main Building 105, respectively. (See the Academic Calendar in the Schedule of Classes or go to http://www.newpaltz.edu/event/academic.html for deadlines.)

Complete the courses, including “incompletes,” listed on the approved plan of study. Substitutions (course changes) require the written permission of the program advisor and the Dean of the Graduate School.

Upon completion of Education programs, SUNY New Paltz will recommend candidates to the State Education Department for certification. It is the responsibility of the State Education Department to issue the appropriate administrative credential or advice concerning permanent/professional certification.
The most current tuition and fee rates, along with information about payment and payment arrangements, can be found on the web at: www.newpaltz.edu/student_accounts

**FULL-TIME STATUS DEFINED**

Full-time status is defined as being registered for 12 or more credits.

The total number of credit hours for courses taken by graduate students enrolled in graduate degree programs but who are taking courses which will not be credited toward the graduate degree are to be included in determining whether the student is a full-time student (i.e., a regular student taking at least 12 credits, or a special student) and the appropriate graduate student rate will be charged. A student enrolled as a graduate student either fully or conditionally and taking nine (9) graduate credits and six (6) undergraduate credits will pay the appropriate graduate student rate.

A student enrolled as a graduate student either fully or conditionally and taking six (6) graduate credits and three (3) undergraduate credits will pay the appropriate graduate special rate for all credit hours.
**Financial Aid**

(845) 257-3250  FAX # (845) 257-3568

**HOW TO APPLY**

Students must file the Free Application for Federal Student Aid (FAFSA) each year as soon as possible after January 1. Although parents’ information may be required, it is the student’s responsibility to complete all application requirements for all aid programs. NOTE: Students must be sure to indicate “SUNY-College at New Paltz” in the college release section of the FAFSA, code # 002846.

The FAFSA is the form used to apply for Federal Pell Grants, Federal Stafford Loans, and the three “Campus-Based” programs. They are Federal Supplemental Educational Opportunity Grants, Federal Perkins Loan, and Federal College Work Study Program.

**Graduate Students**

Financial aid is available to matriculated graduate students that are enrolled at least half time. Graduate students usually receive Stafford loans and potentially, NYS TAP. Alternative loans are available as well.

**Student Employment**

The College also offers part-time employment to students enrolled at the College. There are no income requirements; however, to be considered you should visit the Financial Aid Office for an information packet. Temporary service information is also available on the college web site.

**New Paltz Time Payment Plan**

The New Paltz Time Payment Plan allows you to make equal monthly payments toward the cost of tuition, fees and on-campus room and board. By utilizing the Time Payment Plan, you and your family can incorporate the cost of college into the family budget for up to five months. This is not a loan. There is no interest charged. There are no hidden costs. Just add the $25.00 application fee to your first installment. Even if you are receiving scholarships or some financial aid, you may enroll in the Time Payment Plan. It is an easy way to pay the balance of your bill, NOT covered by aid or other resources. As long as the amount due from you exceeds $500 for the semester we will accept a Time Payment Plan for the balance. Enroll online at my.newpaltz.edu.

**OTHER PROGRAMS**
Sojourner Truth Fellowships  
(SUNY Underrepresented Graduate Fellowship)

The guidelines for this program are currently under revision. Please go to the Graduate School website for further information as it becomes available. The web address is: www.newpaltz.edu/graduate/forms.cfm.

Graduate Opportunity Tuition Waiver Program  
(former EOP, SEEK, HEOP)

 Former undergraduate students who were enrolled in “Opportunity” programs may be eligible for a partial or full tuition waiver for full-time matriculated study. This is a New York State sponsored program. The application procedure includes: proof of undergraduate enrollment in an educationally disadvantaged opportunity program; TAP application; FAFSA and Graduate School admissions application and a GPA of 3.0. Apply through the Graduate School Office.

Graduate Opportunity Program Waiver students may register for fewer than 12 credits (but not fewer than nine (9) credits) and still remain eligible for a GOPW tuition scholarship proportional to their credit load. Students registering for fewer than 12 credits are no longer considered full-time and will not be eligible for TAP. Loan aid does, however, remain available to part-time students (six or more credits).

For additional information on Student Financial Aid Programs for Graduate and Professional Students visit the SUNY New Paltz Financial Aid web site: www.hesc.com/onlinedoc/gnsfactsheet/grad.html.

RIGHTS AND RESPONSIBILITIES

- Depending on the type of aid received, students must meet the following general requirements to continue their eligibility. Specific program requirements are outlined in the applications.
- Meet satisfactory progress guidelines.
- Be in good academic standing.
- Not be in default of any prior student loan.
- File application(s) annually.
- Notify the Financial Aid Office, bank or lending institution or any agency that offers any type of aid of any change in enrollment status, financial circumstances, change of address or any other information as required by the aid program.
- Not be in default on any loan offered by the College.
- Not owe a repayment on any awards paid.
