STATE UNIVERSITY OF NEW YORK AT NEW PALTZ
The State University of New York at New Paltz is located in New Paltz, NY, a dynamic college town just 90 minutes from metropolitan New York City and 60 minutes south of the state capital of Albany. Our 257-acre campus in the stunning Hudson River Valley is settled next to the nation’s oldest street. Our unsurpassed location offers not only an outstanding quality of life but also world-class connections.

Founded in 1828, New Paltz is the 99th oldest collegiate institution in the country. Rooted in our distinguished heritage is an intense spirit of imaginative inquiry. This spirit manifests as a creative environment of discovery that permeates campus. We provide one of the most open, diverse, and artistic places of higher learning in the nation and are committed to preparing our students to excel in the rapidly changing world of the 21st century.

New Paltz is a highly competitive, four-year college that delivers an extraordinary number of undergraduate majors in business, liberal arts, sciences, and engineering. We are particularly well known for our programs in fine and performing arts and education. Every program resonates with our fierce dedication to engagement through impassioned teaching. Students here develop close mentor relationships that help them succeed, and find the opportunities and encouragement to connect with the world in meaningful ways.

Our Graduate School serves as the region’s foremost graduate school in the Hudson Valley, offering exceptional programs in education, computer science, fine arts, engineering, business, and the liberal arts.

In keeping with the tradition of the nation’s great public universities, New Paltz is linked to the health and vitality of the region, state, and nation through the education of its citizens.

NEW! FIVE-YEAR MASTER’S PLAN
BACHELOR’S IN GEOLOGY + MASTER’S IN ADOLESCENCE EDUCATION

A DEGREE...AND AN EDUCATION®
SUNY New Paltz is unveiling a brand new program designed to help students accelerate to fulfilling careers in science and education. The Five-Year Master’s Plan is a pathway to earning two powerful credentials, a Bachelor of Arts degree and a Master of Arts in Teaching degree, in just five years.

The Five-Year Master’s Plan can help you develop a highly marketable and flexible skill set that will equip you to work in or out of the classroom, while saving you thousands on a full year of graduate tuition and fees.

We’ve developed this program in response to popular demand from students and parents who have called for a pathway to fulfilling jobs in education and science, and to school districts who report an increasing number of full-time job openings in STEM disciplines.

Graduation from the Five-Year Master’s Plan will empower you with options to choose the career you find most fulfilling, whether that means becoming a science teacher, working as a geologist, or going for your PhD.

Enrollment is now open for the Five-Year Master’s Plan beginning in fall 2016.

New York State requires students to maintain a 3.0 GPA and to take the GRE prior to entering the MAT program, and for completing all tests, workshops and procedures to merit teacher certification.
