Management’s Assessment

Does management’s attitude recognize the importance of and commitment to the establishment and maintenance of a strong system of internal control as communicated to employees through actions and words.

- Are employees aware of internal control.
- Is there a clear policy and procedure manual to be followed by personnel.

Are the organizational structure units clearly defined to perform the necessary functions and determine that appropriate reporting relationships have been established.

- Is the organization chart current.
- Are employees aware of the reporting relationship in the organizational structure.
- Is there duplication of functions by units.

Are personnel qualified and properly trained for the functions in order for control and procedures to operate in the manner intended.

- Is personnel qualified to perform tasks assigned.
- Is personnel adequately trained.
- Is there enough continuing education for personnel.
- Are job descriptions coordinated with actual job performances.

Delegation of authority or limitation of authority exists to provide assurances that responsibilities are effectively discharged.

- One employee should not control all phases of a transaction.
- Management goals should be communicated clearly to staff employees.
- Be aware of duplication of functions by employees.

Policies and procedures that are documented provide a basis for reviews, follow-up evaluations and audits.

- Functions are performed uniformly among units.
- Statutory requirements shall be met.
- All support for functions and transactions are performed.
Budgetary and reporting practices provide benchmarks by which management can measure accomplishments.

-Management does have guidelines to measure performance.
-Management can communicate expectations to the organizational units.
-Unusual transactions or events will be detected.
-Management can determine if goals are being achieved.

Organizational checks and balances provide authority for certain functions that minimize the potential for waste, fraud, abuse of mismanagement.

-The organizational units will efficiently perform it’s responsibilities therefore the potential for waste, fraud and abuse are minimized.

**Control Environment**

**Control Policies and Procedures**
