Conferences

Undergraduate Political Science Conference

Undergraduates are invited to submit papers for SUNY Oneonta's Seventh Undergraduate Political Science Conference. The conference encourages submission of papers concerning political science and related fields, or topics related to politics and government. Papers should be approximately 10-20 pages in length and presentations approximately 20 minutes long. Specific guidelines for presentations will be sent out upon approval of papers.

As in the past years, the conference will be all day, with paper sessions in the morning and afternoon, with a luncheon and keynote speaker midday. We expect interesting presentations and interaction between students from throughout the northeast to be the centerpiece of the conference. Awards will be given for exceptional papers in each division.

Please submit a full draft of the paper to polisci.conference.oneonta@gmail.com. Do not underestimate the quality of a paper. Students are often their hardest critics and should not let that prevent them from taking part in the opportunity. Students will be notified of their acceptance by February, 27th, 2015.

The conference is sponsored by SUNY Oneonta's Political Science club.

Fieldwork

Fall Semester with Senator Tkaczyk

Fernando Cintron, '15

During the fall of 2014, I worked on the re-election campaign of State Senator Cecilia Tkaczyk as an organizing intern. My responsibilities included door-to-door canvassing; phone banking, data entry, clerical work and volunteer training. This internship gave me the opportunity to gain hands on political experience and allowed me to network with other leaders in the field, including Senator Tkaczyk herself. Tkaczyk previously won the 46th district by only 18 votes making this election

a close and exciting experience. Unfortunately the good Senator was not re-elected in 2014, but the bonds I made with the great people I worked with still stand making the experience worthwhile.

Conferences

SCUSA

SUNY New Paltz's delegate to the 66th annual Student Conference on US Affairs at West Point was Alexandra Nassar ('16). She writes of her experience:

“ Going to SCUSA 66 as the New Paltz student delegate this year gave me the opportunity to discuss the most pressing issues our world is facing today with

cadets, students, and professionals from around the world. Though the theme of the conference was "The Worst That Can Happen"--and we addressed each topic as such--there was an air of genuine optimism, humility and energy that made me eager to understand and take on any challenge. My round table was on global climate change, and we worked on an integrative domestic and foreign policy approach of knowledge-sharing and science diplomacy to mitigate the increasing effects of climate change on the worlds agricultural systems. I left SCUSA with fresh insights and lasting friendships, and am very grateful to have had this opportunity.”

Vote Smart Scholarship

VOTE SMART

Vote Smart announced that they will provide three scholarships to SUNY - New Paltz students to work at its Great Divide Research Retreat during the coming Presidential Election cycle.

Students will do background checks on over 30,000 candidates for President, Congress, Governor and state legislative seats at its beautiful retreat facilities high in the Montana Rockies.

Scholarships provided through Hearst Foundation funding and Vote Smart members cover all living expenses.

Interns will work on candidate background checks, political courage testing, public comments, special interest ratings and communications projects. Interns are also needed to work on ranch maintenance, housing and food services. All scholarships are available for ten-week periods throughout the two year Presidential Election cycle.

"Working at the Project during the Presidential Election is an extraordinary experience," said Melanie Magnotto, Vote Smart's Intern Advisor. "You not only get an insider's view of hard ball politics and have a direct impact on elections, but you also do it in a place that is as close to a natural wonderland as any place on earth. Right outside your door is world class fishing, hiking and skiing, along with swimming, boating, basketball, tennis, volley ball and snowmobiles. Not to mention the elk, moose, bears, beaver and other guests who often join us at the retreat."

Additional information and applications for Vote Smart internships are available on Vote Smart's website (www.votesmart.org), or call 1-888-VOTE-SMART and ask for Melanie Magnotto, our internship host and advisor.
