

# Turn your phone in a personal safety device !

Download the **FREE** Rave Guardian safety app to check in with family, friends, University Police, or others you trust to help you stay safe both on and off campus.

- **With this app you can:**
- **Set a Safety Timer** – Notify people you trust and/or University Police to check in on you if you are alone or in an unfamiliar place.
- **Manage & Message Your Guardians** – Invite family, friends, or others to be your Guardian, and communicate with them within the app as needed.
- **Easy Emergency Communication** – Call University Police directly for help if you are in trouble and send text tips – including photos – if you see something suspicious.

## Set up a Safety Timer

With the Safety Timer, your status & location are available to those you trust. Set it up when you are heading somewhere unfamiliar, meeting with someone you don't know, or any other time you would like someone to check in with you.

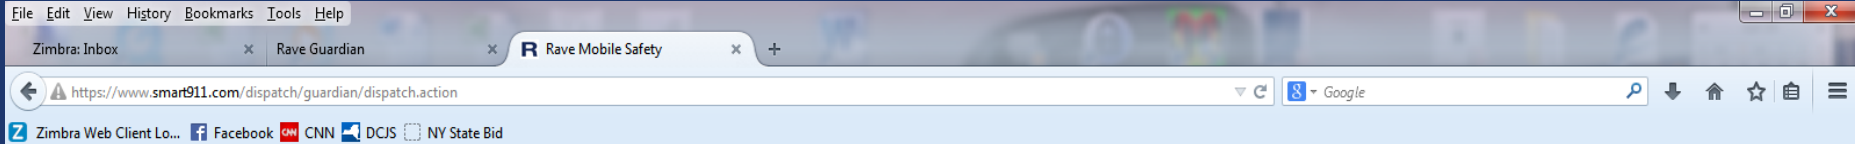

## Set up a Safety Timer

|                         |                      |   |
|-------------------------|----------------------|---|
| <b>Time</b>             | Example: 30 minutes  | ▼ |
| <b>Status</b>           | Enter your status... |   |
| <b>Primary Guardian</b> | Campus Police        | ▼ |

Your Guardians will be notified if your timer expires. ***Remember to deactivate it when you are safe.***

## Connect with your Guardians

Your Guardians look out for you – and you look out for them. Add and message Guardians just like you do with your Contacts. You can easily communicate directly or via group messaging with those you trust – including the ability to send photos.

If one of your Guardians' Safety Timer has run out, you will be notified by the app, and you will be able to easily check in with that person to see if they are OK. You will also be able to see the location of their phone on a map.

## Emergency and Tip Communication

 **Call Campus Police**

**Call University Police**— If you are in trouble on campus, you can easily call University Police. You can also send a text tip – including photos – where available. Your name, phone number and any pertinent history, along with your location will be displayed at University Police.

 **Call 9-1-1**

**9-1-1 Emergency** – Make an emergency 9-1-1 call.

**The Safety Strip** – This tool ensures that the app’s functions are always readily available. Just tap or pull up the Shield icon when you need it.

## Download Rave Guardian Today!

*Rave Guardian is available for download in the;*

App Store for iPhone and in

The Google Play Store for Android devices.

## FAQ's

Q- Does my GPS locator have to be turned on in my smartphone for the app to work?

*A- No, but you won't receive the full benefits of the safety app and in an emergency, your map position will not be displayed.*

Q- Do I have to add in all the personal information the app is asking for? (i.e. Home address, medications, vehicle info. Etc.)

*A- The app is most powerful with all your information, but the choice is yours! Name, email and cell number are a must, but other than that it's up to you. You can enter it directly through the app or by logging onto [www.smart911.com](http://www.smart911.com) and enter it through there. Remember, the more you put it, the more we can help!*

## FAQ's

Q- As a parent, can I participate and use the RAVE app?

*A- Yes. You can download the app and sign up as a participant not affiliated with the school. You won't have full use of the app, but you can participate in the Safety Time/Guardian portion.*

Q- Can I receive NP Alert emergency text alerts from the college like my child does?

*A- Yes, simply tell your child to add your email address and/or cell phone number to their NP Alert account. This is a separate program from the new safety app.*
