State University of New York at New Paltz
School of Education
Department of Secondary Education:
Student Teaching Handbook

This handbook is for candidates registered for student teaching or planning to student teach in the Department of Secondary Education. Guidelines in this handbook apply to undergraduate and graduate students.

This handbook also provides important information for SUNY New Paltz clinical supervisors and school faculty.

Student Teaching Office

Dr. Margaret Veve, Coordinator of Student Teaching
vevem@newpaltz.edu, (845) 257-2823

Department Secretary

Dr. Mary Sawyer, English Coordinator
sawyerm@newpaltz.edu, (845) 257-3114
Our Conceptual Framework

The Professional Education Unit at SUNY New Paltz, which includes the Department of Secondary Education, has adopted a conceptual framework for its programs entitled “Preparing Caring, Critical and Reflective Professionals to Maximize Student Success.”

The framework identifies four dimensions that the unit strives to cultivate among its own faculty and staff as well as in the candidates it serves:

• Critical inquiry and intellectual development
• Professional skills and disposition
• Culturally responsive practice and social justice
• Democratic citizenship and student advocacy

Through coursework, field experiences, and clinical practice, School of Education/Professional Education Unit faculty, staff, and administrators aim to prepare caring, critical, and reflective professionals who are committed to:

**Critical inquiry and intellectual development:**
Candidates inquire and reflect critically on sociological, historical, and other aspects of educational practice and policy, engage in data-informed decision-making processes, demonstrate the ability to employ evidence-based practices, and continually develop disciplinary and pedagogical knowledge and skills oriented towards high-quality teaching and learning standards.

**Professional skills and disposition:** Candidates develop respectful relationships with students, families, communities and colleagues, practice an ethically informed philosophy, and participate effectively in institutional change.

**Culturally responsive practice and social justice:**
Education Candidates understand and apply practices that promote respect, inclusion and equity in teaching, learning, and student development based on social identity markers including, but not limited to, race, gender, class, sexual orientation, disability, language, religion, culture, national origin, epistemology, and family life.

**Democratic citizenship and student advocacy:**
Candidates respect education as a human right and a foundation to active inclusion and participation in public life, and aspire to be agents of change in response to persistent barriers to equal educational opportunity.
Preparing to Student Teach

Undergraduate Students
Undergraduates must have completed all requirements of their Plans of Study for both the School of Education and the College of Liberal Arts and Sciences by the beginning of the semester in which they plan to student teach. They also require the approval of the coordinator and chair and a:

- 2.5 overall GPA;
- 2.75 GPA in Pedagogical Core;
- 2.5 GPA in Content Core;
- B or better in Methods Course; and
- satisfactory Program Portfolio

Graduate Students
Candidates in the Master of Arts in Teaching (MAT) program must continue to meet all criteria of that program and have the approval of the program coordinator and chair. Full details of the MAT program criteria are available at: www.newpaltz.edu/secondaryed/sec_ed_mat.html.

Applications
Applications for student teaching placements and résumés must be completed and submitted to the Student Teaching Office one year prior to the anticipated Student Teaching semester. Information is available at the “Student Teachers” Blackboard site. This can be found in “My Community” of candidates’ Blackboard account.

Résumés
All candidates must prepare a résumé and submit it to http://newpaltz.erecruiting.com/er/security/login.jsp. For guidelines on preparing résumés, candidates should contact the Career Resource Center.

www.newpaltz.edu/careers/resume.html

Medical Clearance
All candidates must have medical clearance from Student Health Services (www.newpaltz.edu/healthcenter/clearances.html) by the last day of the semester preceding Student Teaching. They must also meet any medical requirements imposed by the school district (such as presenting evidence of a negative TB test).

Candidates with Disabilities
Candidates with disabilities who wish to request reasonable accommodations during student teaching under the ADA and Section 504 of the Rehabilitation Act must meet with the Disability Resource Center (DRC) (www.newpaltz.edu/drc/) on campus. After reviewing documentation, the DRC staff will determine reasonable accommodations. It is the candidate’s responsibility to bring the DRC’s written instructions on accommodations to the Student Teaching Office.

Placements
The College arranges all Student Teaching placements. Candidates may not take any steps to arrange their own placements with the exception of making a request to the Student Teaching Office. The College will not place candidates in districts in which their children attend school or in which a close family member works. Other restrictions may apply in accordance with varying district policies and decisions of the Secondary Education Department.

Candidates must:

- meet any GPA requirements of the district(s) in which they wish to student teach;
- pass an interview with the principal and cooperating teacher;
- be responsible for their own transportation and be prepared to commute up to 45 miles, one-way, to placements;
- have completed the three state-mandated workshops:
  - Recognizing and reporting symptoms of child abuse
  - Prevention of school violence (SAVE)
  - Dignity for All Students Act (DASA);
- be able to document fingerprinting clearance.

Each candidate will have one Adolescence Education student teaching experience in a High School and one in a Middle/ Jr. High School. At least one of these placements will be in a school district defined as “high needs” by the New York State Education Department. A list of such districts is available at www.emsc.nysed.gov/irts/school-accountability/home.shtml.
Legal Issues

While student teaching, candidates are protected by:

Section 3023 of the New York State Education Law. This section requires that each school district protect candidates from financial loss arising out of any claim, demand, suit or judgment by reason of alleged negligence or other act resulting in accidental bodily injury to any person. This protection applies only if the candidate was performing duties within the scope of the position of student teacher.

Section 3001, Subsection 2 of the New York State Education Law. This section states that a student teacher is legally permitted to student teach without the presence of the certified teacher in the classroom if the classroom certified teacher is available at all times and retains supervision of the student teacher.

The College does not allow student teachers to be used as paid or unpaid substitute teachers. They may, however, do student teaching under the supervision of a certified substitute teacher.

Sexual Harassment

Every person is entitled to a work and learning environment free from the devastating effects of sexual harassment. If any candidate encounters sexual harassment or inappropriate attention during student teaching, he or she should report the situation to the clinical supervisor or to the Student Teaching Office so that the placement can be changed.

Depending upon the circumstances, the candidate may also wish to report the incident to the Office of Student Affairs. Candidates need to keep complete, dated, contemporaneous notes on incidents of concern so that the College can take appropriate action to protect candidates’ right to learn and to student teach without harassment.

Child Abuse

Candidates are mandated reporters of suspected child abuse. All candidates are to keep complete, dated, contemporaneous notes on incidents or observations that raise concern.

The College expects that candidates will immediately report any concerns to the principal of the school involved. Making this report does not absolve a candidate of responsibility to file a Child Protective Services report, but it may bring about quicker action to protect the child.

If the concern is about a school faculty member’s behavior, candidates may ask their clinical supervisor to accompany them to meet with the principal.

Candidate Responsibilities

Expectations for candidates are outlined in the course syllabi. Additional expectations may be outlined as the placement progresses.

During student teaching placements, candidates follow public school calendars, not the College calendar. There are no authorized absences from student teaching on school days, including on College breaks. Candidates must notify both their school faculty member and their clinical supervisor if they will be absent because of illness. Candidates should expect to make up the days missed.

Candidates must observe the same hours that the school faculty do and should be prepared to attend parent conferences and staff meetings in the evenings or on conference days. Candidates are responsible for finding out how the school announces snow day closings and delays and should understand that scheduled school breaks may be shortened if excessive snow days are used.

College Seminars

Each program in the Department of Secondary Education holds seminars for teacher candidates. Attendance is required.
Clinical Supervisor Observations

Clinical supervisors make one introductory visit within the first two weeks of the placement and at least two observations for each student teaching placement. They may arrange observations ahead of time or arrive unannounced.

Clinical supervisors will give candidates written comments and suggestions after each observation. There is no special format for these comments and suggestions, but they should include specific suggestions for improvement.

Failure to Progress
If a candidate’s performance is poor and shows little potential for improvement, she or he should be informed and possibly removed from the placement. The candidate and the clinical supervisor should discuss the situation with the subject area coordinator and the Coordinator of Student Teaching.

If a school asks that a candidate be removed from a placement, the candidate should leave immediately, returning all school property and keys. The candidate and clinical supervisor will meet with the subject area coordinator, who will decide whether another placement is warranted. The subject area coordinator will confer with the coordinator of Student Teaching to determine if and when another placement may be identified.

If a clinical supervisor considers a placement unacceptable for any reason, the candidate will discuss the possible removal with the school administration and the subject area coordinator, who at his/her discretion will confer with the Coordinator of Student Teaching. If the candidate leaves the placement, the clinical supervisor and candidate will discuss the situation with the subject area coordinator, who will confer with the Coordinator of Student Teaching to determine quickly where another placement may be possible.

School Faculty Responsibilities

Day-to-day guidance and constructive criticism is invaluable for preparing students to take over full responsibility for two weeks of classes. Specific suggestions include:

- Give the candidate lesson plans or a plan book and past lesson plans and suggestions for each learning unit when possible.
- Give the candidate a copy of the faculty handbook and school calendar.
- Remain in the classroom to observe the candidate until the final weeks of the placement.
- Help candidates evaluate their teaching and learning activities in the classroom and provide appropriate feedback.
- Treat the candidate as a professional in front of classes, colleagues and parents.
- Include the candidate in parent conferences and staff meetings whenever possible.

The school faculty members have a right to expect professional behavior from candidates. Please discuss with the candidate (and clinical supervisor, if appropriate) any incidents of:

- lateness or excessive absence;
- difficulty in interpersonal relations;
- failure to observe safety procedures;
- lack of initiative;
- inappropriate dress or conduct; and
- negligence.

edTPA
Candidates are now required to pass the Educational Teacher Performance Assessment in order to earn certification. Please be prepared to work with the candidate to facilitate videotaping in your classroom.
Evaluations and Grades

Student Teaching is graded S (Satisfactory) or F (Fail). The clinical supervisor is responsible for assigning and reporting candidates’ grades in student teaching. Forms on which to report grades are available from the Student Teaching Office. Completed forms with candidates’ grades must be submitted to the subject area coordinator prior to the deadline for college faculty to submit grades for the semester (see College calendar). Grades may also be submitted by e-mail.

A candidate may have an “H” (Hold) entered for his/her grade, in case of illness or emergency, providing that the student’s work has been successful up to that point. Candidates are to make up any days missed.

Candidates are responsible for meeting all academic requirements, including written assignments, assigned by the College supervisor and the subject area coordinator.

Final evaluations (e.g. STIFA) are due within one week of the end of the placement and should be completed online at: my.newpaltz.edu. Observation summaries and related evaluation forms should be completed and sent to:

Student Teaching Office—OM 115
SUNY New Paltz
800 Hawk Drive
New Paltz, NY 12561-2442

FAX: (845) 257-2821

Candidates may ask the school faculty and College supervisors to complete a recommendation for employment. Candidates may collect the appropriate form at the Office of Career Advising.

Clinical Supervisor Travel Expenses and School Faculty Honoraria

Travel Vouchers
Clinical supervisors should complete and return a travel voucher and a statement of automobile travel at the end of each month, including all expenses for mileage, tolls, and parking. The State does not reimburse for lunches, postage, or telephone calls.

Honoraria and Tuition Waivers
School faculty should complete the Stipend/Waiver Election form to request a:

• stipend check for $200.00
or
• tuition voucher worth $250.00, which is redeemable at all SUNY state-operated campuses and will be valid for 25 months. If a teacher does not wish to use this voucher, it reverts to the chief administrative officer of the school system, who may then give it to another member of the professional staff in the school district.

SUNY administrative policy does not allow school faculty to use a voucher for another person’s tuition, to sell it, or to give it directly to another staff member.

The College processes all Election forms at the end of the semester. They should be sent to:

Student Teaching Office—OM 115
SUNY New Paltz
800 Hawk Drive
New Paltz, NY 12561-2442

Revised November 1, 2014
