Overview

The SUNY New Paltz MBA program prepares career-oriented individuals for a broad range of management responsibilities. MBA graduates will be able to fulfill managerial and professional leadership roles in regional, national, and international enterprises. The program is structured to accommodate students from all undergraduate majors and may be pursued full-time or part-time. We offer an MBA in Business Administration and an MBA in Public Accountancy.

To qualify for the MBA degree, the student must complete 36 to 57 credit hours of graduate level courses. Candidates with a B.S./B.A. in Business Administration or Accounting degree may receive waivers for some of their foundation courses, if they earned B or higher in those courses. MBA degree requirements must be completed within seven years of acceptance into the program, with a cumulative average of no less than 3.0 (4.0 scale and with no more than two grades below a B-). All MBA courses must be completed with a grade of B or higher for progression in the program.

Application Requirements

- One official copy of all undergraduate (four-year degree) and graduate course work, including a baccalaureate degree from an accredited institution. The degree must be in Accounting if applying for the MBA in Public Accountancy program
- A non-refundable application fee of \$50.00 for domestic and international students
- An undergraduate cumulative GPA of 3.0 or higher (4.0 scale).
- Official results of the GMAT or GRE with satisfactory test scores.
- Three letters of recommendation.
- A typed, 400-500 Graduate Admissions Essay.
- For international students, a Test of English as a Foreign Language (TOEFL) score of 550 (80 internet based) or higher is required prior to admission.
- Entering MBA students are expected to have competency in basic computer, quantitative, and oral and written communication skills. Students who need to acquire these skills will be advised to take additional credit or non-credit courses to make up this deficiency. Any credits taken to obtain basic skills may not, however, be applied toward the MBA degree.

A student who successfully completes the outlined MBA-Certified Public Accountancy Licensure program will meet all the requirements of the 150-credit Licensure Qualifying Program in Public Accountancy and comply with Section 2.13(b) and part 52 of the Regulations of the Commissioner of Education.

A student who is considered for admission to this program must meet all the admissions requirements for the MBA program AND must have successfully completed all of the requirements for the Bachelor of Science Accounting program at New Paltz. Dependent upon the degree held and the institution by which it was conferred, each student will have a course-by-course analysis completed to determine what will be required to demonstrate how each of the required prerequisite courses in the SUNY New Paltz licensure-qualifying program has been satisfied.

After such review and upon approval by the Dean of the School of Business, the candidate will be evaluated for admission into the MBA program.
