Careers In Electrical Engineering

Sample Job Titles (some of the following titles may require additional education)

- Aerospace Engineer
- Aircraft Electrical Power Engineer
- Broadcast Engineer
- Control and Instrumentation Engineer
- Electrical Engineer
- Electronics Engineer
- IT Consultant
- Network Engineer
- Nuclear Engineer
- Solar Electrical Engineer
- Systems Analyst
- Technical Sales Engineer

Our Graduates... Where Are They Now?

Alumni who graduated in the past 1 to 5 years have obtained employment as:
- Associate/Electrical Engineer, Syska Hennessy Group
- Customer Support Engineer, Curtis Instruments
- Creative Engineer, SupplyFrame
- Manufacturing Engineer, Ducommun Inc.
- Project Engineer, Crestron Electronics

Alumni who graduated in the past 6 to 10 years have obtained employment as:
- Electrical Design Engineer, Greenman-Pedersen, Inc.
- Substation Project Engineer, Con Edison
- Application Support, Morgan Stanley
- Commissioning Engineer, Siemens
- Project Manager / Electrical Engineer, ASC Process Systems

Alumni who graduated over 10 years ago have obtained employment as:
- Test Engineer, Jabil
- Lead Electrical Facilities Engineer, M&W Group
- Regional Engineering Manager, Johnson Controls
- Senior Database Administrator, Pearson
- Manager, MTA New York City Transit

...In addition, alumni have completed the following graduate programs:
- Cornell University, M.S., Systems Engineering
- Clarkson University, M.S., Engineering Management
- Rochester Institute of Technology, M.B.A., Marketing
- New York Institute of Technology-Old Westbury, M.S., Energy Management
- NYU - Polytechnic School of Engineering, M.S., Information Systems Engineering
- Marist College, M.S., Computer Science
