The School of Education offers students holding a baccalaureate degree an opportunity to earn a childhood teaching certificate and a master’s degree in teaching. The typical candidate for the Master of Science in Teaching (MST) will hold a baccalaureate degree in one of the liberal arts or sciences* from an accredited college and will have a background in history, a foreign language, mathematics, English and science.

The program includes instruction in educational studies, developmentally appropriate practices, content pedagogy and research.

The program can be completed in 2 years (2 fall, 2 spring, 1 winter, and 1 summer), which includes one semester of full-time student teaching. Upon graduation, students will receive the Master of Science in Teaching degree and will have completed all academic requirements for initial teaching certification in New York State. Professional certification requires three years, or 540 full-time days, of successful teaching experience at the 1-6 grade level.

Admission Requirements
Candidates for admission to program need to:

- Hold a baccalaureate degree in an approved liberal arts or science area from a regionally accredited institution or have equivalent credit hours*
- Have earned an undergraduate grade point average of 3.0 or higher;
