About New Paltz

Mission Statement

Mission
In the proud tradition of SUNY, the State University of New York at New Paltz is committed to providing high quality, affordable education to students from all social and economic backgrounds. We are a faculty and campus community dedicated to the construction of a vibrant intellectual/creative public forum which reflects and celebrates the diversity of our society and encourages and supports active participation in scholarly and artistic activity. SUNY New Paltz is an active contributor to the schools, community institutions and economic/cultural life of our region. We are selective in admitting students who show promise of thriving in a learning environment which is challenging, student-centered, and personalized. Our goal is for students to gain knowledge, skills, and confidence to contribute as productive members of their communities and professions and active citizens in a democratic nation and a global society.

Identity
We are the only residential public university in the mid-Hudson region. We offer undergraduate and graduate programs in the liberal arts and sciences which serve as a core for professional programs in the fine and performing arts, education, health care, business, and engineering. Our location in the scenic Hudson Valley midway between the State Capital of Albany and metropolitan New York City provides unique opportunities for enriching our academic programs. We are a diverse faculty of distinguished scholars and artists who collaborate across the disciplines and professional areas to inspire our students to a love of learning, a meaningful engagement with the life of the mind, and an involvement in public service.

Campus-wide Goals We strive to carry out the above philosophy across the campus through:

- Faculty engagement in innovative pedagogy across all disciplines;
- Faculty-student collaboration in research, performance, scholarship, exhibitions and presentations, internships and fieldwork, community service, and international studies and practica;
- Capstone activities through which students can demonstrate expertise in a specialized area;
- Support for risk-taking and innovation in research and scholarly/creative activity;
- Writing intensive courses and seminars;
- Educational and clinical centers that provide professional development and services to the region;
- Library and information technology resources which support the curriculum, independent study, research, and information literacy;
Lectures, conferences, concerts, gallery shows, theatrical performances (as the largest cultural institution in the Hudson Valley), and other opportunities for lifelong learning;

Leadership opportunities for students in campus and community organizations and college governance;

A well-rounded program in residence life to support student social, emotional, recreational, and academic needs.

Educational Outcomes

**Intellectual:** Students are prepared to go on to graduate study or to enter their professional field of specialization through developing:

- Critical thinking, writing, analytical, mathematical, technological, and oral communication skills;
- In-depth exploration of at least one discipline;
- Experience using scientific methods and learning technologies appropriately and critically;
- Knowledge of and participation in the aesthetic experience and the creative process;
- Greater understanding and appreciation for the histories, races and cultures, religions, languages, and customs of our country and those of other nations;
- Knowledge of the rapidly changing political, economic, environmental, and social forces in our world.

**Civic/Personal:** Students develop the confidence and personal qualities necessary to take their place as citizens in our democracy through cultivating:

- High personal standards of honesty, integrity, and personal ethics;
- The capacity for self-reflection and empathy for others;
- Appreciation for the value of active citizenship and community service;
- Knowledge, interests, and activities that promote health, well-being, and personal responsibility.

**The Campus & History**

The State University of New York at New Paltz is an exciting blend of tradition and vision. At its educational core is the ever-present belief in the importance of a liberal arts education. This served as the guiding principle at the time the university was founded, in 1828, and continues to aid in the preparation of students for transition into the global community today. Equally important is the commitment to the growth of the student—intellectually, culturally, and socially. Throughout its history, New Paltz has led the way
in the development of significant innovations, not the least of which has been its
dedication to providing an international focus to all areas of its curriculum.

Between the founding of this school and the establishment of the present 216-acre
campus of the State University of New York at New Paltz, many historic changes took
place.

1828    School for teaching of classics founded
1833    The New Paltz Academy established
1885    State normal school established
1886    Normal school opened
1942    Normal school becomes State Teachers College at New Paltz; authorized to grant
        baccalaureate degree
1947    Graduate courses leading to master’s degree introduced
1948    State University of New York created by legislative action; The College at New
        Paltz joins 30 other institutions of higher learning
1951    New Paltz adds art education degree to its programs
1959    College’s name changed to College of Education
1960    Authorization for liberal arts program leading to Bachelor of Arts degree granted
1961    College renamed State University of New York College of Arts and Science New
        Paltz
1994    Campus renamed State University of New York at New Paltz

Today, the State University of New York at New Paltz has many more programs,
facilities, and students than the founders of the classics school could have foreseen in
1828. What has not changed in the course of the history of higher education at the State
University of New York at New Paltz is a strong commitment to the principle of
excellence in teaching and learning.

Descriptions of the buildings on campus can be accessed on our Campus Map website.
New Paltz does not print the Undergraduate Catalog; however, it is available in its entirety on this Web site and can also be downloaded as a complete, printable PDF file. During the academic year, minor course revisions (course number or description changes, for example) may be entered in the online catalog ONLY. Should there be discrepancies between the online and printable (PDF) catalogs for 2010-2011, the printable (PDF) catalog serves as the official version for the current academic year, as noted in the Disclaimer below.

Catalog Disclaimer

The State University of New York and the State University of New York at New Paltz reserve the right to alter the existing rules and regulations, academic programs and organizational structures within their respective jurisdictions. The student is expected to be governed by the information on programs, organizational structures, and rules and regulations published in the Catalog or subsequently altered therein. The Catalog is made available in online, interactive format and as a printable PDF. In the event that information in the online catalog differs from that in the printable catalog, the printable catalog shall prevail as the governing document for the current academic year.

Notwithstanding anything contained in this Catalog, the State University of New York at New Paltz expressly reserves the right, whenever it deems advisable, to (1) change or modify its schedule of tuition and fees, (2) withdraw, cancel, reschedule or modify any course, program of study, degree, or any requirement or policy in connection with the foregoing, and (3) change or modify any academic or other policy. It is the responsibility of each student to ascertain current information that pertains to the individual’s program, particularly with regard to satisfaction of degree requirements, through regular consultation with the student’s advisor, the student’s major department, the office of the student’s Dean, and other offices as appropriate (such as Records and Registration, Academic Advising, Financial Aid, etc.). In preparing this Catalog, efforts are made to provide pertinent and accurate information; however, the State University of New York at New Paltz assumes no liability for Catalog errors or omissions. Policies: Academic Appeals and Appeal Procedure

The Undergraduate Academic Appeals Committee is composed of seven faculty, five students, and a non-voting representative of the Provost’s Office. The committee has the responsibility for hearing student appeals of alleged violations of academic policy and making recommendations to the Provost. A student may file a formal, written appeal before the committee only after attempting to resolve the appeal with the appropriate faculty or administrative persons. A grade appeal must be filed no later than one calendar year after the recording of the grade being appealed.

Appeal Procedure

The appeal system, which deals with inequitable application of academic policy, affords recourse to a student who has evidence, or believes that evidence exists, to show that an inappropriate grade has been assigned or other inappropriate formal academic action has been taken. For example, this may be a result of (a) mechanical error, (b) discrimination, (c) a violation of published academic policy, (d) allegation of academic dishonesty, or (e) error in judging the quality of the student’s work.

The following steps should be taken to initiate and process a grade appeal. Other kinds of academic appeals, involving the application of academic policy, must begin with the official whose decision the student is disputing. Whatever the nature of the case, it is imperative that the individual student recognizes the responsibility for taking the initiative in the appeal and for processing the appeal through each step of the procedure. It is the student’s choice whether or not to proceed to each step of the procedure.

**Step 1** - The student must consult with the instructor concerning the problem. If a satisfactory resolution of the problem is not achieved and the student wishes to go to Step 2, the student must request a signed and dated acknowledgement of the consultation from the instructor. A handwritten note is sufficient.

**Step 2** - The student must consult with the chair of the department offering the course or director of the office administering the policy. If a satisfactory resolution of the problem does not result from this consultation and the student wishes to go to Step 3, the student must request a signed and dated acknowledgement of the consultation from the chair. A handwritten note is sufficient.

**Step 3** - The student must go to the Dean of the School or College offering the course, or initiating the policy, and arrange a meeting with the academic Dean. If no satisfactory resolution is achieved after consultation with the academic Dean, the student may initiate Step 4.

**Step 4** - The student should forward to the Undergraduate Academic Appeals Committee an explanatory cover letter and any pertinent documents in the student’s possession.
Step 5 - The Academic Appeals Committee will review the material submitted by the student and will ordinarily request from the Dean additional relevant material available to the academic Dean. After due consideration of the issues, the committee will decide whether further action is justified and the nature of such action. The committee at this step may request a consultation with the student; consultation should not be considered routine. If the committee decides that no further action is justified, it will so inform the student in writing.

If the Academic Appeals Committee deems that action other than denial of the appeal is justified, it may request consultations with any of the individuals involved in the appeal or may request any other information needed for clarification of the issues.

Step 6 - The Academic Appeals Committee will recommend to the Provost such action, as it deems appropriate to resolve the appeal. A copy of this recommendation will be forwarded to the student.

Step 7 - The Provost will have the ultimate authority in rendering a judgment in cases presented to him or her through the above process. The Provost may consult with whoever may be of assistance in arriving at a judicious decision. The Provost will inform the student in writing of the decision.

Students who have graduated must notify the Associate Registrar within one year of the official date of their graduation of any errors or pending changes in their academic record. Such changes must be in process by the time of this notification.
Policies: Academic Integrity

Academic Policies and Procedures » Academic Integrity

Students are expected to maintain the highest standards of honesty in their college work. Cheating, forgery, and plagiarism are serious offenses, and students found guilty of any form of academic dishonesty are subject to disciplinary action.

**Cheating** is defined as giving or obtaining information by improper means in meeting any academic requirements. The use for academic credit of the same work in more than one course without knowledge or consent of the instructor(s) is a form of cheating and is a serious violation of academic integrity.

** Forgery** is defined as the alteration of college forms, documents, or records, or the signing of such forms or documents by someone other than the proper designee.

**Plagiarism** is the representation, intentional or unintentional, of someone else’s words or ideas as one’s own. Since words in print are the property of an author or publisher, plagiarizing is a form of larceny punishable by fine. When using another person’s words in a paper, students must place them within quotation marks or clearly set them off in the text and give them appropriate footnoting. When students use only the ideas and change the words, they must clearly identify the source of the ideas. Plagiarism, whether intentional or unintentional, is a violation of the property rights of the author plagiarized and of the implied assurance by the students when they hand in work that the work is their own.

Faculty members are responsible for making the initial determination of the academic penalty to be imposed in cases of cheating, plagiarism, or forgery and for informing the department chair, the dean and the student in writing of the alleged violation and proposed penalty. The academic penalty may range, for instance, from a reprimand accompanied by guidance about how to avoid plagiarism in the future to failure for the course. The academic dean may request that the Dean of Students send a follow-up letter to the student indicating that they have also been notified of the academic integrity violation and that subsequent violations will lead to judicial action.

If a student has any question about what constitutes a violation of academic integrity, it is that student’s responsibility to clarify the matter by conferring with the instructor and to seek out other resources available on the campus. The link regarding plagiarism on the Sojourner Truth Library’s website is an excellent beginning, [http://lib.newpaltz.edu/assistance/plag.html](http://lib.newpaltz.edu/assistance/plag.html).
Policies: Academic Probation and Dismissal

Students whose cumulative grade point average (GPA) falls below a 2.0 are subject to dismissal from the college. The Academic Standing Committee reviews these cases at the end of each semester, excluding summer, and decides whether to allow a student to continue on probation or whether to dismiss. A semester of probation prior to dismissal is not guaranteed. The current guidelines for dismissal are as follows:

- First semester transfer students receiving a GPA less than 1.5 will be dismissed.
- First semester freshmen who do not participate in the Freshman Success Program, or are granted an administrative leave, will be dismissed.
- Any second semester student with both semesters less than 2.0 will be dismissed.
- Any student returning from a dismissal (either because an appeal was granted or by readmission) whose semester GPA is less than 2.5 will be dismissed.
- Any student the Committee deems is not making adequate progress towards the degree will be dismissed.

Students whose semester GPA falls below a 2.0 are also subject to academic review, even when their cumulative GPAs remain at or above a 2.0. The following guidelines apply:

- Students whose semester GPA falls below a 2.0 for one semester will receive an academic warning;
- Students whose semester GPA falls below a 2.0 for two consecutive semesters will be placed on academic probation;
- Students whose semester GPA falls below a 2.0 for three consecutive semesters will be subject to dismissal from the college. The Committee on Academic Standing may grant an additional semester of probation prior to dismissal on a case-by-case basis;
- Students whose semester GPA falls below a 2.0 for a fourth consecutive semester will be dismissed.

A student who has been academically dismissed for the first time may appeal the dismissal. Appeals must be in writing to the Academic Standing Committee. Details regarding the appeals process, including deadlines, will be stated in the dismissal letter. If the student’s appeal is granted, the student will be reinstated on probation for the semester following the dismissal. If a student does not appeal, or the appeal is denied, the student must sit out for two full semesters before being allowed to return. Summer sessions are not considered full semesters in this calculation; therefore students will be required to remain out for fall, spring and summer. Students who have been dismissed a second time have no right of appeal and will not be allowed to reapply to New Paltz.
Notations regarding academic warning, probation, dismissal and reinstatement after dismissal will be noted on all transcripts.

Letter grades, quality points, and academic averages earned elsewhere are not transferable. Only the GPA earned in work taken at New Paltz is used to determine probation, dismissal, and eligibility for graduation.

Students who are allowed to continue at the college on PROBATION are required to do the following:

- meet with their advisor to review the past semesters difficulties and plan a strategy for improvement;
- submit a letter to the Academic Standing Committee, counter-signed by the student’s advisor, detailing the difficulties and the strategy for improvement;
- register for no more than 15-16 credits (approx. five courses). The advisor may recommend a lighter workload;
- earn a semester GPA of at least 2.5 every semester until the cumulative GPA is above a 2.0;
- students on semester GPA probation must earn a 2.0 GPA for the semester.

Students on probation may be restricted from participating in certain College activities, such as athletics, resident assistantships, etc. Students should consult the organization in question regarding its policy on participation. The Academic Standing Committee has the right to impose additional restrictions.

Students who are academically dismissed and who are subsequently readmitted will be required to meet the college-wide requirements in force at the time of readmission. Students academically dismissed from the College are also dismissed from their major(s). Upon readmission, students must re-declare their majors and must meet the major requirements in effect at that time.

Special Note to EOP Students: Students who are admitted under the Educational Opportunity Program will be reviewed by the EOP Committee on Academic Standing. EOP students are subject to additional regulations relating to academic probation and dismissal. These regulations are outlined in the EOP Student Agreement Form, which EOP participants sign during their orientation sessions.

READMISSION to NEW PALTZ for Academically Dismissed Students

For details about the readmission policy, please see http://www.newpaltz.edu/ugc/policies_readmission.html.

The readmission process is for former students who have been withdrawn or dismissed from New Paltz. Prior enrollment at New Paltz does not constitute automatic readmission to the College. Each application will be evaluated according to the admission criteria in place at the time of the readmission application.
To be considered for readmission, it is required that academically dismissed students successfully complete at least 15 credits of academic course work at another institution, with at least a 2.75 GPA.

Students who have been academically dismissed may only apply for a semester that is at least one full year since their dismissal.

Students who have been academically dismissed twice are not eligible for readmission.

Readmission to New Paltz does not necessarily guarantee clearance for enrollment and registration, financial aid, or student health services. These clearances are based on criteria other than your academic standing, including but not limited to open accounts, proof of immunization, or other unresolved business with the college.

**Readmission Application Deadlines**
All required documents must be received in Office of Undergraduate Admission by these dates:

- Fall Semester – April 1*
- Spring Semester – November 1*
- There is no summer readmission.

* The College reserves the right to close admission earlier than these dates without prior notice.

Policy reflects revisions adopted March 2009.
Policies: Access to Educational Records

Academic Policies and Procedures » Access to Educational Records

Privacy Rights
SUNY New Paltz’s policy regarding the rights of privacy for students and their parents is guided by the Family Education Right and Privacy Act (FERPA). It limits access to individual students’ records to:

1. Presently or formerly enrolled students who may see their own records.
2. Selected College and government officials who need to know the information contained in a record in order to carry out their professional duties.

One exception to this is directory information. SUNY New Paltz may disclose directory information unless a student has restricted the release of this information. Directory information is information contained in an education record of a student typically released by colleges and universities nationwide. It includes, but is not limited to: name, mailing address, e-mail address, major dates of attendance, and degrees and awards received.

Currently enrolled students may withhold disclosure of directory information under FERPA. To withhold disclosure, students must login to my.newpaltz.edu and select “My.Directory Listing” from the menu under “My.Personal Records.” Students who opt to prevent disclosure of directory information should carefully consider the consequences of any decision made to withhold directory information. If a student opts out, the college will not release any information to non-institutional persons or organizations, including requests for verifications of attendance for insurance, employment or any other reason, without the express consent of the student.

Details regarding this policy can be found at www.newpaltz.edu/ferpa.
Policies: Advanced Placement

The Advanced Placement program is administered by The College Board. The program consists of a series of college-level courses taught in selected high schools throughout the country. All are full-year courses, which culminate in the administration of a nationwide Advanced Placement Examination. Quality and standards are established by college faculty who serve as consultants in each program. The State University of New York’s policy requires that a student achieving a score of 3, 4 or 5 on any Advanced Placement Test receive credit at its institutions.

If a student desires to take a course for which A.P. credit has been granted he/she may do so but will lose the A.P. credit that might have been given.

The following Advanced Placement subjects have been assigned equivalency at New Paltz:

Art History
For a score of 3, 4 or 5 in A.P. Art History, a student will be given 3 credits in Art of the Western World I (ARH201) and 3 credits in Art of the Western World II (ARH202).

Art Studio
For a score of 3, 4 or 5 a student will be given six elective credits in Art Studio (ARS193). Three credits of ARS193 will satisfy GE ART. At the discretion of the Art Studio Chair, all six may be applied to the studio elective requirement for Art Studio and/or Visual Art Education majors.

Biology
For a score of 3, the student receives 3 elective credits in Biology (BIO293). For a 4 or 5 in A.P. Biology, a student will be given 4 credits in General Biology I (BIO201).

Chemistry
For a score of 3, the student receives 3 elective credits in Chemistry (CHE293). For a score of 4 the student receives 4 credits in General Chemistry I (CHE201). For a score of 5 the student receives 4 credits in General Chemistry I (CHE201) and 4 credits in General Chemistry II (CHE202). Students whose degree programs require General Chemistry should contact the Chemistry Chair as soon as possible.

Comparative Government and Politics
For a score of 3 the student receives 3 elective credits in Political Science (POL293). For a score of 4 or 5 the student receives 4 credits for Intro to Comparative Politics (POL229). Elective credits in Political Science not taken at SUNY New Paltz may or may not be counted for credit in the POL Sci major or minor. Determination of credit towards the major or minor is at the discretion of the chair.
Computer Science
For a score of 3, 4 or 5 the student receives 4 credits, to be recorded as CPS210 (Foundations). The student may register for CPS310 (Data Structures).

English
For a score of 3 in A.P. English Language and Composition, a student will be given 3 elective credits in English (ENG193). For a score of 3 on AP English Literature and Composition, a student will be given 3 elective credits in English (ENG293). For a score of 4 or 5 in A.P. English Language and Composition or English Literature and Composition a student will receive 3 credits in Composition I (ENG160). Students who take both exams and earn scores of 4 or 5 on both should contact the office of Admissions to receive credit for ENG193 or ENG293 for the second exam.

European History
For a score of 3 in A.P. European History, a student will receive 4 credits for Modern Europe (HIS214). For a score of 4 or 5, a student will receive seven credits, 4 for HIS214 and 3 for Twentieth Century Europe (HIS353).

Environmental Science
For a score of 3 in A.P. Environmental Science, the student receives 4 credits in Weather and Environment (GLG120). For a score of 4 or 5 the student receives 4 credits in Weather or Environment (GIG120) and 4 credits in Environmental Geology (GLG205). Students whose degree programs require these courses should contact the Geology chair as soon as possible.

Foreign Language
AP Language 3 or 4: three (3) credits for Composition/Conversation I in all languages; currently French, German, Italian, Japanese and Spanish; in most cases 301.

AP Language 5: six (6) credits for Comp/Conv I and II for all languages: FRN 301/302; German 311/312; Spanish 301/361. Italian and Japanese 301 and 393.

AP Literature 3, 4, 5: French exams yields four (4) credits for French 313. Spanish exams yields four (4) credits, but student must consult with Chair of DFL to assign credits to 375 (if course predominately Peninsular lit), or 376 (if predominately Latin American lit.).

Geography
For a score of 3, 4 or 5 on the AP Geography Exam, the student receives 3 credits in Environment and Culture (GEO274).

Microeconomics
For a score of 3, 4 or 5 in A.P. Microeconomics a student will receive 3 credits for Microeconomics (ECO206) and has met this requirement for the major.
Macroeconomics
For a score of 3, 4 or 5 in A.P. Macroeconomics a student will receive 3 credits for Macroeconomics (ECO207) and has met this requirement for the major.

Mathematics
For a score of 3 on the AB form of the Mathematics-Calculus examination, the student receives 4 credits, to be recorded as MAT181 (Pre-Calculus). For a score of 4 or 5, the student receives 4 credits for MAT251 (Calculus I). For the BC Form, a score of 3 yields 4 credits for MAT251 (by advisement a student may register for Calculus II); a score of 4 or 5 yields 8 credits for MAT251 and MAT252 (Calculus I and II).

Music Theory
Any student requesting credit for AP Music Theory is required to take the Music Department’s theory placement test. If the student places into Theory 2 he/she would receive three credits for Theory 1.

Physics
For a score of 3 or 4 the student receives 3 elective credits in Physics (PHY293).

For a score 5 in A.P. Physics B, the student will receive 4 credits for Fundamentals of Physics I (PHY221) and 4 credits for Fundamentals of Physics II (PHY222).

For a score of 5 in Physics C (Mechanics) the student receives 4 credits for General Physics I (PHY201).

For a score of 5 in Physics C (Electricity and Magnetism) the student receives 4 credits for General Physics II (PHY204).

Psychology
For a score of 3, 4 or 5 in A.P Psychology, a student will receive 3 credits for General Psychology (PSY272) and has met this requirement for the major.

Statistics
For a score of 3, 4 or 5 in A.P. Statistics, a student will be given 3 credits in Introductory Statistics (MAT241).

Elective credits in Political Science not taken at SUNY New Paltz may or may not be counted for credit in the POL Sci major or minor. Determination of credit towards the major or minor is at the discretion of the chair.

United States History
For a score of 3 in A.P. United States History, a student will receive 4 credits in either
U.S. History to 1865 (HIS221) or U.S. History Since 1865 (HIS222). For a score of 4 or 5, a student will receive 4 credits for HIS221 and 4 credits for HIS222.

**World History**
For a score of 3 or higher in AP World History a student will earn 4 credits in Ancient World (HIS200).

**Note:** Students who receive a 3 or better on an AP exam not included in the above list, should see the chair of the relevant department for credit and course equivalents.
Policies: Affirmative Action/Equal Opportunity

Academic Policies and Procedures » Affirmative Action/Equal Opportunity

SUNY New Paltz supports Affirmative Action and Equal Opportunity and does not discriminate against individuals or groups on the basis of race, sex, age, national origin, religion, disability, veteran status, marital status, or sexual orientation in education or employment, or in any of its policies of programs. All actions toward employees and students are based upon performance related criteria. Attitudes and preferences of individuals which are personal in nature and unrelated to performance, such as private expressions of sexual orientation, provide no basis for judgments related to individuals. Further, SUNY New Paltz will not tolerate sexual harassment of employees or students. Any person alleging discrimination should contact the Affirmative Action Office at 257-3170.
Policies: Black Solidarity Day

Academic Policies and Procedures » Black Solidarity

Whereas Black Solidarity Day is a national event that has taken place since 1969, and
Whereas Black Solidarity Day has been celebrated at SUNY New Paltz since 1971, and
Whereas approximately three hundred students participate in Black Solidarity Day each
year, and Whereas this event is always the first Monday in November, therefore, Be it
resolved that it is required that no tests, quizzes, or graded material of any kind should be
issued or due on Black Solidarity Day, and that students who are participating in Black
Solidarity Day should notify their professors beforehand, and that these students will not
be held accountable for absence on Black Solidarity Day.
Policies: Changes

Recent Academic Policy Changes and Clarifications

Course Time Limitation

If an undergraduate has been gone for more than seven years, all of the completed courses may not be honored. Exceptions to this may be made at the discretion of the appropriate academic dean, in consultation with the department chair.

Adopted: Council of Deans, March 2009

Degree Time Limitation

Students matriculated in a bachelor's degree program at the College who fail to maintain enrollment for two consecutive semesters are administratively withdrawn from the College, unless they have been granted a Leave of Absence. Students who are administratively withdrawn must apply for readmission before they will be permitted to resume their studies.

- If the standards of admission in effect at the time of application for readmission are met, and the student has not been separated from the College for more than three years (six consecutive semesters), the student may be admitted to the degree program in effect at the time of their separation from the College.
- If more than three years (six semesters) have passed since the student's last date of attendance at the College, the student is responsible for all New Paltz, SUNY, and degree requirements in effect at the time of readmission. Exceptions to this may be made at the discretion of the appropriate academic dean.

Adopted: Council of Deans, March 2009
Policies: Class Attendance

Academic Policies and Procedures » Class Attendance

Attendance is expected at all classroom sessions. The taking of attendance and attendance requirements, such as the number of allowed absences in a course, are at the discretion of the individual instructor. Each student is responsible for all work presented in the classroom sessions of each course for which the student is registered. Students who absent themselves from class, therefore, do so at their own risk, and in determining a student’s grade, the instructor may consider absences.
Policies: Class Cancellations and Delays (due to inclement weather or other emergency)

Academic Policies and Procedures » University Policy on Class Cancellations and Delays (DUE TO INCLEMENT WEATHER OR OTHER EMERGENCY)

Classes will be cancelled or delayed only under extreme circumstances. A decision will be made and announced as early as possible;

- By 7 a.m. for day classes and offices
- By 2 p.m. for evening classes

Announcements will be recorded on the 257-INFO line, posted on www.newpaltz.edu and provided to area radio stations.

A delay in the start of classes represents a cancellation of classes prior to the delayed start. For example, a delay to start classes at 10:30 means that classes beginning before 10:30 are cancelled and students should consult instructors about any make-up arrangements.

If inclement weather forces cancellations or delays during the final examination period, the affected exams will be rescheduled at the end of the period. Residence Life and Food Service will adjust their schedules to support students remaining on campus for the rescheduled exams.
Policies: College Level Exam Program (CLEP)

Academic Policies and Procedures » College Level Exam Program (CLEP)

CLEP exams are offered by the College Board at test centers around the country. There are tests in many subject matter areas, but they are not connected to any preparatory course. Preparation for the tests is accomplished through independent study of texts and resources recommended by the Board. The College’s minimum satisfactory scores in subject tests are listed below (New Paltz does not honor the CLEP General Exams). Achievement of the minimum score will result in transcript credit for the equivalent course at New Paltz. CLEP tests may be taken at any time, except for the Freshman Composition test, which must be taken prior to enrollment as a regularly admitted student. The acceptable scores for the CLEP examinations change over time. To learn more about the tests contact CLEP at 609-771-7865 or via the website, www.collegeboard.org/clep. New Paltz is no longer a test center. The following are the test centers closest to New Paltz.

*Notes for use of CLEP in meeting Freshman English requirements.*

1. A satisfactory essay, as evaluated by the New Paltz English department, (plus qualifying score) will result in 3 credits for ENG160, Composition I. Outstanding essays will result in 3 additional credits for ENG180, Composition II.
2. Subject exam entitled College Composition is the only acceptable exam. The CLEP General exams in English Composition are not acceptable.
3. Credits from Freshman College Composition Exam may only be earned prior to initial enrollment at New Paltz.
4. Students who have completed Composition I (ENG160) with a grade of A or A- may elect to take the CLEP Freshman College Composition Exam with Essay for credit in Composition II (ENG180). Credit for Composition II will be awarded if the score is 59 or above and the essay is outstanding.

1. Credits awarded for the courses shown may be applied as prerequisites to the next higher course
Policies: Credit by Exam

Academic Policies and Procedures » Policies on Credit by Exam

SUNY New Paltz offers its students opportunities to receive credit for college-level learning gained in advanced high school courses or independent reading and study.

Credits earned by examination are generally specific equivalent credits. That is, they represent the successful completion of a New Paltz college course as defined in the policies regarding the Advanced Placement Program, the International Baccalaureate Program and the College Level Examination Program. A maximum of 30 credits may be earned this way.

The following general regulations apply:

- A student cannot take an examination that corresponds to, or stands as an equivalent to, or is at a level below a course in which he or she is enrolled or has already earned credit.
- Credit earned by examination may not be applied to the total residency credits required (30). The last 15 credits in residence portion of the requirement is waived for credit by exam.
Policies: Dean’s List

Academic Policies and Procedures » Dean’s List

Placement on the Dean’s List in any semester is reserved for full-time students who complete 12 or more credits with a semester grade point average of 3.30 or higher, and who have no incomplete, repeat, or failing grades for that semester.
Policies: Developmental/Remedial Courses

Academic Policies and Procedures » Developmental/Remedial Courses

Developmental or remedial courses are basic skills courses taught by the Center for Academic Development and Learning, the Mathematics Department and the Haggerty English Language Program. Developmental or remedial courses offered by the College do not carry academic credit. Therefore, they do not count toward the total degree credits required for graduation; nor do they count toward class standing. They are, however, part of a student’s semester workload and will be counted toward eligibility for full-time status. Grades earned in developmental or remedial courses reflect the evaluation of the student’s performance in the course. These grades, however, are not computed in either the semester grade point average or the cumulative grade point average. A specific level of performance indicated by grades in such courses may be used as a prerequisite for higher level courses or for demonstration of proficiency.
Policies: Dropping, Adding, or Withdrawing from Courses

Academic Policies and Procedures » Dropping, Adding, or Withdrawing from Courses

DROPPING, ADDING, or WITHDRAWING FROM COURSES are often sensible steps to take. However, because these actions can affect your progress toward degree, your student status, your financial aid eligibility and a host of other factors, you should always consult with your advisor and other relevant student services offices, before making a change to your schedule.

Dropping or adding courses until the end of the course change period is relatively easy. Specific dates are published in each semester’s Academic Calendar, but the official course change period is scheduled for the first five days of classes and may be done in person at Records/Registration or online. Dropping or adding a course does not require the written approval of the student’s faculty advisor, although first semester students need to consult with Academic Advising. Courses may be added, provided that space is available in the classes, as determined by registration information. Students are responsible for printing a copy of their new course schedule to confirm the changes were made.

Students may withdraw from a course for any reason up to approximately two weeks after the mid-point of the semester. Specific dates are published in the Academic Calendar. A course withdrawal form, available in the Records/Registration Office, must be submitted to that office no later than 4 p.m. on the day designated in the Calendar. Undergraduates wishing to withdraw from a course must obtain the signature of the instructor of the course who will certify the last date of the student’s attendance, as well as the signature of their academic advisor. Students should consult with Student Accounts regarding tuition liability and aid considerations. Withdrawal forms submitted with unauthorized signatures will not be processed and may result in an “F” grade for the course and college disciplinary action. There is a $15.00 fee for each course withdrawal processed. Students are responsible for printing a copy of their new course schedule to confirm the changes were made. Students may not drop or withdraw from English Composition 1 or 2 or the equivalent or the Key Issues course.

No record of course enrollment will appear on the transcript if a course is dropped during the official course change period. After that, a grade of “W” will be recorded for approved withdrawals from courses. A student who stops attending class without following the above procedures will receive a grade of “F” in the course.

Withdrawal from a course after the deadline is rarely permitted, and only for compelling professionally certified non-academic reasons such as unforeseen medical or financial problems. Requests for retroactive course withdrawals must be filed not later than one
calendar year after the end of the semester or summer session in which the course was taken. This process requires approval of the academic Dean under whose jurisdiction the course is offered.

The college reserves the right to require that courses taken beyond the number required for a degree (120 credits for all but a few specific majors such as engineering) be those required for a student to graduate. Withdrawals from courses at this point will not be allowed.
Policies: Fieldwork and Independent Study

Academic Policies and Procedures » Fieldwork and Independent Study

Fieldwork courses are approved experiences by individual academic departments to enable students to enrich their academic program with applied work in their field of study. Independent study requires a student to pursue in-depth a particular area of interest not covered in the regular curriculum. A student may not register for fieldwork or independent study after the third week of the semester. Both fieldwork and independent study projects require the written approval of the faculty sponsor, the departmental chair, and the dean of the appropriate college or school. Each college or school issues its own guidelines and the student should obtain these guidelines from the appropriate dean’s office.
Policies: Grade Point Average (GPA)

Academic Policies and Procedures » Grade Point Average (GPA)

Semester and cumulative grade point averages (GPA), which are the basis for assessing students’ academic standing and eligibility to graduate, are derived as follows. Each credit graded “A” through “F” is given a corresponding numerical value called “quality points.” The following chart shows the quality points earned by one credit:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
</tr>
<tr>
<td>A-</td>

</tr>
<tr>

<tr>

<td>0.00</td>
</tr>
</tbody>
</table>

Grade point averages are determined by dividing the credits graded “A” through “F” into the number of quality points those credits earned. The semester GPA includes just the credit and quality points of that semester. The cumulative GPA is based upon the totals for all semesters and summer sessions at New Paltz. Both computations exclude credits graded “S”, “S*” (Satisfactory), “R” (Repeat), “U”, “U*” (Unsatisfactory), and “P” (Pass). Credits and quality points earned at other institutions are also excluded. New Paltz grade point averages reflect only the averages earned in courses taken in residence at New Paltz.

The following is an example of a GPA calculation for a first semester student:

**Composition 1**  
3 credits, B+ = 9.99 total quality points (3 credits X 3.33 quality points)

**College Algebra**  
3 credits, C- = 5.01 total quality points (3 credits X 1.67 quality points)

**Modern World**  
4 credits, A = 16 total quality points (4 credits X 4.00 quality points)

**Biology 1**  
4 credits, D = 4 total quality points (4 credits X 1.00 quality points)

**Piano 1**  
2 credits, A = 8 total quality points (2 credits X 4 quality points)

TOTAL CREDITS FOR SEMESTER = 16  
TOTAL QUALITY POINTS FOR SEMESTER = 43  
SEMESTER GPA = 2.68 (43/16)
One strategy in raising a GPA is to repeat courses in which a low grade was earned. For instance, in the above example, the student might consider retaking Biology 1. If the student earned a higher grade the second time, that grade would replace the prior grade in the cumulative GPA (see section on Replace Grading Policy in Handbook for details). If the above student pursued that strategy and received a C+, the student would receive 5.32 additional quality points (the difference between a 4 credit “D” and a 4 credit “C+.” This strategy should only be pursued, however, if the student thinks she can significantly improve the grade in the course. The GPA Projection Tool, located at my.newpaltz.edu, under MyTools, can help you determine what grades you need to earn to attain a certain GPA. Students may also contact the Office of Academic Advising to discuss GPA projection.
Policies: Graduation with Honors

Academic Policies and Procedures » Graduation with Honors

SUNY/New Paltz recognizes outstanding achievement of its graduates by awarding certain degrees with distinction. To be eligible for graduation with Latin Honors, a student must have completed a minimum of 30 credits in residence at New Paltz and have attained a New Paltz cumulative average of 3.30 or higher. If these criteria are met, the grades in all college work done elsewhere, including courses which were not transferred, are calculated into the student’s New Paltz average. The revised average is the basis for granting Latin Honors.

Students who have returned to college after an absence of five or more years, and whose previous academic work disqualifies them for Latin Honors, may be eligible for “qualified” Latin Honors. In calculating their honors average, the academic work before their absence may be ignored if they have earned a 3.30 average in at least 60 credits since their absence including 3.30 in 30 or more New Paltz credits. Credits earned by examination will not be included in the 60 credit minimum.

Both Latin Honors and “qualified” Latin Honors are based upon the following averages as calculated according to the methods described above:

- 3.30-3.59-cum laude
- 3.60-3.79-magna cum laude
- 3.80 and above-summa cum laude

Students who are members of the College Honors program and fulfill its requirements for honors graduation, will have the phrase “Graduated with College Honors” noted on their transcripts. Some academic departments also grant “Departmental Honors” to their outstanding graduates. Students who receive this honor shall have it noted on their official transcripts.
Policies: Incomplete Grades

Academic Policies and Procedures » Grades of Incomplete

A grade of Incomplete (“I”) is awarded at the discretion of the instructor and by request of the student and only when the student has successfully completed at least three-quarters of the required work for a course. College policy states that a grade of Incomplete may only be granted when a personal emergency prevents a student from completing the work. It should be kept in mind that having obligations to make up a grade of Incomplete while carrying a full load of new courses can be almost like carrying an extra course. There are good and legitimate reasons for students to ask for and for faculty members to grant Incomplete grades, but the requests should be considered carefully by all involved.

The maximum time a faculty member may allow for completing the necessary work is the mid-point of the following semester. (Details about a one-semester extension beyond the deadline are described below.) The faculty member may require that the work be completed in a shorter time period. Students should discuss with the instructor exactly what work remains to be completed and, if possible, have this agreement in writing. This will protect the student in case the instructor is not on campus the following semester.

Students should not register again for the same course. The instructor must submit an earned make-up grade change signaling the completion of the agreed upon work by the stated deadline in the Academic Calendar or the student’s grade will automatically change to an “F” if the student is registered for that semester.

At the student’s request, the instructor has the discretion to extend the deadline for completion by one additional semester. The extension form must be submitted to the Records Office before the mid-point of the semester in which the work was originally due. Failure to complete the work by the new deadline (mid-point of the following semester) will result in the student’s grade automatically changing to an “F” if the student is registered for courses that semester, unless the instructor submits a grade change form by the stated deadline in the Academic Calendar. No further grade changes or extensions will be permitted.

In sum, work for an incomplete must be completed by the mid-point of the following semester unless the instructor has granted an extension. No extension shall be granted past the mid-point of the second semester. Summer sessions are not counted for this purpose. For example, should a student request an incomplete for a fall semester course, work for that course should be completed by the mid-point of the following spring semester. Should the student ask for and receive an extension for the incomplete work, NO work or grade changes would be accepted past the mid-point of the following fall semester.
Students who do not register for two consecutive semesters after the semester or summer session in which the incomplete was granted will have the incomplete converted into a permanent incomplete during the mid-point of the second semester if the course is not completed or the instructor does not change the grade by that date. A permanent incomplete can never be changed, but students may graduate with such a grade on their record.

Reflects policy changes effective 11/1/06.
Policies: International Baccalaureate

Academic Policies and Procedures » International Baccalaureate

The International Baccalaureate Diploma Programme is a rigorous pre-university course of studies, leading to examinations. Designed as a comprehensive two-year curriculum that allows its graduates to fulfill requirements of various national education systems, the diploma model is based on the pattern of no single country but incorporates the best elements of several. Students must have a grade of five or higher in the Standard or Higher level courses to be awarded the credit as outlined below. Credit can only be awarded when an official score report has been received.

Policies: Leave of Absence

Academic Policies and Procedures » Leave of Absence

Leave of absence is permission to be away from the college temporarily, whether it is for medical, financial or personal reasons, including study at another educational institution. Students must file a Leave of Absence form with the Office of Academic Advising, which will process the request. Students may be on leave for up to two consecutive semesters. Students who are on medical or psychological leave must submit appropriate documentation before being allowed to return or register. Students who do not return in the semester they indicated will be automatically withdrawn from the college and will need to apply for readmission if they wish to return. Students who plan to take courses elsewhere during their leave must have their selections approved prior to leaving. The Office of Academic Advising has the necessary Transfer Credit Evaluation forms.
Policies: Major/Minor Declaration and Related Procedures

Academic Policies and Procedures » Major and Minor Declaration

Each department at New Paltz sets its own policies for major declaration, including minimum credit thresholds, GPA minimums, prerequisite coursework, etc. While some students may be admitted directly into majors as freshmen, most students will complete at least three semesters before selecting and declaring a major. The process of major declaration involves meeting with someone in the major department (often the chair), receiving a major plan of study, completing the major declaration form, and being assigned an advisor in the major department. Transfer credits may be applied to major requirements; however, one half of the major must be completed at New Paltz. Students will be expected to fulfill the major requirements that are in effect at the time they officially declare or redeclare (in the case of academic dismissal or removal from the major). Completing the process in a timely fashion is, therefore, important.

Students who have 75 or more credits in progress will not be permitted to register for additional credits unless they have a declared major. A pre-major is not valid after 75 credits are completed. New York State residents with 60 or more credits will not be eligible for New York’s Tuition Assistance Plan (TAP) until the major is declared. This policy applies to incoming transfer students as well as continuing students at New Paltz.

Students who need help deciding on a major should seek assistance from the Career Resource Center and the Academic Advising Office. The College Catalogue is also a helpful resource. Descriptions of all majors, major requirements, course descriptions and policies for declaring a major can be found in the Catalog. Many departments also have this information on their Web pages.

The following majors/curricula have specific entry requirements. Students will not be allowed to declare these majors after they have completed 75 credits. Contact the appropriate department for details:

- Accounting
- Adolescent Education
- Art Education
- Art Studio
- Biology
- Communication Disorders
- Communication-area concentrations
- Early Childhood and Childhood Education
- Engineering - Computer and Electrical
- Finance
- General Business
• International Business
• Journalism
• Management
• Marketing
• Mathematics
• Media Management
• Music
• Psychology
• Public Relations
• Radio and Television Production
• Theater Arts

The following majors require that students receive no less than a C- in any course that is used to satisfy the major:

School of Business - all majors. 4xx-level courses open only to Business Majors.

School of Fine and Performing Arts

• Theatre Arts, Music, Art History

College of Liberal Arts and Sciences

• Asian Studies
• Communication
• Communication Disorders
• Economics - in theory courses only (206, 207, 306, 307)
• English
• History
• International Relations
• Journalism
• Media
• Political Science
• Sociology

School of Science Engineering

• Computer Science
• Electrical and Computer Engineering
• Geology
• Mathematics

The following majors have other minimum grade requirements:
- Art Studio and Art Education – Minimum grade of C in all courses which are used to satisfy the major except for Art History courses where a minimum of C- is required for courses that will be used to satisfy major requirements.
- Radio and TV Production - C+ in media core courses; average in core must be 2.67. C- in all other major courses.
- Early Childhood and Childhood curriculum - Minimum grade of C in their prerequisite courses and no less than a B- in their education courses.

The following requirements apply to majors declared 6/1/06 or after. Students who declared their majors before that date will be held to the requirements in effect at the time of their declaration. Questions about those requirements can be directed to the Dean of Academic Advising and the chair of the major department. Students who are removed from their major and then redeclare, will be held to the requirements listed below.

**Double Majors**

A student may major in more than one field. The following restrictions apply:

1) At least 15 credits of the second major must not be contained within the program plan for the first major (this includes both major courses and required cognate courses). Beyond the 15 credits not in common, all other courses applied to the first major may be applied to the second major. Simply stated, there must be at minimum a 15-credit difference between the two majors.

2) A student pursuing a B.S. in Education (early childhood, childhood and adolescence) may not declare a major in the same teaching subject associated with the education degree. For example, a Childhood Education Social Studies major may not also declare a major in History. Students pursuing a B.S. in Art Education, however, may also pursue a major in Art, as long as condition #1 is met.

3) The second major must be attached to the same degree type (BA, BS, BFA) as the first major. For example, a student may earn a double major in Psychology and Art History as both majors are offered as Bachelor of Arts (BA) degrees. However, a student who wanted to major in Ceramics and Art History would not be allowed to do so because Ceramics is a Bachelor of Fine Arts (BFA) degree and Art History is a BA degree.

**Nota bene:** A student could, however, earn a dual degree in these two fields (see description below). Students interested in pursuing majors in two fields should consult with the chairs of the relevant departments about the type of degrees associated with the majors they wish to select. While most majors are associated with only one type of degree, many majors within the College of Liberal Arts and Sciences may be pursued as either a Bachelor of Science (BS) degree or as a Bachelor of Arts (BA) degree. Reflects policy changes effective 6/1/06.

**Dual Degrees**
A student may earn two degrees (BA, BS, BFA) simultaneously. The following restrictions apply:

1) At least 15 credits of the major in the first degree must not be contained in the program plan of the major in the second degree (this includes both major courses and required cognate courses). Beyond the 15 major credits not in common, all other courses applied to the first degree may be applied to the second degree. Simply stated, there must be at minimum a 15-credit difference between the majors of the two degrees.

2) The student must complete the college-wide requirements associated with each degree. The primary difference between degrees relates to the number of liberal arts credits required (90 for BA, 60 for a BS, 48 for BS in Art Ed, and 30 for a BFA). However, majors in Engineering and Music Therapy have been granted exceptions to their general education requirements. Students in these majors who wish to earn a second degree with a major in another field would be required to complete the general education requirements associated with the other degree.

3) Most importantly, the student must complete a minimum of 150 credits.

*Reflects policy changes effective 6/1/06.*

**Second Bachelor’s Degree Candidates.** Any applicant to New Paltz who has already completed a bachelor’s degree must apply as a transfer student following the procedures outlined for transfer students. The Director of Transfer Admissions reviews and approves applications for a second degree. The criteria for admission as a second-degree candidate are as follows:

- The intended major of the second degree must require at least 15 credits that were not contained in the major of the first degree.
- Second Degree Candidates receive a maximum of 90 credits in transfer; the number of liberal arts and upper division credits will be based on the courses taken in the first degree. The College Progress Report will reflect the credits accepted as well as any requirements that remain unmet.
- Are considered to have met the general education program and the writing intensive requirement.
- The student must complete a minimum of 30 credits at New Paltz.

It is the responsibility of the student to meet with the department chair of the intended major to review their academic program and the requirements remaining for their second degree.

When second degree candidates have been formally admitted, they must file the Declaration of Major form and be assigned a faculty advisor in their major department. From that point on, the same procedures apply to second-degree students as to those who began their college study at New Paltz.
Minors - A few majors* require students to minor in a field, but in most cases students have the option to declare a minor. Minors typically involve between 18 and 25 credits, and can be a way of exploring an interest area in a less in-depth way than a major, or of organizing elective credits. To determine if a department offers a minor, consult the Undergraduate Catalog. Students who wish to pursue a minor must file a Declaration of Minor form. Contact the department offering the minor to determine the process for completing the declaration form. At least half of the credits for the minor must not be contained within the program plan of the student's major. (This includes major courses as well as required cognate courses.) Students will be expected to fulfill the minor requirements that are in effect at the time the minor is officially declared. Transfer credits may be applied to minor requirements; however, one-half of the minor must be completed at New Paltz. Students should consult the department regarding minimum grade requirements for courses used to fulfill the minor.

*Effective Fall 2010, a minor is required for Biology BA and Theatre Arts BA majors.

Use of the S/U Grading Option with Major/Minor Courses. Courses that have been elected satisfactory/unsatisfactory WILL NOT be counted towards the major, the minor, the Education curricula or the Engineering curricula, UNLESS the student requests that the S* or U* be changed to a regular letter grade. See the section on S/U grading elsewhere in this handbook for details on how to implement this option.
Policies: Modulars

Academic Policies and Procedures » Modulars

Modular courses are short courses of less than a semester in length and scheduled at various times. These courses are designed to supplement existing courses or to treat topics not found in the existing curriculum. Modular courses may be used for elective credit, and may be repeated for credit, provided that the topic of the course changes.
Policies: Progress Towards Degree

Academic Policies and Procedures » Progress Towards Degree

Students who are accumulating more than the minimum number of credits required to earn a degree (120) are expected to be taking courses required for graduation. The College reserves the right to refuse the registration of a student not complying with this expectation. (Policy change effective 11/1/06).

Students who have completed 120 credits will not be allowed to withdraw from a course without permission of the Dean of the college that houses the major. (Policy change effective 9/11/06.)

Degree Time Limitation: Students matriculated in a bachelor’s degree program at the College who fail to maintain enrollment for two consecutive semesters are administratively withdrawn from the College, unless they have been granted a Leave of Absence. Students who are administratively withdrawn must apply for readmission before they will be permitted to resume their studies.

- If the standards of admission in effect at the time of application for readmission are met, and the student has not been separated from the College for more than three years (six consecutive semesters), the student may be admitted to the degree program in effect at the time of their separation from the College.
- If more than three years (six semesters) have passed since the student’s last date of attendance at the College, the student is responsible for all New Paltz, SUNY, and degree requirements (General Education and major requirements) in effect at the time of readmission. Exceptions to this may be made at the discretion of the appropriate academic dean. (Policy changes effective March 2009.)
- See also the policies on Leave of Absence, Readmission, and Withdrawal from the College.

Course time Limitation: If an undergraduate has been gone for more than seven years, all of the completed courses may not be honored. Exceptions to this may be made at the discretion of the appropriate academic dean. (Policy change effective March 2009.)
Policies: Readmission to New Paltz

Academic Policies and Procedures » Readmission to New Paltz

Students matriculated for undergraduate degrees who have discontinued their attendance at the College for any reason (excepting those students on an approved, unexpired Leave of Absence) must submit an application for readmission to the Office of Undergraduate Admission.

Former students who believe they graduated but did not because of course deficiencies and/or failure to submit the proper graduation paperwork must apply for readmission.

Important Note: Prior enrollment as a matriculated student does not constitute automatic readmission nor does it guarantee entrance into the original major or fulfillment of any college-wide graduation requirements.

Who is eligible to reapply?

- Students who have attended New Paltz for at least one semester.
- Students who have fulfilled all previous financial/judicial/health obligations to the College. (All holds must be resolved prior to applying for readmission).
- Students must be in good overall academic standing (minimum 2.0 GPA). However, this does not guarantee entrance into either the College or a major.
- Students who have not attended the College for two consecutive semesters for any reason (except those granted a leave of absence).
- Students who have been out one full year from the time of academic dismissal*.

*To be considered for readmission, it is required that academically dismissed students successfully complete at least 15 credits of academic course work with at least a 2.75 GPA at another institution.

Application Requirements

- The application fee is $50.00 and non-refundable and non-transferable to another semester should the student not attend the semester they have been accepted to.
- Students must apply directly to a major. The undeclared/undecided category is not an option.
- If the student attended New Paltz under a different last name, please indicate that previous name on all documents submitted.
- Students must submit directly to the Office of Undergraduate Admission official transcripts of all college work taken since leaving New Paltz.

Important Note: If more than five (5) years has transpired since the student’s last attendance at New Paltz, the student must submit original educational documents as the College does not retain the educational records of non-graduates beyond five (5) years. If the student entered as a freshman, these would be the high school transcript and SAT/ACT scores; if the student entered as a transfer, it would be all previous college transcripts.
Application Deadlines
All required documents must be received in Office of Undergraduate Admission by these dates:

- Fall - April 1*
- Spring - November 1*

There is no summer readmission.

*The College reserves the right to close admission earlier than this date without prior notice.

The Readmission Decision

- All readmission decisions are made by the academic department to which the student has applied.
- Each application is evaluated according to the specific admission criteria in place at the time of application.
- All decisions are final.
- The Office of Undergraduate Admission will notify the student by mail of the readmission decision.
- The readmission decision is only valid for the semester applied to. The decision cannot be deferred.

Academic Consequences of Readmission

- Students in Good Academic Standing: Readmitted students who are matriculated within three (3) years of their last date of attendance at New Paltz will continue under the General Education and major requirements in place at the time of their separation from the College. Students who readmit to a new major will complete the major requirements in place at the time of readmission. Students who are readmitted more than three years after their last date of attendance are responsible for all New Paltz, SUNY and degree requirements (General Education and major requirements) in effect at the time of readmission to New Paltz. (Exceptions may be made at the discretion of the appropriate academic dean.)
- Academically Dismissed Students: Readmitted students are matriculated under the current catalog at the time of readmission and are, therefore, responsible for all College, SUNY, and academic major requirements in effect at the time of readmission.

Important Notes

- Students academically dismissed for a second time are not eligible for readmission.
- The College does not honor any requests for back dating of transcripts or diplomas.
- Readmission is required for all non-graduates regardless of the number of credits believed to be lacking in order to receive the undergraduate degree.

Questions? Please e-mail your questions regarding readmission to: bodenscr@newpaltz.edu.

Policies: Registration for Non-Matriculated Undergraduates

Academic Policies and Procedures » Registration for Non-Matriculated Undergraduates

Non-matriculated students wishing to enroll in undergraduate courses during the academic year may do so only on/after the non-matriculated student registration date noted in the schedule of classes and academic calendar.

Non-matriculated students may enroll in only two courses (maximum of eight credits) per semester.

Non-matriculated students can accumulate up to a maximum of 24 credits. Upon reaching 24 credits, non-matriculated student must apply for admission to the College in order to continue to enroll in courses.
Policies: Religious Life and Beliefs

Academic Policies and Procedures » Religious Beliefs and Class Attendance

(From section 224a of New York Education Law)

1. No person shall be expelled from or be refused admission as a student to an institution of higher education for the reasons that he or she is unable, because of his or her religious beliefs, to register or attend classes or to participate in any examination, study or work requirements on a particular day or days.

2. Any student in an institution of higher education who is unable, because of his or her religious beliefs, to attend classes on a particular day or days shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.

3. It shall be the responsibility of the faculty and of the administrative officials of each institution of higher education to make available to each student who is absent from school, because of his or her religious beliefs, an equivalent opportunity to register for classes or make up any examination, study or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to the said student such equivalent opportunity.

4. If registration, classes, examinations, study or work requirements are held on Friday after four o’clock post meridian or on Saturday, similar or makeup classes, examinations, study or work requirements or opportunity to register shall be made available on other days, where it is possible and practicable to do so. No special fees shall be charged to the student for these classes, examinations, study or work requirements or registration held on other days.

5. In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each institution of higher education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his or her availing himself or herself of the provisions of this section.

6. Any student who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the supreme court of the county in which such institution of higher education is located for the enforcement of his or her rights under this section.

6a. It shall be the responsibility of the administrative officials of each institution of higher education to give written notice to students of their rights under this section, informing
them that each student who is absent from school, because of his or her religious beliefs, must be given an equivalent opportunity to register for classes or make up any examination, study or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to such student such equivalent opportunity.

7. As used in this section, the term “institution of higher education” shall mean any institution of higher education, recognized and approved by the regents of the University of the State of New York, which provides a course of study leading to the granting of a post-secondary degree or diploma. Such term shall not include any institution which is operated, supervised or controlled by a church or by a religious or denominational organization whose educational programs are principally designed for the purpose of training ministers or other religious functionaries or for the purpose of propagating religious doctrines. As used in this section, the term “religious belief” shall mean beliefs associated with any corporation organized and operated exclusively for religious purposes, which is not disqualified for tax exemption under section 501 of the United States Code.
Policies: Replace Grading Policy

Academic Policies and Procedures » The Replace Grading Policy

The Replace Grading Policy will be automatically applied when a student takes a course a second time. Both the first and second grades will appear on the transcript. The higher of the two grades will contribute to the cumulative GPA. A student will earn degree credit for the course only once. A course may be attempted for a grade no more than two times. A “grade” is defined as including A-F, W, S/U or R. A student who has a compelling case to attempt a course a third time may present his/her case to the Dean of the school that houses the course. If permission is granted, grades for attempts beyond the first two will be averaged with all other grades in the cumulative GPA. A student with 60 or more transfer credits may replace two grades under the Replace Grading Policy. A student with fewer than 60 transfer credits may replace four grades under the policy.

The Replace Grading Policy does not apply to graduate courses, selected topics courses (xxx93), modular courses (xxx99) or special courses (i.e., Independent Study - xxx95, Fieldwork - xxx94) which are allowed to be repeated for degree credit.

The Replace Grading Policy does not apply if the student elected the Satisfactory/Unsatisfactory (S/U) Grading Option the first time the course was taken. If a student selects the S/U Grading Option a second time a course is attempted, the grade of “S” or “U” will not replace the first grade in the cumulative GPA calculation. This is because grades of “S” and “U” do not carry quality points. If a letter grade is re-selected to replace the S/U, that letter grade will fall under the Replace Grading Policy.

The Replace Grading Policy only applies to courses taken at New Paltz. Therefore, retaking a course at another institution and transferring it back to New Paltz does not affect the grade at New Paltz. Further, only credits, not grades, transfer.

Students receiving or interested in applying for financial aid should be aware that repeated courses may adversely affect their satisfactory progress. Check with the Office of Student Accounts for details.
Policies: Satisfactory/Unsatisfactory Grading Option

Students may enroll in selected courses that will be recorded as “satisfactory” or “unsatisfactory.” This option may be exercised for no more than four credits per semester and for no more than a total of 12 credits of undergraduate work at New Paltz.

Letter grades of A, A-, B+, B, B-, C+, C, C- will convert to “S*” (satisfactory) while grades of D+, D, D- and F will convert to “U*” (unsatisfactory). S* grades count toward graduation; U* grades do not. Upon a student’s request, a student-opted S* or U* mark may be changed back to a regular letter grade, which will then be counted in the cumulative average and appear on the College record. Such a request will be honored for a period of three calendar years after the semester in which a student has earned a student-opted S* or U* mark or until the student graduates, whichever period is shorter.

Courses that have been elected satisfactory/unsatisfactory will NOT be counted towards the fulfillment of requirements for General Education, Writing Intensive, the Education curricula, the major, the minor, or the Engineering curriculum, unless the student requests that the S* or U* be changed to a regular letter grade.

Students may not select the s/u option for English Composition I or 2 or the equivalent. Independent study courses also may not be taken satisfactory/unsatisfactory. Graduate students may not elect satisfactory/unsatisfactory for courses in their plan of study.

The deadline for choosing the s/u option is one week later than the course withdrawal deadline. See the Academic Calendar for the exact date each semester.

Students elect the s/u option under my.personalrecords at my.newpaltz.edu. The course instructor is not informed that a course is being taken U*/S*.
Policies: Selected Topics Courses

Academic Policies and Procedures » Selected Topics Courses

Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Policies: Semester Workload

Academic Policies and Procedures » Semester Workload

A student’s semester workload is the combined total of the academic credits and registration units for which he/she is registered. The abbreviation “CR” in the Schedule of Classes and the transcript designate courses that generate academic credit. Registration units are earned in developmental/remedial courses, which do not grant credit or apply toward the degree. Such courses are designated “RU” in the Schedule of Classes and on the internal transcript.

Students must carry a semester workload of twelve credits/registration units to maintain full-time status. The offices of Financial Aid, Residence Life, and Intercollegiate Athletics, among others, require students to be full-time to remain eligible for their services. Students who are considering dropping below twelve credits should consult with the appropriate offices about the impact of that action on their status. Fifteen credits is the average workload needed to graduate in a timely fashion. During the summer, students may register for up to two courses (8 credits maximum) during each session. A third course may be added to the summer registration providing it is an on-line course.
Policies: Student Consumer Information Requirement

In compliance with both Federal and State laws, the College makes available to students or prospective students information about instructional programs, costs of attending the institution, financial assistance available to students, refund policy, qualification of faculty, graduation rates and placement of graduates. The Division for Enrollment Management is available to assist students or prospective students in obtaining information specified in the Regulations of the Commissioner of Education, Chapter 2, Sections 53.1-3.4.
Policies: Transfer Credits

Academic Policies and Procedures » Transfer Credits

Transfer Credits pre-matriculation

Newly matriculated transfer students have until the mid-point of their first semester at New Paltz to submit to the Office of Undergraduate Admissions all final college transcripts, AP exam scores, IB exam scores, CLEP exam scores, and other pertinent collegiate coursework. Pre-matriculation credits will not be accepted by New Paltz after this deadline. In addition, students will not be able to transfer New Paltz courses back to their community college to earn an AA or AS degree and have the degree recognized by New Paltz.

Newly matriculated freshmen will have until the mid-point of their first semester at New Paltz to submit to the Office of Undergraduate Admissions official college transcripts, AP exam scores, IB exam scores, and other pertinent collegiate coursework. Pre-Matriculation credits will not be accepted after this deadline.

Students are responsible for requesting transcripts and scores. They are not automatically sent from the prior school or testing center.

Students are also responsible for monitoring their records to see that credits have been received. This should be done before the deadline.

Transfer Credits post-matriculation

Permission must be received in writing from a chair or the Office of Academic Advising, in advance of taking the course, for a matriculated student to receive transfer credit at SUNY New Paltz. A grade of C-, or better, must be earned in the course to receive credit. Only the credits, not the grades, will transfer. The last fifteen credits must be taken in residence. If there are compelling reasons to take some of the final fifteen credits at another institution, a request for a waiver should be made to the Dean of the student’s major college. The student is responsible for having the official transcript sent to Records and Registration when the course(s) is/are completed.

Permission to take courses to meet general degree requirements (total credits, general education courses, upper division and liberal arts credits) is given by the Office of Academic Advising. To be acceptable, a course must be a liberal arts and sciences course aligned with the disciplines currently taught at SUNY New Paltz. Permission is not generally granted during the academic year if space in a suitable course is available at SUNY New Paltz. Upper division students are generally expected to take upper division courses. In addition, students who wish to take courses to meet general degree requirements in professional programs such as business, communication disorders,
education, engineering, and nursing, must receive approval from the Dean of the appropriate School.

Permission to take courses in the major (including pre-requisite and cognate courses for the major) must be approved by the appropriate department chair.
Policies: Visiting Students

Academic Policies and Procedures » Visiting Students

Who is a visiting student?

Undergraduate students who are matriculated at another college but wish to take courses at SUNY New Paltz during the regular academic year are considered visiting students. Visiting students remain matriculated at their home institution and are considered non-matriculated undergraduates at New Paltz. Visiting students may take up to one academic year of courses at New Paltz to transfer back to their home institution.

To apply

- Complete and submit the “Visiting Student Application” and all required documentation.
- Submit with the application the $50.00 application/processing fee. Make check or money order payable to SUNY New Paltz. Do not send cash.
- The application must be signed by the student’s advisor (from the student’s home institution) indicating approval of all courses they wish to enroll in at New Paltz, and providing signed proof of the student’s good academic and disciplinary standing. Students who are on “academic suspension or dismissal” or “disciplinary suspension or dismissal” are not eligible to apply for visiting student status.
- Submit official transcripts from each college/university previously the student has received credit from.
- Visiting students must meet the same admission standards as transfer applicants as noted in the “transfer admission” page.

Application Deadline:

- Fall - April 1
- Spring - November 1

After approval as a visiting student:

- Visiting students may register for courses on a space available basis only during the “Open Registration” period noted in the Schedule of Classes.
- Upon course registration, visiting students will receive an invoice from the Office of Student Accounts with a payment due date. Payment must be made by that date or the student will be withdrawn from all courses.
- If the student is receiving financial aid, they are responsible for making financial aid arrangements with their home institution to ensure the continuation of financial aid.
On-campus housing is not available to visiting students.

Study Abroad Program or Legislative Gazette Internship

Students who are matriculated at another institution and wish to participate in the New Paltz Study Abroad program or The Legislative Gazette Internship are considered visiting students. Study Abroad applications can be found at: www.newpaltz.edu/studyabroad. Legislative Gazette applications can be found at www.legislativegazette.com.
Policies: Withdrawal from the College

Academic Policies and Procedures > Withdrawal from the College

WITHDRAWAL FROM THE COLLEGE reflects a student’s intent to sever permanently all affiliations with the College and to terminate matriculation. The Withdrawal from the College form is available in the Office of Academic Advising, which processes the request. Students who are withdrawn are blocked from taking any courses at New Paltz. Students who subsequently decide to return to New Paltz must apply for readmission.

If a student requests a Leave of Absence or Withdrawal from the College DURING THE SEMESTER, the student’s courses will be dropped. A student who withdraws for medical or psychological reasons will have a hold placed on his or her registration. If the request is made during the official course change period, no record of enrollment will be reflected on the permanent transcript. If the request is made after the official course change period, grades of “W” will be reflected on the transcript. The student will be liable for tuition and, if applicable, room and board, through the date the form is submitted to Academic Advising. Questions concerning liability and aid should be addressed to Student Accounts. Students may request a Leave or Withdrawal until approximately two weeks prior to the last day of classes. The exact deadlines are printed in the Academic Calendar every semester. Students who stop attending class and do not submit a Leave of Absence or Withdrawal from the College form will receive grades of “F”.

Leaves and Withdrawals after the deadline are rarely permitted, and only for compelling professionally certified non-academic reasons, such as unforeseen medical or financial problems. Requests should be made in writing to the Dean of Academic Advising and should include supporting documentation from a physician or other professional familiar with the circumstances. Such requests are only entertained if the student received an entire semester of “F” grades and earns a 2.5 or better in the next semester at New Paltz.

Students requesting a Leave or Withdrawal for a future semester may do so at any time. Their course registrations, if applicable, will be canceled without any transcript notation and they will not incur any tuition liability.
About the Minor

Ancient World Studies is an interdisciplinary program that lets students focus on the study of the world before the Middle Ages – everything from the Paleolithic period to the late Roman Empire, covering the Near East (Israel, Mesopotamia, Persia and their neighbors), Egypt, Greece and Rome, China, India, Japan – and all regions in between. It can also encompass the study of the cultures of the Americas – North American Indians, as well as the great urban American cultures of the Inca, the Maya, the Aztecs and others – before the arrival of European explorer/conquerors in the fifteenth century. With courses in philosophy, history, English, political science, art history, anthropology and foreign languages, students in the Ancient World Studies minor can explore and learn about the ancient world from almost any angle.

Students who minor in Ancient World Studies will be well positioned for graduate studies in archaeology/anthropology, classics, Egyptology, or any other specialized discipline dealing with the ancient world. Beyond that, the skills stressed in Ancient World Studies courses – languages, research, analysis, writing – are valuable in almost any field of endeavor. But possibly the most valuable thing the minor has to offer is a wider and deeper perspective on what it means to be human, which is crucial to understanding today’s globalized, multicultural world. As Homer’s Odyssey says of the hero Odysseus: “He saw many cities, and knew the minds of many men.” A minor in Ancient World Studies offers SUNY New Paltz students the opportunity to travel widely in both space and time – to really follow in the footsteps of Odysseus.

Courses in the Department of Anthropology deal with three areas. Physical anthropology is concerned with the evolution of human beings as biological organisms and with the physical variation within contemporary human populations. Archaeology and prehistory explore the extinct cultures of the past and attempt to elucidate the processes involved in their development. Sociocultural anthropology is involved with the comparative analysis of socially learned behavior patterns and institutions of contemporary populations from all areas of the world.

A consideration and study of the methods critical to anthropological research. Methods and techniques common to the social sciences and those unique to anthropology are discussed. Basic statistical concepts and experimental design.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Prerequisites: (ANT214 or 07214)
Projected Offerings: Fall 2009, Fall 2010

ANT403 Religion and Culture (3)
Religion and its relationships to culture in different societies. Systems of belief and their translation into ritual and behavior. The role of religion in the value systems of different societies.
ANT404 Political Anthropology (3)
This course is a cross-cultural examination of politics and political organization, law and maintenance of order, corporate groups and ideology, the relations of political institutions to other institutions of society, and issues of identity and representations. We will investigate the following questions: What is power? How is it related to ideology and representations of identity? How is power acquired and used and by whom? We will examine whether forms of power and its relation to ideology differ cross-culturally. Theoretically, we will examine how structural and psychological theorists go about answering these questions.

ANT406 Culture, Self & Meaning (3)
One can conceive of culture as “whatever it is one has to know or believe in order to act in a way that the members of that society consider appropriate.” How we process, store and use our knowledge to act in the world is the subject matter of this course. We investigate the feedback relations between the mind and culture by examining how people of different cultures use cognitive processes to make sense of their lives and the world they live in.

ANT408 Cultural Resource Management (3)
A practical introduction to the field of cultural resource management. The history and philosophy of cultural resource conservation. Cultural resources and the law; sampling and survey techniques and the preparation of environmental impact statements.

ANT409 Psychological Anthropology (3)
Principal aspects of the influence of culture on personality. Anthropological investigation of normal and abnormal behavior in diverse cultural contexts; the development and place of the individual in pre-industrial and modern societies.

ANT410 Applied Anthropology (3)
Applied anthropology attempts to solve human problems and to facilitate change by drawing upon the knowledge about the culture or subculture for which these solutions and innovations are to be designed. Discussed are agricultural, social, educational and
health programs that were conducted in the United States and in other countries, ethical and legal issues, and the organization of work.

**ANT413 Urban Anthropology (3)**
Issues of urban living and development from an anthropological point of view; cross-cultural comparisons of urban settings; relationship between cultural traditions and style of urbanization.

**ANT414 The Anthropology of Performance (3)**
This course introduces the anthropology of performance. Through cross-cultural examples, it explores the cultural conditions of aesthetic experience, the role of the audience, and how performance can create shared identity, voice protest, or promote ideology.

**ANT415 The Archaeology of Death (3)**
Mortuary data are information on the form and structure of extinct social systems. Mortuary variation is examined using theories devised by archaeologists, anthropologists, and sociologists to interpret prehistoric social and class structure.

**ANT421 Gender and Anthropology (3)**
A study of the historical and contemporary position of women in society in a variety of cultures. A theoretical overview and presentations by guest lecturers.

**ANT434 Archaeological Field School (9)**
Archaeological excavation to train students in the practical application of archaeological theory and method.
ANT461 Seminar in Magic, Witchcraft and Sorcery (3)
Beliefs in magic and particularly in witchcraft are placed into general cosmological systems in their cultural contexts so that they are seen to have sociological and psychological functions.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman

ANT470 Ethnographic Fieldwork (3)
An examination of processes and problems involved in conducting qualitative ethnographic fieldwork, and a consideration of the feasibility of using traditional ethnographic research techniques to study U.S. culture. Each student will formulate and conduct a limited ethnographic field project in consultation with the instructor.

Attributes: Liberal Arts, Writing Intensive
Restrictions: May not be enrolled in the following classification: Freshman
Projected Offerings: Spring 2010, Spring 2011

ANT481 Transcultural Health (3)

Anthropology > Archaeology Field School

The department offers a summer program that affords students with the opportunity to participate in an actual archaeological excavation. Emphasis is placed on excavation techniques, methods of classification and analysis, and anthropological interpretation. At present, efforts are concentrated on Paleo-Indian, Archaic, Woodland and Contact Period sites in the mid-Hudson region of New York.

The Asian Studies program offers students the opportunity to deepen their international outlook through interdisciplinary study of East Asia and South Asia. In conjunction with Chinese or Japanese language study, students may choose from several dozen courses offered by faculty in over ten departments. Areas of expertise include Asian art, the anthropology of South Asia, intercultural communication with China, the history and politics of East Asia, US-China relations, the modern history of Vietnam, Asian philosophies, the film of China, Asian-American literature, and Chinese women.

Students in Asian Studies often, though not always, elect to combine their study of Asia with another major or minor in a particular discipline.

The Asian Studies Program strongly encourages study abroad in Asia through SUNY and other international programs. Instruction is greatly augmented by a superb library collection of books and periodicals on Asia.

Graduates with expertise in East Asia are sought by employers in a wide range of professions, including academia, business, government and think tanks, international companies and organizations, libraries and museums, media, non-profit organizations, and language teaching abroad.

Asian Studies > Major

Major in Asian Studies - 37 credits

When declaring the major, students submit a brief personal statement of intent.

Required Courses...............................................16 credits

Each major is required to complete at least two years of language study in either Chinese or Japanese. Students with a high degree of language proficiency in these or other Asian languages may take 16 credits in other Asian Studies courses.

Content Courses on Asia........................................21 credits

Each major is required to complete, by advisement, at least 9-12 credits in the Social Science category and 9-12 credits in the Art category. Among these 21 credits, students are required to take: (1) at least 3 credits in an area of Asia beyond China or Japan, and (b) at least 3 credits in “Asian Studies Perspectives” courses, which include:

- ASN210 Images and Ideas in Asian Art (3)
- HIS216 Modern China (4)
- JPN320 Asian Americans (3)
- POL365 International Politics of Asia (3)

When applying to graduate, students submit a short exit essay reflecting upon their intellectual development, along with one or more examples of their best written work. Up to 16 transferred credits from study abroad may be applied to the major.

Majors or minors in Asian Studies must receive no less than a C- in any course that is used to satisfy the major.
Asian Studies > Minor

Minor in Asian Studies - 18 credits

The minor provides an introduction to the study of Asian languages and culture. To students of Asian descent it also serves to provide a better appreciation of themselves and of their heritage.

Required courses......................................... 8 credits

One year of language study in either Chinese or Japanese. Students with language proficiency in these or other Asian languages may take 8 credits in other Asian Studies courses.

Content Courses on Asia...................................10 credits

One course in the civilization or culture of the country whose language is being studied, and additional courses in Asian Studies to total 10 credits. Up to 8 transferred credits from study abroad may be applied toward the minor.

Majors or minors in Asian Studies must receive no less than a C- in any course that is used to satisfy the major.
Asian Studies > Course Descriptions

Asian Studies is an interdisciplinary program whose courses are based in a variety of academic areas. Descriptions of courses based in Asian Studies appear below (see course numbers beginning with “ASN”). Courses based in other academic areas are listed here and described elsewhere in this catalog. Location: Faculty Office Building West 2
Web address: www.newpaltz.edu/blackstudies

Black Studies is a multi-disciplinary major devoted to the exploration and analysis of the history and culture of African people in the United States, Caribbean, and Africa. It seeks to define the Black experience from an African and Afro-American centered perspective rather than Euro-centric perspective, to illuminate the contribution of African people to world culture and to correct a traditional approach to the study of world history that tended to bypass the Black Diaspora experience.

The Department of Communication and Media consists of distinct majors in Communication, Journalism, and Media. All the Department’s majors lead to either the bachelor of arts or bachelor of science degree, blending technical and theoretical courses that can lead to graduate study or a variety of careers, from journalism to media to public relations to corporate and public communication.

Students wishing to declare a major in any area of this department must have completed a minimum of 30 credits of college-level work and have at least a 2.00 GPA. Acceptance into the Media Production area is limited. See the Department office, web page, or Admissions for specific requirements and deadlines.

The Journalism and Media programs are housed in a building wing with two computer labs for writing; one computer lab for editing and graphics; two video editing suites, including computers for multi-media production; and two audio studios complete with editing facilities. There is also a lounge/reading-seminar room for students taking courses in Communication and Media.

Students may not receive a grade lower than “C-” in any course considered part of the student’s major program.

The undergraduate program in Communication Disorders has been offered at SUNY New Paltz since 1969. This program prepares students for careers in speech-language pathology, audiology, and related areas such as deaf education. The department offers a liberal arts major program which prepares students for graduate study in the fields of communication disorders. The department also offers ASHA-accredited graduate programs in Communication Disorders, with concentrations in Speech and Language Disabilities (with teaching certificate) and Speech-Language Pathology.

The department provides pre-major advisement. Students who are potentially interested in majoring in Communication Disorders are urged to contact the department early in their academic careers.

Communications Disorders > Facilities

The newly renovated SUNY New Paltz Speech and Hearing Center serves the community while providing students with on-site clinical training. The Center serves over 1,000 individuals each year, providing a full range of diagnostic and therapy services in both speech-language pathology and audiology. Services are coordinated by full-time supervisory staff. All supervisors hold ASHA certification and NYS licensure.

Facilities for Speech-Language Pathology include five speech therapy suites and a diagnosis room with audio and video observation systems, as well as a student preparation room. The Center has a comprehensive collection of therapy materials and diagnostic tests, and computer-based instrumentation systems for diagnosis and therapy.

The Audiology clinic includes two sound-proofed audiometric test suites, intake and hearing aid dispensing areas, a room for auditory-evoked potential testing, and a hearing aid dispensing area. Equipment is state-of-the-art, including audiometers, immittance bridges, evoked potential units, an otoacoustic emissions analyzer, and a real-ear and measurement system. A PC-based system is used in the dispensing of programmable digital hearing aids.

The Center also has a pleasant waiting room with areas for adults and children, a classroom (with one-way observation into the diagnostics room) and a computer classroom with nine Pentium PCs and a network printer.

Additional resources may be found in the Sojourner Truth Library, which holds an extensive collection of books, journals, and clinical test materials. The library also subscribes to relevant electronic databases.

College of Liberal Arts and Sciences > Deaf Studies

The Deaf Studies minor is open to all students majoring in all disciplines, but may be especially attractive to students in liberal arts and sciences, education, business, and theatre. It is designed to develop the use of American Sign Language and prepare students for further education in sign language interpretation or deaf education. ASL is present in every realm of life as deaf, hearing impaired and deaf-blind people seek education and equitable employment. This minor will increase the students’ understanding of hearing loss, deafness, and deaf culture. This course of study will allow the student to communicate with deaf persons at a basic level, as well as gain cultural knowledge. Its offerings would be available through the following programs: Communication Disorders, Sociology, Psychology, and Communications & Media.

The Deaf Studies minor complements many major fields of study and prepares students to work in a variety of settings where American Sign Language skill and knowledge of the American Deaf Community are necessary. These settings may include, but are not limited to, education, business, human services (social work, health care, counseling, and others), and government. The deaf studies minor also provides specific ASL skills necessary to enter English/American Sign Language Interpreter Education programs, or graduate programs such as Deaf Education, ASL Linguistics, Rehabilitation Counseling, and possibly others not listed here. Employees with fluency in ASL are in demand nationwide. The Deaf Studies minor is designed to make New Paltz graduates more employable by having an additional skill set geared towards meeting this demand. This minor is not an Interpreter Education Program or a Deaf Education Program. The minor will help a student become qualified to enter either of these programs as a post-baccalaureate student or a graduate student.

For more information about this minor, please contact the Program Coordinator:

The Institute for Disaster Mental Health (IDMH) supports a SUNY New Paltz interdisciplinary undergraduate minor in disaster studies. The minor focuses on events of natural, technological and human-induced origin and on how these affect individuals, communities, organizations, and the nation. It is designed to recognize the multi-disciplinary nature of both research and practice in disaster studies. Courses highlight scholarship and practice related to disaster and trauma mitigation and prevention, response, support, recovery, treatment, and policy formulation and planning, as well as the implications of these events at the individual, group, organizational and community level. Those completing the minor will become certified responders for the American Red Cross.

The Department of Economics offers a program leading to a Bachelor of Art or a Bachelor of Science in Economics. It is designed to prepare students for careers in private and public sectors, non-profit organizations, and for graduate work in economics and business administration.

In addition to a broad General Economics track, students may complete prescribed clusters of upper-division elective courses to concentrate their studies in Business Economics or International Economics tracks. Students who intend to pursue graduate study in economics are advised to complete additional courses in mathematics.

The concentration areas within the program are designed to enable students to combine a liberal arts education with their individual graduate work or career objectives. Prospective majors are strongly advised to plan their program of study in consultation with the department chair or another member of the Economics faculty.

The Department of English offers several programs designed to give students a knowledge of their linguistic and literary heritage and to develop their skills as writers and critics. Each of the tracks within the major has its own requirements. These programs prepare students for careers in teaching, publishing and business as well as for graduate work in English and a variety of other disciplines in which effective reading and writing skills are important. At least half the work toward the major must be completed at New Paltz. Students must earn a grade of “C-“ or better in courses used for an English major or minor. English Composition courses do not count toward the major, nor do courses taken under the pass/fail option.

Evolutionary Studies (EvoS) > Faculty

Alice Andrews, MA, Developmental Psychology, Columbia University

Research interests: Literary Darwinism, evolutionary feminism, mental fitness indicators, neuroethology, brain laterality, endocrinology, epigenetics, human mating, social neuroscience, evolutionary psychiatry. Editor of Entelechy: Mind & Culture.

Alexander Bartholomew, PhD, Geology, University of Cincinnati

Research interests: Focus on reconstructing paleoecological associations in the Devonian of Eastern North America and interpretation of sea level fluctuations and paleobiogeographic trends through the Devonian of the world.
Facilities: Stratigraphy-Paleontology Laboratory (with equipment used in preparation/curration of paleontologic specimens)

Lynne Crockett, PhD, English, New York University

Research interests: Victorian literature; Charles Darwin; and Octavia E. Butler, a twentieth-century, science-fiction author. The focus is a New Historicism, Darwinian reading of texts through an examination of nineteenth- and twentieth-century scientific and social controversies.

Glenn Geher, PhD, Director, Social Psychology, University of New Hampshire

Research interests: The nature of human mating intelligence; biases in the perception of intimates; parental investment and mating strategies; evolutionary accounts of human behavior.
Facilities: Social-perception laboratory with computers and equipment designed to measure autonomic nervous system responses.

Aaron Haselton, PhD, Entomology, University of Massachusetts, Amherst

Research interests: Relationships between nutrition and neuroendocrine function and their ensuing effects on feeding behavior, reproduction, and aging in insects.
Facilities: Physiological/histological laboratory including microplate reader, incubator, activity monitors, and fluorescence immunohistochemistry facilities.

Paul Kassel, MFA, Theatre, Florida State University

Research Interests: Scholarly approaches to understanding the nature of acting, including evolutionary, psychological, and physiological factors.
Yaser Khalifa, PhD, Electronics Engineering, Cardiff University, Great Britain

Research Interests: Simulating evolutionary computational optimization algorithms to solve a number of engineering and cognitive-science-design problems.

Facilities: Intelligent Systems Laboratory: The laboratory is equipped with three Sun Workstations, five PC’s, and a DELL Poweredge server.

Alison Nash, PhD, Comparative and Developmental Psychology, SUNY Stonybrook

Research interests: The evolution of infant attachments, infant peer relationships, parent social networks, and gender socialization.

Facilities: Laboratory playroom equipped with two-way mirror and video equipment for observing and videotaping the social interactions of infants and toddlers.

Tom Nolen, PhD, Neurobiology and Behavior, Cornell University

Research interests: Combining behavioral, anatomical, and physiological approaches to discover neural mechanisms underlying adaptive behavior. Include synaptic mechanisms of sound analysis in insects, chemical defenses in gastropod mollusks and the effect of natural defenses on potential predators, and the development of behavior and learning in the marine snail Aplysia.

Facilities: Insect laboratories that allow for study of acoustical signals emitted by insects during courtship; electrophysiological equipment to measure neural activity.

Kenneth Nystrom, PhD, Biological Anthropology, University of New Mexico

Research interests: Studying modern human diversity and the evolutionary relationship among our earliest ancestors.

Facilities: Osteology and human paleontology laboratory with skeletal and fossil cast

Jennifer Waldo, PhD, Molecular Biology, Cornell University Medical College

Research interests: Using evolution to pinpoint conserved, and therefore important, elements in proteins, and using cell biology to test these predictions.

Facilities: Well-equipped molecular biology lab including all necessary equipment for purification and crystallography of proteins involved in cell division.

Film and Video Studies

The Film and Video Studies Minor is a new Interdisciplinary Program based in the College of Liberal Arts and Sciences and The School of Fine and Performing Arts. Students studying in this minor will gain critical approaches to film and video, as well as acquire historical, theoretical, intercultural and practical tools to study films and video from around the world. They will familiarize themselves with reading the art of cinema as cultural critics, while having the option to learn the basics of screenwriting and production.

The Department of Foreign Languages offers undergraduate and graduate instruction. Liberal arts majors are available in French and Spanish. A major in foreign languages with concentration in French or Spanish is available for students in elementary education (Childhood 1-6 and Early Childhood), and a major in French or Spanish is available in adolescence education (7-12). Undergraduate majors in liberal arts and secondary education require at least 33 credits above the intermediate level. Minors are offered in French, Italian Studies, German and Spanish. In addition to the above, instruction is regularly offered in Arabic, Chinese, Hebrew, Japanese, KiSwahili and Spoken Mandarin. A number of courses in the literature and culture of France, Germany, Italy, Japan, Latin America, and Spain are offered in English.

All language courses must be taken proceeding from lower to higher level.

Honor Societies

A chapter of Sigma Delta Pi, the national Spanish honor society, was established in 1987 and a chapter of Pi Delta Phi, the French national honor society, was established in 2002. Each year, outstanding eligible undergraduates of New Paltz are invited to join these societies.

Language Learning Center (LC 112)

The recent completely remodeled and upgraded Language Learning Center provides equipment, digital/analog materials, and an environment outside the classroom dedicated to enhancing the study of foreign languages. LC 112 houses twenty-five student stations with the latest PCs, flat screens, and headsets; a laser-jet printer; DVD, CD and VCR players; Internet access and dedicated foreign language software programs. A teacher’s console allows for specialized lessons and private, personal, attention to students’ needs. Use of the center increases the efficiency and quality of language learning by providing additional practice with the spoken language.

Most elementary and intermediate language classes are now also supported with our virtual lab. Required oral/aural homework assignments are obtainable in a streaming media format through a password-protected site on the Internet.

Liberal Arts Designation

All courses offered by the Department of Foreign Languages count toward the liberal arts requirement.

The Department of Geography offers a comprehensive major within the liberal arts curriculum designed to prepare students for graduate study in geography or for employment in fields actively seeking geographers. The department also offers an emphasis in planning for students who wish to undertake graduate study in planning or to obtain employment in that field. A Geographic Information System (GIS) sequence is offered in addition to courses in Cartography and Remote Sensing.

For those majoring in other fields, a minor in Geography is available.

In addition, the department cooperates in various programs, such as Business Administration with an emphasis in Planning and Regional Affairs, Environmental Science, Asian Studies, Women’s Studies, and Latin American Studies. Students in the elementary education curriculum (Early Childhood B-2 and Childhood 1-6) may major in geography; students in secondary education (social studies) may select geography as an option.

To complement the academic program, the department offers an internship at several public and private agencies in the region, such as the New York State Department of Environmental Conservation and Mohonk Preserve. One semester long, the internship offers students the opportunity to gain practical, on-site experience at a planning, development, or environmental protection agency.

Geography > Course Descriptions

GEO207 Current Issues in Latin American Geography (3)
Introduction to selected geographic issues of Latin America such as migration, environmental impacts of agriculture and development, urban problems, and the roots of indigenous movements. Principles are introduced to help critically analyze problems and solutions.

Attributes: Liberal Arts, Systematic Inquiry, GE3: WRLD
Projected Offerings: Spring 2011

GEO240 World Geography (3)
“World Geography” introduces students to the field of regional geography through the study of distinctive features of the world’s regions and countries, as well as the interaction of diverse groups in the process of global integration. We will address a range of themes, including economic development, population growth, migration, resource use, environmental issues, geopolitical issues and urbanization. Both Western and non-Western (developed and developing) regions will be included.

Attributes: GE2: AALA, GE2A: AALA, Liberal Arts, Systematic Inquiry, GE3: WRLD
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

GEO252 Economic Geography (3)
Geographical factors and interpretive theories related to patterns of population density, economic development, international trade, and economic production.

Attributes: Liberal Arts, Systematic Inquiry, GE2: SSMS, GE2A: SSMS, GE3: SSCI
Projected Offerings: Spring 2010

GEO260 Understanding China (3)
This course describes and evaluates recent social and economic patterns in China. Viewing these patterns from a geographic perspective highlights the process of socialist transformation.

Attributes: GE2: AALA, GE2A: AALA, Liberal Arts

GEO272 People-Environment Relations I (3)
Ecosystem and social processes involved in people-environment relations in different places and times, emphasizing social justice. Natural and social science approaches to understand causes and consequence of human-induced environmental degradation so as to formulate solutions.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Projected Offerings: Fall 2010
GEO273 Physical Geography (3)
Selected aspects of the physical environment and their relationships to humankind. Emphasis on study of maps, weather, and regional climatology.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

GEO274 Environment and Culture (3)
An analysis of the distribution and character of interrelationships between humankind and the environment, including such topics as origin and dispersal of technology, livelihood patterns, and urbanization.

Attributes: Liberal Arts, Systematic Inquiry, GE2: SSMS, GE2A: SSMS, GE3: SSCI
Projected Offerings: Fall 2009, Fall 2010

GEO285 Geography of Hazards (3)
Explores hazardous physical processes in the atmosphere and lithosphere, both natural and human induced. Introduces spatial analysis of hazards, and the science of risk assessment.

Attributes: Liberal Arts, GE3: NSCI, Systematic Inquiry
Projected Offerings: Spring 2010

GEO293 Geography Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

GEO295 Indep Study Geography
No description is available for this course.

GEO301 Geography of the United States and Canada (3)
Geographical patterns of the natural, economic, social and political features as they interrelate to form the regions of North America.

Attributes: Liberal Arts, GE2: USST, GE2A: USST, Writing Intensive
Restrictions: May not be enrolled in the following classification: Freshman

Attributes: Liberal Arts

GEO307 Understanding Latin America (3)
Synthesis of the physical, cultural, and economic realities in Latin America.

Attributes: GE2: AALA, GE2A: AALA, Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
GEO308 Geography East Asia (3)
This course examines the physical and cultural geography of China, Japan, Korea and Vietnam. Using case studies, the course focuses on rural and urban landscapes, natural resource distributions, population dynamics, economic development, and natural disasters.

Attributes: Liberal Arts

GEO310 Gender and Environment (3)
The gendered nature of environment degradation; gender-sensitive theories and methodologies for the study of and solution to environmental problems.

Attributes: Liberal Arts, Systematic Inquiry, GE3: SSCI
Restrictions: May not be enrolled in the following classification: Freshman

GEO330 Geography of Soils (3)
Study of geographical distribution of soils and their relationship to ecosystems, with emphasis on the interconnections between social relations, human impact, and soil quality. Possible field trip(s).

Attributes: Liberal Arts

GEO381 Cartography (4)
History and principles of map-making, projections, scales, symbols, design, and mapping systems in relationship to effective presentation and communication of geographic data and analysis of spatial relationships. Computer applications are included. Lecture and laboratory.

Attributes: Liberal Arts
Projected Offerings: Fall 2009, Fall 2010

GEO382 Remote Sensing (4)
Principles, methods, techniques of remote sensing - including air photo interpretation and photogrammetry; their use in identification, analysis, and management of physical, cultural, and economic resources, application to geography and related physical and social sciences. Computer applications are included.

Attributes: Liberal Arts
Prerequisites: (GEO273 or 48273) or (GLG220 or 50220) or (ANT211 or 07211)
Projected Offerings: Spring 2010

GEO383 Introduction to Geographic Information Systems (3)
An introductory overview of geographic information systems (GIS), a major technological innovation in the analysis and presentation of spatial data. Topics include theoretical and practical aspects of spatial data collection, storage, analysis, and display. Computer lab projects providing practical experience with popular GIS hardware and software are an essential part of this course.
**GEO384 GPS Practicum (1)**
Overview of the components and use of the global positioning system (GPS). Use of survey-grade receivers and post-processing software to collect and prepare digital spatial data for use in a geographic information system (GIS).

**Attributes:** Liberal Arts  
**Prerequisites:** (GEO383 or 50383)  
**Projected Offerings:** Fall 2009, Fall 2010

**GEO393 Geography Selected Topic (3)**
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

**GEO399 Modular Course**
No description is available for this course.

**GEO405 Political Geography (3)**
Analysis of the causes and consequences of the geographical patterns of political phenomena, with emphasis on nations and states. General principles will be illustrated by case studies.

**Attributes:** Liberal Arts  
**Restrictions:** May not be enrolled in the following classification: Freshman  
**Prerequisites:** (GEO240 or 50240) or (POL227 or 77227) or (POL324 or 77324)

**GEO406 Natural Resources: Utilization and Management (3)**
Distribution, use, and management of natural resources as they affect economic development in both the historical and present sense.

**Attributes:** Liberal Arts  
**Restrictions:** May not be enrolled in the following classification: Freshman  
**Prerequisites:** (GEO252 or 50252) or (GEO273 or 50273) or (GEO274 or 50274)

**GEO480 Internship in Geography (3,6, or 9) (3)**
Opportunity for students to gain experience related to the geography curriculum. Work as an intern in one of the agencies cooperating in this program. These governmental and private agencies are involved in planning and environmental concerns. Content of the course varies with the interest of the student and the nature and needs of the cooperating agency.

**Attributes:** Liberal Arts  
**Restrictions:** May not be enrolled in the following classification: Freshman  
**Co-requisites:** GEO481  
**Projected Offerings:** Spring 2010, Spring 2011
GEO481 Internship Seminar (1)
Academic complement to GEO480. Interns and faculty meet to relate concepts of academic discipline to internship experience.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Corequisites: GEO480
Projected Offerings: Spring 2010, Spring 2011

GEO483 Geographic Information Systems Applications (3)
An intermediate-level exploration of theoretical and practical issues arising in the use of typical geographic information systems (GIS) applications. Representative examples of a variety of GIS applications will be analyzed. Computer lab projects providing practical experience with popular GIS hardware and software are an essential part of this course.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Prerequisites: (GEO383 or 50383)
Projected Offerings: Spring 2011

GEO493 Geography Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: May not be enrolled in the following classification: Freshman

GEO494 Fieldwork In Geography (1)
No description is available for this course.

Restrictions: May not be enrolled in the following classification: Freshman

GEO495 Indep Study Geography (1)
No description is available for this course.

Restrictions: May not be enrolled in the following classification: Freshman

Major in History - 35 credits

NOTES: All majors are required to write a 2-3 page ‘Exit Essay’ as a requirement for graduation. Only marks of ‘C-‘ or above can count for major courses. All majors must take, with the approval of an advisor, at least one (1) course ‘PRE-1500’ and at least one course ‘POST-1500’.

I. Two courses in United States History (6 credits) -- at least one of these courses should be a survey
II. Two courses in European History (7-8 credits) -- at least one of these courses should be a survey
III. Two courses in Africa, Asia, Latin America, American, Indian, Middle East, and/or Russia (6-8 credits)
IV. Four Electives (three of which must be upper-division) (12 credits)
V. Final Research Project (3 credits) -- either Seminar in History (HIS492) or 400-level course in which student writes a 25-30 page research paper with permission of instructor.

Senior Thesis with Honors in History

Qualified students pursuing a liberal arts major in history may apply to research and write a senior thesis under the direction of a member of the department. Successful completion of the thesis will enable the student to graduate with honors in history, a distinction that will appear on the College transcript. Application must be made during the pre-registration of the last semester of the junior year. For further details, consult with the chair of the History Department.

Qualifications: Open to department liberal arts majors only; 3.00 cumulative average in all course work at the College; 3.50 average in history course work; a minimum of 24 credits in history before acceptance.

The Journalism major offers students practical training in how to gather and write news, as well as a theoretical understanding of how the news media operate in American society. The program focuses on developing skills that will prepare students for careers in media and public relations.

Students in news writing courses work in computer laboratories, writing stories under deadlines. In other classes they edit and design publications on state-of-the-art computers. All journalism students are required to complete an internship. Many do so at the Legislative Gazette, a weekly newspaper in Albany. The Gazette, which has a full-time professional editor, readies students for the work force, where more than one-third of the nation’s economy is now centered on the processing of information.

Students who select a concentration in public relations take a combination of theoretical and practical courses in journalism, ethics, persuasion, media and advertising, as well as public relations. The concentration prepares public relations practitioners to become communication experts within corporate, non-profit and government organizations, and public relations agencies. Students learn how to write and design public relations materials and how to plan public relations campaigns and special events. Both oral and written communication skills are emphasized. Learning how to conduct research is also an important component. Students who wish to concentrate in Public Relations must have a 2.50 GPA to enter the program.

Students may not receive a grade lower than “C-” in any course considered part of the student’s major program.

The Latin American Studies Program is an interdisciplinary program of academic work designed to give students a broad understanding of Latin America’s people, societies, cultures, history, literature and the arts. The courses on Caribbean and U.S. Latino topics bring the material closer to home as some students are heritage learners. The program enjoys good support from students and others who attend our lectures, artistic and cultural events every semester. It also offers study abroad opportunities in Ecuador, Argentina, Brazil, and Mexico.

The program is coordinated by the Latin American Studies Committee, composed of faculty members from various disciplines who teach courses about Latin America and provide academic advising to students. The Committee seeks to maintain high academic standards by reviewing the progress of students and approving appropriate courses for credit.

Graduates with expertise in Latin America are sought by employers in many professions, including academia, business, education, government, law enforcement, medical and social services, international companies/organizations, and non-profits. Combining a Latin American Studies major/minor with a Spanish major/minor enhances career options in the global market.

Members of the Latin American Studies Faculty are:
Wilma Feliciano, Coordinator of Latin American Studies
Ligia Aldana, Department of Foreign Languages
Joseph Britto, Department of History
Elisa Davila, Department of Foreign Languages
Patricia Fitzpatrick, Department of Foreign Languages
Anita Gonzalez, Department of Theatre
Linda Greenow, Chair, Department of Geography
Isidoro Janeiro, Department of Foreign Languages
Benjamin Junge, Department of Anthropology
Zelbert Moore, Department of Black Studies

The Law and Politics program at New Paltz provides students interested in law with two ways to structure their courses in this field. Students may either (1) declare a major in Political Science, with a concentration in Law, or (2) students may declare a minor in Law and Politics, offered in the Department of Political Science and International Relations. The Law concentration within the Political Science major requires 12 credits of upper-division, law-related courses offered in the department. The Law and Politics minor is an 18-credit, interdisciplinary program, with law-related courses from such departments as Political Science, International Relations, Philosophy, Journalism, Business, Sociology and Black Studies. For further information on both of these programs, see the chair of the Department of Political Science and International Relations (JFT 806), the pre-law advisor (JFT 808), as well as program and course descriptions elsewhere in this catalog.

An interdepartmental minor program in linguistics is available to students interested in the scientific analysis and comparison of languages or in improving their theoretical understanding of language in connection with practical language study. Students who might be interested in a linguistics minor would usually major in a subject such as anthropology, communication, computer science, English, and any education curriculum. Completion of the linguistics minor adds strength to such majors.

For the minor in linguistics the student must take LIN201 Introduction to Linguistics and, by advisement, fifteen credits in courses from among those listed under “Linguistics” each semester in the Schedule of Classes. Students will ordinarily be advised to take at least one course in syntax and one in phonetics. Students may utilize cognate courses in such areas as acoustics or speech pathology to satisfy minor requirements. Students must complete at least twelve credits from outside his/her major department toward the linguistics minor.

General Education Requirements

Students graduating from the State University of New York at New Paltz must fulfill General Education requirements. These requirements are designed to encourage students to develop an appreciation of the value of learning for its own sake and to pursue the broader goals of self-understanding and comprehension of their world. Nursing students are allowed to waive certain requirements in General Education and to substitute specified nursing courses for certain General Education III requirements. Consequently nursing majors will meet General Education III requirements by completing the nursing prerequisites and the nursing major together with Freshman Composition I and II, and two of the three categories: Art, Western Civilization or United States Studies. Students will be assigned a nursing advisor as pre-majors the initial semester of matriculation.

One hundred and twenty academic credits are required for graduation. All prerequisite and required upper-division course work must be successfully completed with a grade of “C” or higher for progression in the curriculum and graduation from the major.

Philosophy

Philosophy is the ‘love of wisdom.’ It involves a relentless probing of the most profound and difficult questions concerning human beings and their place in the universe. It is therefore the most comprehensive study. The Department of Philosophy offers a program designed to acquaint students with the major divisions of philosophy and with the principal historical and contemporary figures and schools. The study of philosophy is excellent preparation for a variety of vocations and professions, as well as for graduate study medicine, law, government, business, and journalism.

The Department of Philosophy offers a major and a minor. Students should plan their programs in consultation with the department chair or another member of the Philosophy faculty as soon as they decide to major or minor in philosophy. Philosophy students are urged to complete a minimum of 15 credits in a foreign language, and to gain as broad an education in other subject areas as possible.

The Political Science/International Relations programs at New Paltz are designed to be both academically sound and responsive to student desires for practical experience and career preparation. A wide range of courses is offered in American government, international relations, political theory, comparative politics, law and law-related fields. In addition to the regular offerings, a number of “selected topics” courses may be given to serve student and community interest in current domestic and international issues.

We offer two majors – one in Political Science and one in International Relations – and minors in each of these disciplines, as well as a minor in Law and Politics.

The department offers a variety of academic credit-bearing options outside of the traditional classroom. Semester-long, 15-credit internship opportunities are available in Washington, D.C. through the SUNY Washington Program (a 6-credit summer internship in D.C. is also available) and in Albany each spring through the New York State Legislative Internship Program.

Another experience-based program is an internship in journalism and politics. In cooperation with the School of Business and the Department of Communication and Media, the department facilitates an internship opportunity with the Legislative Gazette, a weekly newspaper published in Albany by New Paltz students as the paper of record for the New York State Legislature. Graduates of all internship programs have found positions in state and federal government, industry, media relations, public policy, and communications and print journalism.

Students in International Relations have secured internships at the United Nations and at the Center for International Development in Albany.

The department provides credit-bearing courses that enhance students’ understanding of and engagement with the United Nations. We send 15 students to participate as an official delegation to the Harvard Model United Nations (HMUN) each February in Cambridge, for which students earn three credits for their preparation for this simulation. We also offer a unique, 6-credit course each spring, the United Nations Semester, which combines traditional classroom study of international organizations with weekly trips to the United Nations for pre-arranged meetings with diplomats, policy makers and UN personnel. The newest of these courses with extracurricular features is the SUNY Model European Union (SUNYMEU) simulation, held each spring with participation by
students from New York state colleges and from partner universities in Europe. In alternating years, this program meets at an international university.

The undergraduate major in International Relations is one of the few of its kind in New York State, reflecting New Paltz’s long history of interest in international issues. As an interdisciplinary major, students take courses in political science, history, economics, anthropology, sociology, geography and black studies, and work with a diverse and highly qualified faculty, virtually all of whom have lived and worked overseas.

Interest in pre-law training, in preparation for law school admissions, and advanced graduate work in law, legal process, and judicial behavior is met with an extensive range of courses within Political Science. A pre-law adviser works with students to prepare them for law school admission.

**Honors**

A departmental honors program allows the department to recognize student excellence in Political Science or International Relations. Student majors who maintain a college GPA and a GPA in Political Science or International Relations of 3.3 may apply to do
individual Honors Research (POL491) for 3 credits. The full department will review the
student’s final paper, and will determine whether it warrants a recommendation of
“Honors in Political Science” or “Honors in International Relations.”*

*Please note that the department is considering changes to its requirement for
departmental honors. Interested students should check with the department about the
status of these revisions.

A chapter of Pi Sigma Alpha, the national political science honor society, was established
by the department at SUNY New Paltz in 1979 and charter members were inducted in
that year. Each year, outstanding eligible undergraduates at New Paltz are invited to join
the society. Membership is open to students, regardless of major, if they meet the
following requirements: 1) completion of at least 60 college credits; 2) completion of at
least 15 credits in Political Science, either at SUNY New Paltz or in transfer; 3)
completion of at least 3 credits of Political Science at the upper-division (300) level; 4) a
GPA of at least 3.3 in Political Science classes, at SUNY New Paltz and at other schools;
and 5) an overall GPA of at least 3.0, at SUNY New Paltz and at other schools.

The Psychology program at New Paltz has been designed to reflect the varying needs and interests of undergraduate psychology majors. The interests of students who major or minor in psychology generally fall into one of three categories: (1) those who want a general background in psychology but don’t intend to seek employment in the field of psychology, (2) those who want to apply some principles and techniques of psychology in an employment situation; and (3) those who want to pursue a career in psychology with a graduate degree. Since psychology is an empirically based science, it is desirable for psychology majors to have the skills both to interpret and to generate new information. To that end, courses in statistics and research methodology are required of all majors. In addition, all psychology majors take a capstone, writing intensive seminar in which they demonstrate their mastery of the techniques and the content areas of the discipline. Students majoring in psychology are advised to acquire a broad range of training in Liberal Arts. Elective courses in anthropology, biology, business, communications, computer science, history, philosophy, political science, and sociology are strongly recommended.

Students must have a 2.50 total cumulative grade point average to declare a major in Psychology. They must also have completed Introductory Psychology.

The Psychology Department also offers two minors. The Psychology minor provides a representative sampling of psychological research, theory, and practice. This minor would be valuable to anyone whose career would benefit from a deeper understanding of human thought, emotion, or behavior. The Industrial-Organizational Psychology minor provides a background in the application of psychology to business and other organizational settings. This minor is particularly appealing to Business Administration and Communication & Media majors. Both are 18-credit (6-course) minors.

Students also have the opportunity to minor in either or both of the following interdisciplinary programs housed within the Psychology Department:

Minor in Disaster Studies (18 credits)  
The Disaster Studies minor introduces students to both practice and research in disaster studies with a focus on the emerging field of disaster mental health. The minor includes three required classes (Disaster Psychology, Crisis Intervention, and Practicum in Psychology), plus three courses in anthropology, black studies, communication and media, political science, psychology, or sociology. Students interested in learning more
Minor in Evolutionary Studies (18 credits)
The Evolutionary Studies minor is designed to offer undergraduates the opportunity to develop a deep, broad, and critical understanding of evolutionary principles. The minor includes an Evolutionary Studies Seminar plus selected courses in anthropology, biology, English, economics, geology, and psychology. Students interested in learning more about this minor should contact the program’s director, Dr. Glenn Geher (845-257-2379 or 845-257-3091; geherg@newpaltz.edu).

The interdisciplinary minor in religious studies gives students the opportunity to engage in the study of religion from the perspective of a number of different disciplines, including anthropology, philosophy, history, literature and sociology. Religions of the World is an introductory survey of the principal world religions. Courses in Group I concern religion in general, while those in Group II examine particular religious traditions, texts, practices, and other phenomena. The coordinator may in individual cases allow credit for appropriate cognate courses or independent study.

Sociology is the study of human social life. We are all greatly influenced by the people around us and by the society in which we live. Thus, if we want to understand why people behave and think as they do, we need to systematically examine the social conditions under which people are living. This is what will enable us to understand the origins of social problems such as poverty, racism, violence and gender inequality. A sociological perspective enables us to understand these issues and allows us to develop solutions for these social ills. Through the sociology major students will learn about the methods of sociological research and will gain an understanding of the theoretical perspectives utilized in the discipline. A sociology degree prepares students for a number of specific careers, while providing a perspective that is valuable throughout life.

The Department of Sociology offers three program options. Students who want exposure to a wide array of sociological topics can major in the basic Sociology Program. This includes a set of core course requirements as well as a broad array of elective topics of the student’s choosing. Students may also elect to concentrate in a particular area of sociological study by taking an additional set of prescribed courses in one of two concentrations. Students can choose to concentrate in Human Services, a program that will prepare students to work directly with people in need of support. A third option is the Criminology Concentration, a program designed for students with a focused interest on the issue of crime.

Sociology Concentration in Human Services - 59-60 credits

The Concentration in Human Services is a comprehensive educational program that prepares students to work in human services. Graduates work with children, youth and adults who are disadvantaged and/or have special needs. They work in, e.g., children’s homes, criminal justice agencies, runaway and domestic violence shelters, day treatment centers, and community residences. Graduates can also work in preventative settings. Many graduates have gone on to graduate schools in fields such as social work, special education and guidance counseling. Some of the main features of the Concentration in Human Services are three supervised field education internships, staying together as a group throughout the educational process, and an emphasis on arts and recreation.

Students interested in the Concentration in Human Services must take Introduction to Human Services (SOC350) prior to or as a co-requisite to Human Services I (SOC443) and Field Education I (SOC480), which are both offered in the spring semester of their junior or sophomore year.

Women’s Studies encompasses the study of women, gender, and sexuality. Drawing on the expertise of faculty based on other departments as well as faculty based in Women’s Studies, the program enables students to develop a feminist perspective on traditional disciplines and to cross disciplinary boundaries in order to explore women’s experiences in the U.S. and globally. Students examine the ways that gender intersects with other systems of domination, think critically about ways to challenge violence and injustice, and work together to envision a more just and humane world.

In our practicum course, students gain experience working with organizations that serve or mobilize women. In our senior seminar, they pursue independent research in topics of their own choosing. An interdisciplinary course, *Women: Images and Realities*, provides the introduction to the program.

The Women’s Studies Program at SUNY New Paltz is committed to improving the position of women on campus and in the community. It sponsors lectures, panels, and films, and every two years, it hosts a conference. A colloquium series provides a forum for students and faculty to discuss their research in Women’s Studies.

III. INDIVIDUALIZED PROGRAM…..12 credits
As part of your Women’s Studies major, you will be taking 12 “Individualized Program”
credits (with no more than 3 lower division credits.) This component of your major plan calls for you to design (in consultation with your advisor) a set of courses exploring an area of Women’s Studies scholarship and practice in depth. Your Individualized Program is designed using WOM or cross-listed courses. Courses satisfying the Individualized Program requirement are taken in addition to required Core and Cluster credits. The goal of the Individualized Program is that each major should be able to design a course of study that meets her/his interests and goals, and that Women’s Studies majors will come away with a depth of knowledge in one area of the broad discipline of Women’s Studies.

Here are some examples of possible Individualized Program plans.* For a given example, the courses listed are not necessarily the only ones that might be appropriate. Please also remember that you are encouraged to define and design the Individualized Program that most meets your needs and interests. All Individualized Program plans must be designed in consultation with and approved by your major advisor.

Caring, Critical, and Reflective Professionals Responsive to the Needs of a Diverse Society

The School of Education is committed to the preparation of caring, critical, and reflective professionals who are academically strong, pedagogically skilled, and responsive to the needs of our diverse society. We strive to prepare teachers and school administrators who create classroom and school communities where all students learn in meaningful ways. Our work is grounded in these values and commitments, which we strive to nurture in ourselves as in our students:

- Inquiry
- Intellectual growth
- Professionalism
- Appreciation of human diversity
- Advocacy for students
- Democratic citizenship

The Elementary Education Program is a **four-year BS program** that leads to eligibility for certification in Elementary Education. To obtain this certification, students must complete the program and pass ALL of the required New York State Teacher Certification Tests. The School of Education at SUNY New Paltz offers this program for candidates who are willing to make a commitment to teaching a broad range of students in elementary classrooms. This is a rigorous program which requires extensive field experiences in sites chosen by the Student Teaching coordinator for their appropriateness. **Candidates are responsible for their own transportation to field sites and cannot expect to have sites close to the New Paltz campus or their homes.**

**All efforts are made to find sites within one hour of the New Paltz campus.** This program is designed for candidates to enter in their sophomore year after earning thirty or more credits with an overall GPA of 2.75.

Curriculum

The Department of Elementary Education offers programs in the following certification areas:

1-6 Childhood
B-2 Early Childhood

Students choosing these programs take a broad background of course work geared to teaching on all levels from birth through grade six. Fieldwork is done in selected schools on at least two levels from birth through grade six. Those successfully completing this program earn a Bachelor of Science in Education and are qualified to receive certifications from the State Education Department for teaching either Birth-2 or 1-6 grade levels. A minimum of 120 academic credits is needed for the baccalaureate degree with certification.
Prerequisites

Prerequisites for Application to the Elementary Education Program

The following are the guidelines for declaring a major in the Elementary Education Curriculum:

- A 2.75 or better overall GPA.
- A current resume.
- Unofficial copy of a transcript from each college you attended.
- Meeting with the Education Advisor.
Requirements

The required course work falls under three categories:
A. General Education Requirements
B. An approved liberal arts major
C. Professional Education courses

A. General Education Requirements

Students in the Childhood Education programs take selected course work under advisement to fulfill the College’s General Education requirements. All upper sophomore New Paltz students must see the Education Advisor concerning the education curricular programs (South Classroom Bldg. 112).

B. Approved Liberal Arts Majors - 30-38 Credits

Students must complete an approved academic major. Transfer courses for which advanced standing has been given and which are comparable to those meeting major requirements or are appropriate to an individualized major may be acceptable under advisement.

Majors for Early Childhood and Childhood Education Students
The majors for Early Childhood and Childhood Education students have been selected from the College of Liberal Arts. These majors include: Art History, Biology, Black Studies (historical core or language arts core), Earth Science (Geology), English, French, Geography, History, Mathematics, Political Science and Spanish. The selected majors are directly in accord with New York State Learning Standards. They provide depth in a content area and the sequence of courses has coherence and increased expectations of student performance. The courses are available to other students in addition to Early Childhood (Birth through Grade 2) and Childhood (Grades 1-6) Education programs.

Transfer Students

Students transferring to New Paltz may have special problems in fulfilling General Education requirements. They are referred to the Education Advisement Office (SCB 112, 257-2805 or 257-2807) where they will be advised specifically on how to complete the General Education requirement.
Mandatory Training

All candidates for teacher certification will complete a state-mandated two-hour training lecture in recognizing and reporting child abuse or neglect. Group sessions will be provided on campus, or students may take the training from social service agencies or hospitals. This is not a credit course and evidence of training must be documented.
Schools Against Violence in Education Act

All students, in addition to other college and certificate requirements, will complete two hours of course work or training in school violence and prevention. Students will receive a list of approved providers and/or institutions that will offer the course work or training.
New York State Teacher Certification Examinations

Effective February 2, 2004, prospective early childhood and childhood school teachers (Birth-6) are required to achieve passing scores on the Liberal Arts and Science Test (LAST), on the Elementary Assessment of Teaching Skills-Written (ATS-W), and the Content Specialty Test (CST) for the initial certificate. SCB 112, 257-2807 or 2805.

Secondary Education > Additional Requirements

Apply for a Student Teaching assignment two semesters in advance: by April 30 for a spring assignment the following year; by November 30 for the fall, SCB 104, Office of Student Teaching.

Successful completion of the New York State Certification Examination: Liberal Arts and Sciences Test (LAST), Assessment of Teaching Skills-Written (ATS-W) and Content Specialty Test (CST).

A requirement of 3-8 credits in the study of a language other than English must be met. Students with no previous language study must complete a two-semester sequence in a language; students who can be placed at an intermediate or advanced level must complete one course. (Please Note: The study of sign language satisfies the New York State teacher certification requirement but does not satisfy the College’s general education requirement.)

Two state-mandated workshops are required for all students: 1) workshop in recognizing and reporting symptoms of child abuse and 2) safe schools workshop in dealing with school violence.

Prospective Art students must first be accepted into SUNY New Paltz. Upon acceptance to the college, students interested in Art programs and meeting departmental academic requirements* will be asked to submit a portfolio to determine admission to the Art Department. (Portfolio content and submission requirements differ for freshmen and transfer students; specific information is available at www.newpaltz.edu/art/admissions.html.) Students accepted into the Art Department will be placed according to the strengths of their artistic capabilities, as demonstrated by the proficiency and promise of work included in their portfolios.

Accepted students enter as prospective candidates for the Bachelor of Arts (BA) or Bachelor of Science (BS) degree in Visual Arts or as a pre-major in Art Education. Upon completion of the Art Department foundation core and basic studio classes in a particular medium, students in the BA or BS program may choose to apply to one of the Bachelor of Fine Arts (BFA) degree programs. Entrance into a BFA program is by portfolio and interview; the student applies directly to the specific program of interest.

* A minimum grade point average of 2.75 is required for admission to the Art program; a minimum grade point average of 3.0 is required for admission to the Art Education program.

Transfer Applicants:
A grade of “B” or above is required for any course to be considered for transfer credit. Up to 12 credits for the equivalent of New Paltz freshman foundation courses (Drawing: Visual Thinking I, Drawing: Visual Thinking II, Integrated Design I: Space and Form, Integrated Design II: Forces) will be accepted on the basis of transcript alone. Credit for other studio courses beyond the foundation sequence (and appropriate placement in our course sequences) shall be determined by portfolio review.

Visual Arts

Students who are accepted into the Art Department are enrolled in the Bachelor of Science (BS) in Visual Arts degree program. This degree allows great flexibility in the studio arts because the student may choose to concentrate their studies in one particular studio or pursue an interdisciplinary path. The BS degree provides an abundant breadth of knowledge while allowing the student to develop skills in multiple mediums. The balance of art classes to liberal art classes provides a well-rounded undergraduate education.

The Art Department also offers a Bachelor of Arts (BA) in Visual Arts degree that is frequently used by those with a double major (e.g., psychology and art, art history and art). In addition to the Foundations core courses, students in the BA degree complete five studio classes and requisite art history classes. The student may concentrate in an individual discipline or take a range of studio classes. The objective of this curriculum is to provide broad-based liberal arts education with a fundamental understanding of studio art practice.

Fine Arts

Upon completion of the Art Department Foundations core and basic studio classes in a particular medium, students in the BA or BS program may choose to apply to one of the Bachelor of Fine Arts (BFA) degree programs. Entrance into a BFA program is by portfolio and interview; the student applies directly to the specific program of interest. Programs include the following:

Ceramics
The ceramics program provides a dynamic environment for the artistic growth and development of the student through a thoughtful and challenging inquiry of both materials and meaning. Faculty are distinguished studio professionals who offer an extensive curriculum in all aspects of ceramics and work with students to help inspire their own unique expression. Spacious, well-equipped studios provide excellent facilities for fabrication, glazing, and all methods of firing. Frequent trips to museums, artists’ studios, historical and industrial sites complement the curriculum.

Graphic Design
The graphic design option offers courses that range from the historically based to the technologically advanced. Emphasis is placed on the exploration of how visual communications are accomplished, through discussions of communication theory and contemporary practice. Facilities include state-of-the art computer labs, with high resolution printers, scanners, and a high-speed Internet connection, as well as a letterpress type lab, and generous studio space for majors. Graduates go on to successful careers in
many areas of design, including web-page design, multi-media interactive design, and
publishing.

**Metal**
An outstanding faculty of metal artists train future practitioners in an extremely
comprehensive program of study. Specific courses are offered in construction and
fabrication, enameling, and metal forming as well as contemporary issues in metalwork.
Unusually well-equipped studios provide complete facilities for practice in most
techniques and formats associated with the discipline. Instruction is supplemented by
frequent trips to galleries, museums, artists’ studios and workshops. Emphasis in each
class is placed on the balance of creative exploration and technical control.

**Painting**
Professional painters, representing varied stylistic approaches, work closely with students
in encouraging them to explore the many possibilities for image development offered by
different media techniques and conceptual processes. Students work with oils, acrylics,
and watercolor as well as a full-range of drawing media. Senior BFA students are
provided with private studio spaces. The proximity of New York City affords ready
access to galleries, museums, and artists’ studios.

**Photography**
Professional skilled fine arts photographers help students to explore various aspects of
this popular discipline, including manipulative, experimental, mixed media, and digital
photographic techniques. Students are encouraged to develop a personally expressive
imagery within the context of technical proficiency and control. Laboratories for general
developing, printing, color printing, and mixed media processes are provided. The
program is oriented towards photography as a fine art as well as commercial applications
of photography.

**Printmaking**
Spacious studios, equipped with lithograph and etching presses, silk screens, copy
camera, enlarger, and computers offer printmaking students excellent facilities for the
development of artistic and technical skills. Highly respected artist-teachers work closely
with students, encouraging them to evolve mature styles within the context of
professional practice. Specific courses involve experience in lithography, serigraphy,
intaglio, and relief. Advanced students may study full-color printing and photo printing as
well as mixed media and inter-disciplinary projects.

**Sculpture**
Practicing sculptors assist students in learning to master the skills, techniques, and
creative approaches essential in the training of sculptors. Studio practice includes
experience with clay, steel, stone, wood, bronze and other materials. Students are
provided with large and well-equipped work spaces necessary for creating sculpture in a
broad range of sizes. The instructional program is supplemented by trips to galleries,
museums, and stone yards.

Art Department > Minor

Minor in Art Studio - 18 credits

Acceptance Requirements
Completion of 30 college credits with proof of minimum grade point average of 2.50 and approval of the Art Studio Department Chair. The Art Studio Minor is available only to non-Art Studio Majors.

Program Requirements
Successful completion of 18 credits from the following categories:

A. 3-6 Credits from the following courses
ARS105 Introduction to Drawing and Design I (3)
ARS110 Introduction to Ceramics (3)
ARS120 Introduction to Metal (3)
ARS140 Introduction to Painting (3)
ARS150 Introduction to Photography (3)
ARS160 Introduction to Printmaking (3)
ARS170 Introduction to Sculpture (3)

B. 3-6 Credits from the following courses
ARS102 Integrated Design I: Space and Form (3)
ARS103 Integrated Design II: Forces (3)

C. 6-12 Credits from the following courses
ARS100 Drawing: Visual Thinking I (3)
ARS101 Drawing: Visual Thinking II (3)
ARS205 Computer Aided Graphic Design (3)
ARS210 Basic Ceramics (3) *
ARS220 Basic Metal (3) *
ARS240 Basic Painting (3) *
ARS250 Basic Photography (3) *
ARS270 Basic Sculpture (3) *
ARS280 Basic Printmaking (3)
*Enrollment in basic classes is not automatic and requires permission of instructor (PI) if not an art major.

Should students favor pursuing advanced level courses in any of the above areas, they may enroll with permission of instructor and the chair after satisfactory completion of the basic course.
**ARS100 Drawing: Visual Thinking I (3)**
This course is designed to present two basic attitudes towards drawing - first, that of drawing as preparation for larger works or ideas, and second, that of drawing as an end in itself. FEE FOR MATERIALS.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

---

**ARS101 Drawing: Visual Thinking II (3)**
Drawing: Visual Thinking II will build conceptually on Drawing: Visual Thinking I, but will place greater emphasis on experimental processes, independent problem solving, and the development of a personal vocabulary. FEE FOR MATERIALS.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** (ARS100 or 09100)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

---

**ARS102 Integrated Design I: Space and Form (3)**
Integrated Design I: Space and Form combines two and three dimensional approaches to the concepts of space/scale, site/context, and color/light. FEE FOR MATERIALS.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

---

**ARS103 Integrated Design II: Forces (3)**
This course combines three and four dimensional (kinetic) approaches to the concepts of time/movement, gravity/weight, and process/materials. FEE FOR MATERIALS.

**Attributes:** GE2: ANSK, GE2A: ANSK, GE3: ART, Effective Expression/Aesthetic

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

---

**ARS105 Intro to Drawing and Design I (3)**
Specifically oriented for students who have had little or no formal art instruction, this course offers assistance in the development of artistic potential. Problems in drawing, painting and design using a variety of processes and materials. No previous art experience required.

**Attributes:** GE3: ART, GE2A: ART, GE2: ASXP, list 1, Effective Expression/Aesthetic, Liberal Arts, Performance

**Restrictions:** Must be enrolled in the following level: Undergraduate; May not be enrolled in one of the
following majors: Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS106 Intro Drawing and Design 2 (3)
No description is available for this course.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in one of the following majors: Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

ARS110 Introduction to Ceramics (3)
Introduction to basic concepts, tools and methods to form, glaze, decorate and fire pottery and ceramics.

Attributes: GE3: ART, GE2A: ART, GE2: ASXP, list 1, Effective Expression/Aesthetic, Liberal Arts, Performance
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in one of the following majors: Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS112 Art Seminar (3)
Art Seminar is a series of discussions and workshops. Through dialogue, writing, and independent projects students develop connections between critical thinking and their art studio work.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in the following major: Visual Arts
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS120 Introduction to Metal (3)
Introduction to the basic concepts, design and execution of jewelry and objects in a variety of metals requiring different techniques.

Attributes: GE3: ART, GE2A: ART, GE2: ASXP, list 1, Effective Expression/Aesthetic, Liberal Arts, Performance, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in one of the following majors: Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS140 Introduction to Painting (3)
Basic course in the use of materials and organizational concepts in painting (use of light, value and color).

Attributes: GE3: ART, GE2A: ART, GE2: ASXP, list 1, Effective Expression/Aesthetic, Liberal Arts, Performance
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in one of the following majors: Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011
ARS150 Introduction to Photography (3)
Introduction to photographic concepts, camera use, process and techniques. May be
darkroom or digital. Please check with instructor.

Attributes: GE3: ART, GE2A: ART, GE2: ASXP, list 1, Effective Expression/Aesthetic, Liberal Arts, Performance
Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in one of the
following majors: Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

ARS160 Introduction to Printmaking (3)
Survey of studio experience covering basic printmaking processes.

Attributes: GE3: ART, GE2A: ART, GE2: ASXP, list 1, Effective Expression/Aesthetic, Liberal Arts, Performance, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in one of the
following majors: Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS170 Introduction to Sculpture (3)
Introduction to sculptural processes involving the use of tools, materials, fabrication
techniques and organization of forms in space.

Attributes: GE3: ART, GE2A: ART, GE2: ASXP, list 1, Effective Expression/Aesthetic, Liberal Arts, Performance
Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in one of the
following majors: Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS193 Art Studio Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult
the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the
following majors: Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

ARS202 Color (3)
Explores the phenomena of color in their various manifestations including color as
conceptual structure and as perceptual experience. Course work consists of lectures,
discussions, presentations and studio projects in collage and water-based painting media.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the
following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture,
Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education
Prerequisites: (Undergraduate level ARS102 or Undergraduate level 09102)

ARS205 Graphic Design (3)
An introduction to Graphic Design, technique, practice and theory.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the
following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture,
ARS210 Basic Ceramics (3)
Forming, glazing, decorating, and firing of pottery and ceramics. Sculptural possibilities of ceramics. An overview of ceramic history and contemporary work is researched and discussed.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education
Prerequisites: (ARS100 or 09100) and (ARS101 or 09101) or (ARS100 or 09100) and (ARS102 or 09102)
or (ARS100 or 09100) and (ARS103 or 09103) or (ARS101 or 09101) and (ARS102 or 09102) or (ARS101 or 09101) and (ARS103 or 09103) or (ARS102 or 09102) and (ARS103 or 09103)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS220 Basic Metal (3)
Introduction to the broad range of materials, techniques and formats characteristic of metal art.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education
Prerequisites: (Undergraduate level ARS100 Minimum Grade of C or Undergraduate level 09100 Minimum Grade of C) and (Undergraduate level ARS101 Minimum Grade of C or Undergraduate level 09101 Minimum Grade of C) or (Undergraduate level ARS100 Minimum Grade of C or Undergraduate level 09100 Minimum Grade of C) and (Undergraduate level ARS102 Minimum Grade of C or Undergraduate level 09102 Minimum Grade of C) or (Undergraduate level ARS100 Minimum Grade of C or Undergraduate level 09100 Minimum Grade of C) and (Undergraduate level ARS103 Minimum Grade of C or Undergraduate level 09103 Minimum Grade of C) or (Undergraduate level ARS101 Minimum Grade of C or Undergraduate level 09101 Minimum Grade of C) and (Undergraduate level ARS102 Minimum Grade of C or Undergraduate level 09102 Minimum Grade of C) or (Undergraduate level ARS101 Minimum Grade of C or Undergraduate level 09101 Minimum Grade of C) and (Undergraduate level ARS103 Minimum Grade of C or Undergraduate level 09103 Minimum Grade of C) or (Undergraduate level ARS102 Minimum Grade of C or Undergraduate level 09102 Minimum Grade of C) and (Undergraduate level ARS103 Minimum Grade of C or Undergraduate level 09103 Minimum Grade of C)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS230 Basic Digital Photography (3)
This course provides the student with an introduction to the techniques used in creating and manipulating photographs in a digital environment using Adobe Photoshop. Technical material covered includes input methods, image quality, resolution, collage, layers and masks, and output techniques. The potentials of digital photography are explored and discussed. Through readings, discussion and studio projects, the class also addresses how the meaning of photographs may be constructed or altered with the computer. Issues of representation and veracity in digital photography and questions of
appropriation and authorship of images are among the topics which are explored. Students are encouraged to purchase a digital camera, some are provided.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education; May not be enrolled in the following classification: Senior

**Prerequisites:** (ARS100 or 09100) and (ARS101 or 09101) or (ARS100 or 09100) and (ARS102 or 09102) or (ARS100 or 09100) and (ARS103 or 09103) or (ARS101 or 09101) and (ARS102 or 09102) or (ARS101 or 09101) and (ARS103 or 09103) or (ARS102 or 09102) and (ARS103 or 09103)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**ARS240 Basic Painting (3)**
Introduction to the principal concepts, materials, and techniques of painting, with primary emphasis on painting from observation.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** (Undergraduate level ARS100 Minimum Grade of C or Undergraduate level 09100 Minimum Grade of C) and (Undergraduate level ARS101 Minimum Grade of C or Undergraduate level 09101 Minimum Grade of C) and (Undergraduate level ARS100 Minimum Grade of C or Undergraduate level 09100 Minimum Grade of C) and (Undergraduate level ARS102 Minimum Grade of C or Undergraduate level 09102 Minimum Grade of C) or (ARS100 or 09100) and (ARS103 or 09103) or (ARS101 or 09101) and (ARS102 or 09102) or (ARS101 or 09101) and (ARS103 or 09103) or (ARS102 or 09102) and (ARS103 or 09103)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**ARS250 Basic Photography (3)**
Introduction to black and white darkroom techniques and concepts in photography as a visual language, including camera use, film and print processing and presentation. Creative uses and contemporary issues of ethics, semiotics and critical methodology are discussed. Students must have a 35mm camera.

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS270 Basic Sculpture (3)
Introduction to the spatial concepts, materials and techniques utilized in sculpture. Students learn woodworking, metal fabrication and plaster casting while solving conceptual problems. An overview of sculpture (historical and contemporary) is researched and discussed.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education
Prerequisites: (ARS100 or 09100) and (ARS101 or 09101) or (ARS100 or 09100) and (ARS102 or 09102) or (ARS100 or 09100) and (ARS103 or 09103) or (ARS101 or 09101) and (ARS102 or 09102) or (ARS101 or 09101) and (ARS103 or 09103) or (ARS102 or 09102) and (ARS103 or 09103)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS280 Basic Printmaking (3)
Introduction to the printmaking processes in relief, intaglio, and lithograph. Historical development of each medium.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education
Prerequisites: (ARS100 or 09100) and (ARS101 or 09101) or (ARS100 or 09100) and (ARS102 or 09102) or (ARS100 or 09100) and (ARS103 or 09103) or (ARS101 or 09101) and (ARS102 or 09102) or (ARS101 or 09101) and (ARS103 or 09103) or (ARS102 or 09102) and (ARS103 or 09103)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS293 Art Studio Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

ARS295 Independent Study Art (3)
Specific guidelines and required forms available in the Art Department office.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education
Prerequisites:

ARS296 Departmental Elective
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education
ARS299 Modular Course
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

ARS301 Thematic Drawing (3)
Intermediate level study emphasizing a topic-focused approach to image development. A variety of subjects and drawing processes will be explored in depth. May be repeated for credit. FEE FOR MATERIALS.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education
Prerequisites: (Undergraduate level ARS100 Minimum Grade of C or Undergraduate level 09100 Minimum Grade of C) and (Undergraduate level ARS101 Minimum Grade of C or Undergraduate level 09101 Minimum Grade of C) and (Undergraduate level ARS102 Minimum Grade of C or Undergraduate level 09102 Minimum Grade of C) and (Undergraduate level ARS103 Minimum Grade of C or Undergraduate level 09103 Minimum Grade of C)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS302 Material Dialogues (3)
Material Dialogues focuses on the integration of alternative materials and methods not usually associated with conventional formats of making. Emphasis will also be on layered contents and on multiple mediums utilized to create sculpture.

Restrictions: Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education
Prerequisites: (ARS270 or 09270) and (ARS100 or 09100) and (ARS101 or 09101) and (ARS102 or 09102) and (ARS103 or 09103)

ARS303 Figure Drawing (3)
Intermediate level study. Drawing from the model and other natural forms. Emphasis on mastering anatomy, proportion, volumes, lighting and context, as well as interpretive approaches to the human figure. May be repeated for credit. FEE FOR MATERIALS.

Restrictions: Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education; May not be enrolled in the following classification: Freshman
Prerequisites: (ARS100 or 09100) and (ARS101 or 09101) and (ARS102 or 09102) and (ARS103 or 09103)
Projected Offerings: Fall 2009

ARS304 Sonic Measures (3)
Sound/Audio information that is used exclusively as the sole medium in projects and as information that is integrated with other materials and media.

Restrictions: Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education;
May not be enrolled in the following classification: Freshman

**Prerequisites:** (Undergraduate level ARS270 or Undergraduate level 09270) and (Undergraduate level ARS100 or Undergraduate level 09100) and (Undergraduate level ARS101 or Undergraduate level 09101) and (Undergraduate level ARS102 or Undergraduate level 09102) and (Undergraduate level ARS103 or Undergraduate level 09103)

**Projected Offerings:** Fall 2009

**ARS305 Advanced Drawing (3)**
Problems in drawing in all media, encompassing traditional and experimental concepts, techniques and approaches to image development. May be repeated for credit. FEE FOR MATERIALS.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** (ARS301 or 09301)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**ARS306 Visible Systems (3)**
Students explore design methods for traditional and contemporary ways of communication. Class content includes basic level of information design, interface design, web design and print media design.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** (ARS100 or 09100) and (ARS101 or 09101) and (ARS102 or 09102) and (ARS103 or 09103)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**ARS307 Typography (3)**
Writing Without a Pen. Covers technical, formal, and expressive aspects of type, the designer’s primary vehicle for visual communications. May be repeated for credit.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** (ARS100 or 09100) and (ARS101 or 09101) and (ARS102 or 09102) and (ARS103 or 09103)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**ARS308 Type & Image (3)**
Techniques and strategies for combining text with photographic images to create resonant, clear and potent communications. May be repeated for credit.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** Undergraduate level ARS307 Minimum Grade of B- or Undergraduate level 09307 Minimum Grade of B- and Undergraduate level ARS230 Minimum Grade of C or Undergraduate level 09230 and Undergraduate level ARS100 Minimum Grade of C and Undergraduate level ARS101
Minimum Grade of C and Undergraduate level ARS102 Minimum Grade of C and Undergraduate level ARS103 Minimum Grade of C and Undergraduate level ARS205 Minimum Grade of C and Undergraduate level ARS306 Minimum Grade of B-

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS309 Printed Books (3)
A hands-on involvement in producing books that contain sustained texts. Topics include book structures, sequential readings, materials and meanings, etc. May be repeated for credit.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

Prerequisites: (Undergraduate level ARS307 Minimum Grade of B- or Undergraduate level 09307 Minimum Grade of B-) and (Undergraduate level ARS310 Minimum Grade of B- or Undergraduate level 09310 Minimum Grade of B-) and (Undergraduate level ARS306 Minimum Grade of B- or Undergraduate level 09306)

Projected Offerings: Spring 2010, Fall 2010, Spring 2011

ARS310 Visual Language I (3)
An in-depth inquiry into a particular aspect of visual language. Topics vary each time the course is offered. May be repeated for credit.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

Prerequisites: (Undergraduate level ARS306 Minimum Grade of B- and Undergraduate level ARS307 Minimum Grade of B-)

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS311 Graphic Design Applications (3)
Design applications combine studio and practical work. It is an opportunity for students to exercise design skills in a practical setting, with critiques and discussions of projects with faculty and peers. May be repeated for credit.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

Prerequisites: (Undergraduate level ARS306 Minimum Grade of B- or Undergraduate level 09306 Minimum Grade of B-) and (Undergraduate level ARS307 Minimum Grade of B- or Undergraduate level 09307 Minimum Grade of B-) and (Undergraduate level ARS205 Minimum Grade of C or Undergraduate level 09205 Minimum Grade of C)

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS312 New Media 3D + 4D (3)
Students will explore the use of new digital media in the third and fourth dimensions by investigating digital video, DVD authoring, and interactivity/robotics. Students will spend equal time in the computer lab and sculpture studio.

Restrictions: Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education
May not be enrolled in the following classification: Freshman

**Prerequisites:** (Undergraduate level ARS100 Minimum Grade of C and Undergraduate level ARS101 Minimum Grade of C and Undergraduate level ARS102 Minimum Grade of C and Undergraduate level ARS103 Minimum Grade of C and Undergraduate level ARS270 Minimum Grade of C)

**ARS313 Sculpture Casting & Moldmaking (3)**

Mold making and casting processes and techniques used in the production of multiple and singular castings. The course will also explore an assortment of casting materials. Projects for the course will include the integration of castings with other media.

**Restrictions:** Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** (ARS270 or 09270) and (ARS100 or 09100) and (ARS101 or 09101) and (ARS102 or 09102) and (ARS103 or 09103)

**ARS314 Ceramic Materials (3)**

Exploration and research with the nature and methodology of the materials used in ceramics.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** (ARS210 or 09210) or (ARS315 or 09315) and (ARS100 or 09100) and (ARS101 or 09101) and (ARS102 or 09102) and (ARS103 or 09103)

**ARS315 Ceramics: Advanced Throwing (3)**

Learn advanced throwing techniques and develop mastery of skill. Learn how to use the wheel for object making for utility, ceramic sculpture and for model making.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** (ARS210 or 09210) and (ARS100 or 09100) and (ARS101 or 09101) and (ARS102 or 09102) and (ARS103 or 09103)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**ARS316 Sculpture Situations (3)**

Sculpture Situations is an advanced course which addresses the context in which sculpture operates in the contemporary art world. The course investigates installation, site intervention/alteration, public art and performance.

**Restrictions:** Must be enrolled in one of the following majors: Sculpture, Visual Arts, Visual Arts Education; May not be enrolled in the following classification: Freshman

**Prerequisites:** (Undergraduate level ARS100 or Undergraduate level 09100) and (Undergraduate level ARS101 or Undergraduate level 09101) and (Undergraduate level ARS102 or Undergraduate level 09102) and (Undergraduate level ARS103 or Undergraduate level 09103) and (Undergraduate level ARS270 or Undergraduate level 09270)

**Projected Offerings:** Fall 2009

**ARS317 Ceramics Seminar: BFA (3)**

This course investigates historical and contemporary issues relevant to ceramics. Through
reading, research, discussion and presentations, students work to develop a deeper understanding and broader perspective of the craft and art of clay. The course is intended for students concentrating or majoring in ceramics. It is offered alternate fall semesters.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Projected Offerings:** Fall 2009, Fall 2010

**ARS318 Ceramic Sculpture (3)**
Sculpture and architecturally oriented forms using clay as the medium and vehicle of expression. History and concepts explored.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** (ARS210 or 09210) and (ARS270 or 09270) and (ARS315 or 09315)

**Projected Offerings:** Fall 2009, Fall 2010

**ARS319 Contemporary Ideas in Sculpture (3)**
Seminar explores critical viewpoints relevant to the field of sculpture. Course is structured around readings from contemporary and historical sources, discussion, presentations, field research, and the development of a major individual sculpture project.

**Restrictions:** Must be enrolled in one of the following majors: Sculpture, Visual Arts, Visual Arts Education; Must be enrolled in one of the following classifications: Junior, Senior

**Prerequisites:** (Undergraduate level ARS100 or Undergraduate level 09100) and (Undergraduate level ARS101 or Undergraduate level 09101) and (Undergraduate level ARS102 or Undergraduate level 09102) and (Undergraduate level ARS103 or Undergraduate level 09103) and (Undergraduate level ARS270 or Undergraduate level 09270)

**ARS320 Essential Electronics and Kinetics for Artists (3)**
This course instructs students in the use and application of basic electronics and mechanics in their artwork. This is a studio based course where student projects integrate electronics and kinetics. The class also examines and contextualizes this type of work with historical and current art production. This course may be repeated for credit.

**Restrictions:** Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared: Pre-Art Education, Visual Arts, Visual Arts Education; May not be enrolled in the following classification: Freshman

**Prerequisites:** (Undergraduate level ARS100 Minimum Grade of C and Undergraduate level ARS101 Minimum Grade of C and Undergraduate level ARS102 Minimum Grade of C and Undergraduate level ARS103 Minimum Grade of C and Undergraduate level ARS270 Minimum Grade of C)

**ARS321 Construction and Fabrication (3)**
Methods related to building with sheet metal; soldering and welding techniques, as well as mechanical connections. May be repeated for credit.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Metal, Visual Arts, Visual Arts Education

**Prerequisites:** (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220
Minimum Grade of C) and (Undergraduate level ARS100 Minimum Grade of C or Undergraduate level 09100 Minimum Grade of C) and (Undergraduate level ARS101 Minimum Grade of C or Undergraduate level 09101 Minimum Grade of C) and (Undergraduate level ARS102 Minimum Grade of C or Undergraduate level 09102 Minimum Grade of C) and (Undergraduate level ARS103 Minimum Grade of C or Undergraduate level 09103 Minimum Grade of C)

Projected Offerings: Fall 2009, Fall 2010

ARS322 Processes and Experimental Techniques I (3)
Exploration of non-traditional metal techniques, including electroforming and surface treatments. May be repeated for credit.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Metal, Visual Arts, Visual Arts Education
Prerequisites: (Undergraduate level ARS100 Minimum Grade of C and Undergraduate level ARS101 Minimum Grade of C and Undergraduate level ARS102 Minimum Grade of C and Undergraduate level ARS103 Minimum Grade of C and Undergraduate level ARS220 Minimum Grade of C)
Projected Offerings: Spring 2010, Spring 2011

ARS323 Processes and Experimental Techniques II (3)
Continuation of ARS322. Advanced level study involving casting and mold making. May be repeated for credit.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Metal, Visual Arts, Visual Arts Education
Prerequisites: (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220 Minimum Grade of C) and (Undergraduate level ARS321 Minimum Grade of C or Undergraduate level 09321 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220 Minimum Grade of C) and (Undergraduate level ARS322 Minimum Grade of C or Undergraduate level 09322 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220 Minimum Grade of C) and (Undergraduate level ARS321 Minimum Grade of C or Undergraduate level 09321 Minimum Grade of C) and (Undergraduate level ARS323 Minimum Grade of C or Undergraduate level 09323 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220 Minimum Grade of C) and (Undergraduate level ARS326 Minimum Grade of C or Undergraduate level 09326 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220 Minimum Grade of C) and (Undergraduate level ARS321 Minimum Grade of C or Undergraduate level 09321 Minimum Grade of C) and (Undergraduate level ARS326 Minimum Grade of C or Undergraduate level 09326 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220 Minimum Grade of C) and (Undergraduate level ARS322 Minimum Grade of C or Undergraduate level 09322 Minimum Grade of C)
Projected Offerings: Spring 2010, Spring 2011

ARS324 Enameling (3)
The study of various enameling processes and formats including: Limoges, Champlevé, Cloisonné, and Basse-taille methods.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Metal, Visual Arts, Visual Arts Education
Prerequisites: (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220 Minimum Grade of C) and (Undergraduate level ARS321 Minimum Grade of C or Undergraduate level 09321 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS220 Minimum Grade of C) and (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS321 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of
C) and (Undergraduate level ARS323 Minimum Grade of C or Undergraduate level 09323 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220 Minimum Grade of C) and (Undergraduate level ARS322 Minimum Grade of C or Undergraduate level 09322 Minimum Grade of C) and (Undergraduate level ARS326 Minimum Grade of C or Undergraduate level 09326 Minimum Grade of C) or (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220 Minimum Grade of C) and (Undergraduate level ARS323 Minimum Grade of C or Undergraduate level 09323 Minimum Grade of C) and (Undergraduate level ARS326 Minimum Grade of C or Undergraduate level 09326 Minimum Grade of C)

Projected Offerings: Fall 2009, Spring 2011

ARS326 Metal Forming (3)
The use and application of metal forming techniques; including raising, forging, and die-forming. May be repeated for credit.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Metal, Visual Arts, Visual Arts Education

Prerequisites: (Undergraduate level ARS220 Minimum Grade of C or Undergraduate level 09220 Minimum Grade of C) and (Undergraduate level ARS100 Minimum Grade of C or Undergraduate level 09100 Minimum Grade of C) and (Undergraduate level ARS101 Minimum Grade of C or Undergraduate level 09101 Minimum Grade of C) and (Undergraduate level ARS102 Minimum Grade of C or Undergraduate level 09102 Minimum Grade of C) and (Undergraduate level ARS103 Minimum Grade of C or Undergraduate level 09103 Minimum Grade of C)

Projected Offerings: Fall 2009, Fall 2010

ARS328 Artist Survival Skills (3)
Seminar focuses on professional skills utilized by artists for survival in the field. Students investigate contemporary professional practices relevant to artists. Topics may include: grant writing, documentation of artwork, web presence, and exhibition opportunities.

Restrictions: Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Visual Arts, Visual Arts Education; Must be enrolled in one of the following classifications: Junior, Senior

ARS329 Design Research (3)
Design Research introduces basic strategies in research for graphic designers, including literature reviews, surveys and questionnaires, focus groups, photo ethnography, visual anthropology, observational research and the use of personas.

Restrictions: Must be enrolled in one of the following majors: Graphic Design, Visual Arts, Visual Arts Education; Must be enrolled in one of the following classifications: Junior, Senior

Prerequisites: ARS205, ARS306, ARS307, ARS308, ARS310, and a cumulative GPA of 3.0 in graphic design coursework.

ARS331 Photo Books and Installations (3)
This course investigates photographs in relation to larger contexts and explores private and public space through juxtaposition, sequence and site. Projects utilize a variety of photographic and mixed media techniques in the production of artists’ books and installations. Students are challenged to work conceptually and take initiative in developing individual work. May be repeated for credit.
ARS332 The Large Format Image (3)
The course introduces the view camera and traditional photographic values. Techniques include camera controls, Zone System, fine printing in b/w and in digital color. Traditional and innovative uses of the view camera are explored through student projects and the study of historical and contemporary examples. Cameras are provided. May be repeated for credit in color.

ARS333 Advanced Digital Color Photography (3)
This course focuses on advanced digital color processing/printing techniques and explores the role of technical research and experimentation in creative work. Among the areas studied are inkjet and laser printing from digital files on a variety of materials and advanced digital color techniques for using masks, channels and color management. Emphasis is on understanding advanced techniques, experimentation and conceptual development. May be repeated for credit with permission of instructor.

ARS334 Digital Video (3)
Investigates visual communication through the use of digital video. Techniques covered include camera controls and editing with Final Cut Pro software. Conceptual issues addressed include linear and non-linear narrative structures, pacing, and the development of meaning through layering, narrative progression, repetition and sound. Readings will cover historical and theoretical issues in video art. Students are encouraged to purchase a mini-DV or digital video camera. Some are provided. May be repeated for credit.
ARS343 Intermediate Painting (3)
Further development of technical painting skills with emphasis on more complex treatments of color, form, and pictorial space. Introduction to a range of creative approaches to image development. May be repeated for credit.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

Prerequisites: (Undergraduate level ARS240 Minimum Grade of C or Undergraduate level 09240 Minimum Grade of C) and (Undergraduate level ARS100 Minimum Grade of C or Undergraduate level 09100 Minimum Grade of C) and (Undergraduate level ARS101 Minimum Grade of C or Undergraduate level 09101 Minimum Grade of C) and (Undergraduate level ARS102 Minimum Grade of C or Undergraduate level 09102 Minimum Grade of C) and (Undergraduate level ARS103 Minimum Grade of C or Undergraduate level 09103 Minimum Grade of C)

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS344 Water Media/Collage (3)
Watercolor, inks, gouache, polymers, and/or collage materials may be explored separately or in combination, using a variety of subject matter. May be repeated for credit. FEE FOR MATERIALS.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

Prerequisites: (ARS240 or 09240) and (ARS100 or 09100) and (ARS101 or 09101) and (ARS102 or 09102) and (ARS103 or 09103)

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS345 Advanced Painting (3)
Advanced-level study with emphasis on contemporary approaches to content, format, materials, and imagery. Changing topically-focused sections and challenging projects encourage development of a personal idiom. May be repeated for credit.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

Prerequisites: (Undergraduate level ARS240 Minimum Grade of C or Undergraduate level 09240 Minimum Grade of C) and (Undergraduate level ARS343 Minimum Grade of C or Undergraduate level 09343 Minimum Grade of C)

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

ARS350 The Constructed Image (3)
Introduces the student to photographic lighting and the creation of constructed images. Techniques studied include studio lighting with hot lights, studio strobes, on-cameral flash, specific lighting problems and close-ups. Creating set-ups and the construction of images are explored through projects investigating still-life, portraiture, tableau and illusion. May be repeated for credit.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education
**Prerequisites:** (ARS230 or 09230) or (ARS250 or 09250) and (ARS100 or 09100) and (ARS101 or 09101) and (ARS102 or 09102) and (ARS103 or 09103)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**ARS361 Wood Design and Techniques (3)**
An introduction to advanced woodworking techniques. Students will build upon skills learned in ARS260 to facilitate the realization of forms and constructions of utilitarian and/or artistic interest.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Ceramics, Graphic Design, Metal, Painting, Photography, Printmaking, Sculpture, Undeclared:Pre-Art Education, Visual Arts, Visual Arts Education

**Prerequisites:** (ARS260 or 09260) and (ARS100 or 09100) and (ARS101 or 09101) and (ARS102 or 09102) and (ARS103 or 09103)

**Projected Offerings:** Spring 2010, Spring 2011

**ARS370 Book Arts (3)**
Book Arts is an interdisciplinary course, designed to introduce students to the concepts and techniques used in making artists’ books. Topics to be explored include the visualization of ideas in book form, the use of a variety of materials and structures, narrative progression, and combining text and images. Traditional book formats and binding techniques will be taught, but emphasis will be on innovative uses of the book as a vehicle for ideas.

The undergraduate program for art education provides a curriculum leading to the Bachelor of Science degree in Art Education. The curriculum plan includes course work in Studio Art, Art Criticism, Art History, Art Education, and General Education. Upon successful completion of the baccalaureate program, students are eligible for New York State initial certification to teach art in the public schools. (For additional information about student teaching and certification, see the section on Teacher Education Programs in this catalog.) A minimum grade point average of 2.75 is required for admission to the Art Studio program, which is a prerequisite for the Art Education major. A minimum grade point average of 3.0 is required for admission to the Art Education program. To declare a major or pre-major in art education, applications are available in the art education office.

Art History > Honors Program

Art History majors pursuing a Bachelor of Arts degree are encouraged to apply for admission to the Art History Honors Program if they meet all the following criteria: a cumulative average in all course work at the college of 3.0 or above, an average in Art History course work at the college of 3.5 or above, and completion of 21 or more credits in Art History. Application must be made at the beginning of the last semester of the junior year.

Admission to the Honors Program will permit students to enroll in ARH461 and ARH462, Honors Thesis in Art History I and II (three credits each). Credit for ARH461 will not be allowed unless ARH462 is completed; only three of these six credits may be used toward completion of the 36-credit major.

Students admitted to the Honors Program will undertake independent study and write a thesis on a subject chosen by the student in consultation with the faculty, approved by the department chair, and supervised by the appropriate member of the faculty. Successful completion of the thesis – indicated by a grade of B+ or better in ARH461 and ARH462 – will result in the student graduating with honors in Art History, a distinction that will appear on the college transcript.

Questions regarding this Honors Program should be directed to the chair of the Art History Department.

The Music Department is a part of the School of Fine and Performing Arts and offers a large variety of liberal arts and professional courses to prospective students. We are fully accredited by the National Association of Schools of Music and the American Music Therapy Association.

The Department offers Bachelor of Arts and Bachelor of Science degrees in Music with concentrations in Performance, Music History and Literature, Music Theory and Composition, Jazz Studies, Contemporary Music Studies, and a Pre-Music Therapy track in preparation for the M.S. in Music Therapy degree program. A Music minor is also available.

Most courses are open to non-majors as well as majors, with the notable exception of Applied Music and some specialized courses. Students who sing or play an instrument can earn one credit per semester for participation in any of our performing ensembles—Symphonic Band, College/Youth Symphony, Concert Choir, College-Community Chorale, Chamber Singers, Collegium Musicum, and Chamber Jazz Ensembles.

We invite you to explore all that our department has to offer.

A series of technique experiences in tap dance designed for the development of a high level of performance skill.

Restrictions: May not be enrolled in the following classification: Freshman

THE347 Choreography for Musical Theatre (3)
Participation in the creation and rehearsal of choreographed movement specifically designed for a musical theatre production, culminating in public performances.

Restrictions: Must be enrolled in the following major: Theatre Arts ; May not be enrolled in the following classification: Freshman
Projected Offerings: Spring 2010

THE351 Drafting for the Theater (3)
Studio course in theatrical drafting. A study of the graphic communications language and mechanical drawing skills for the theater.

Restrictions: Must be enrolled in the following major: Theatre Arts ; May not be enrolled in the following classification: Freshman

THE352 Introduction to Computer Assisted Design (3)
Computer Assisted Design employing software currently in use by industry professionals.

Restrictions: Must be enrolled in the following major: Theatre Arts ; May not be enrolled in the following classification: Freshman

THE353 Costume Construction 2 (3)
Advanced study of the patterns and construction methods used during the major periods in costume history and their adaptation for theatrical costume.

Restrictions: Must be enrolled in the following major: Theatre Arts ; May not be enrolled in the following classification: Freshman

THE354 Scene Design 1 (3)
The course will explore the complex nature of scene design for Theater, utilize the principles and elements of design, and develop an ability in translating verbal concepts into the visual and graphic medium.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following major: Theatre Arts ; May not be enrolled in the following classification: Freshman
Projected Offerings: Spring 2011

THE355 Costume Design 1 (3)
The techniques and practices of theatrical costume design, including play analysis, research, color theory, drawing, use of different artists’ media, and creative thinking. Class work will result in renderings and other portfolio materials.
Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Projected Offerings: Fall 2009, Fall 2010

THE356 Lighting Design 1 (3)
An introduction to Stage Lighting Design. Study of equipment and media available to the
theatrical lighting designer. Lighting laboratory exercises culminate in basic lighting
designs using standard graphic conventions.

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in the following
classification: Freshman
Projected Offerings: Fall 2009, Fall 2010

THE357 Sound Design 1 (3)
Application of the elements of design, script analysis and research techniques to create
sound designs for theatrical production.

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in the following
classification: Freshman

THE358 Audio Engineering 1 (3)
Examination of current techniques employed by systems engineers for creating, editing
and recording sound effects for theatrical production.

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in the following
classification: Freshman

THE359 Theater Drawing 1 (1)
This course will address drawing styles and materials most useful to Design and
Technical Theater students. The course will include perspective drawing, rendering, 3-D
effects and figure drawing among other techniques (light/shadow relationships and
color).

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in the following
classification: Freshman
Projected Offerings: Fall 2009

THE360 Computer Rendering for the Stage (3)
Rendering and three-dimensional modeling technique employing software currently in
use by industry professionals.

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in the following
classification: Freshman

THE362 Improvisation and Performance (3)
Exploration of the theory and practice of improvisation as a performance form in the
tradition of Chicago’s Second City. Development of specialized skills, with emphasis on
imagination, spontaneity, teamwork, and on-the-spot creativity.

A continuation of Scene Design 1. Recognize and explore the complex nature of scenography for the Theater. Sharpen theatrical sensitivities and develop conceptual design skills.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following major: Theatre Arts ; May not be enrolled in one of the following classifications: Freshman, Sophomore

THE455 Costume Design 2 (3)
An advanced look at techniques and challenges of the costume designer. This course includes advanced artists’ techniques, as well as research, and will result in more in-depth projects than Costume Design 1.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following major: Theatre Arts ; Must be enrolled in one of the following classifications: Junior, Senior
Projected Offerings: Fall 2010

THE456 Lighting Design 2 (3)
Advanced exploration of the artistic process of lighting design. Study and practice of hand drafted plots and sectionals. CAD drafted plots and sectionals, industry standard paperwork, and boards.

Restrictions: Must be enrolled in the following major: Theatre Arts ; May not be enrolled in one of the following classifications: Freshman, Sophomore
Projected Offerings: Spring 2011

THE457 Sound Design 2 (3)
An advanced study of sound design within a project based course. Students will submit production concept statements and recording for the production in a quality format. Special focus will be on original composition for theatrical production. All work will be formally submitted for evaluation.

Restrictions: Must be enrolled in the following major: Theatre Arts ; May not be enrolled in one of the following classifications: Freshman, Sophomore

THE458 Audio Engineering 2 (3)
Examination of current techniques employed by systems engineers regarding reinforcement techniques for live theatrical events. Emphasis will be on microphone use for vocal and instrumental reinforcement in musical theater, and the use of vocal amplification in non-musical situations.

Restrictions: Must be enrolled in the following major: Theatre Arts ; May not be enrolled in one of the following classifications: Freshman, Sophomore

THE459 Theater Drawing 2 (1)
A continuation of Theater Drawing 1 with increased emphasis in graphic communication.
Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in one of the following classifications: Freshman, Sophomore

THE460 Introduction to Scenography (3)
A culmination of all design courses where the student functions as scenographer in the European tradition. Students will conceptualize and design all of the elements of a series of plays.

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in one of the following classifications: Freshman, Sophomore

THE465 Theater IV-Senior Seminar (3)
Capstone course for all senior theatre majors. Students will focus on preparation for graduate school or entering the professional theatre in their specific areas of specialization (Performance or Design/Technology).

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in the following major: Theatre Arts; May not be enrolled in one of the following classifications: Freshman, Sophomore

THE490 Senior Project in Theatre (3)
Advanced work on an individual basis, awarded to a theatre major, subject to approval of instructor.

Attributes: Liberal Arts

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in one of the following classifications: Freshman, Sophomore

THE492 Fieldwork in Professional Theatre (3)
The course is offered to theatre students recommended into the internship program created by an agreement between The College and Middletown Union Local 311 of the International Alliance of Theatrical Stage Employees (I.A.T.S.E.). Successful completion of this course allows students to make application for membership into the Union.

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in one of the following classifications: Freshman, Sophomore

THE493 Theatre Art Select Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in one of the following classifications: Freshman, Sophomore

THE494 Fieldwork In Theatre Art (3)
No description is available for this course.

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in one of the following classifications: Freshman, Sophomore
THE495 Indep Study Theatre Arts (1)
No description is available for this course.

Restrictions: Must be enrolled in the following major: Theatre Arts; May not be enrolled in one of the following classifications: Freshman, Sophomore

THE499 Modular Course
No description is available for this course.

Restrictions: May not be enrolled in the following classification: Freshman

Within the Biology curriculum, students may choose one of three tracks:

1. A liberal arts Biology track leading to a BA degree, OR

2. Organismal/Environmental Biology, leading to a BS degree, OR

3. Cell/Molecular Biology, leading to a BS degree.

In addition, we offer the core Biology courses required for students interested in pursuing a Pre-Health/Pre-Medical program of study. We also have two accelerated medical programs with other institutions: 1) the seven-year, dual degree BS/Doctor of Optometry program with the SUNY College of Optometry, and 2) the seven-year, dual degree BS/Doctor of Osteopathic Medicine program with the New York College of Osteopathic Medicine. Students may also minor in Biology. For graduate students, we offer advanced study leading to the MA in Biology or the MAT in Biology.

Biology (BA degree track) - 57 credits, plus an approved minor*

*In lieu of an approved minor, Biology BA students may complete a double major.

Pre-major requirements........................................16 credits
BIO201 General Biology I (4)**
BIO202 General Biology II (4)**
CHE201 General Chemistry I (3)
CHE211 General Chemistry I Lab (1)
CHE202 General Chemistry II (3)
CHE212 General Chemistry II Lab (1)

Also required: Minimum MPL of 4; minimum cumulative GPA of 2.5.
** General Biology I and II must be taken in sequence and are prerequisites for all biology courses at the 300-level and above.

Required biology course........................................4 credits
BIO320 Genetics (4)

Major electives.....................................................18 credits (minimum)
These must be Biology (or Biochemistry) courses at the 300-level or above, including at least three lab courses. A maximum of 4 credits from independent projects, including Research, Fieldwork or Independent Study, can be counted towards the major.

Participation in Lecture Series (6 hours)

Additional chemistry requirements.........................4 credits
CHE318 Organic Chemistry I (3)
CHE306 Organic Chemistry I Lab (1)

Math requirements..............................................7 credits
MAT241 Introduction to Statistics (3)
MAT251 Calculus I (4)

Physics requirements (Fundamental OR General)....8 credits
Fundamental Physics:
PHY221 Fundamental Physics I (3)  
PHY231 Fundamental Physics I Lab (1)  
PHY222 Fundamental Physics II (3)  
PHY232 Fundamental Physics II Lab (1)  

OR

General Physics (requires Calculus I and II):  
PHY201 General Physics I (3)  
PHY211 General Physics I Lab (1)  
PHY202 General Physics II (3)  
PHY212 General Physics II Lab (1)

Additional breadth requirement (approved minor)....~18-22 credits

Additional considerations for admission to medical, dental and veterinary schools:  
The requirements for these professional schools are constantly evolving and vary from institution to institution. Please contact the Pre-Health Advisor in Academic Advising.

Organismal/Environmental Biology (BS degree track) - ~72 credits

Pre-major requirements..............................................16 credits  
BIO201 General Biology I (4)**  
BIO202 General Biology II (4)**  
CHE201 General Chemistry I (3)  
CHE211 General Chemistry I Lab (1)  
CHE202 General Chemistry II (3)  
CHE212 General Chemistry II Lab (1)  

Also required: Minimum MPL of 4; minimum cumulative GPA of 2.5.  
** General Biology I and II must be taken in sequence and are prerequisites for all biology courses at the 300-level and above.

Required track courses............................................11 credits  
BIO320 Genetics (4)  
BIO340 Ecology (4)  
BIO412 Evolutionary Theory (3) OR  
BIO418 Animal Behavior (3)  

Track elective (choose 1).................................4-5 credits  
BIO305 Plant Morphology (4) OR  
BIO307 Comparative Vertebrate Anatomy (5) OR  
BIO417 Animal Physiology (4) OR  
BIO425 Plant Physiology (4)
Major electives ................................................................. 14 credits (minimum)
These must be Biology (or Biochemistry) courses at the 300-level or above, including one lab course. A maximum of 4 credits from independent projects, including Research, Fieldwork or Independent Study, can be counted towards the major.

Additional considerations for admission to graduate programs in biology: Research experience. You should begin to explore research options during your sophomore year.

Cell/Molecular Biology (BS degree track) - ~72 credits

Pre-major requirements .................................................... 12 credits
BIO201 General Biology I (4)**
BIO202 General Biology II (4)**
CHE201 General Chemistry I (3)
CHE211 General Chemistry I Lab (1)
CHE202 General Chemistry II (3)
CHE212 General Chemistry II Lab (1)
Also required: Minimum MPL of 4; minimum cumulative GPA of 2.5.
** General Biology I and II must be taken in sequence and are prerequisites for all biology courses at the 300-level and above.

**Required track courses**.................................15 credits
BIO320 Genetics (4)  
BIO308 Basic Molecular Biology (4)  
BIO309 Basic Cell Biology (4)  
BIO412 Evolutionary Theory (3)

**Track elective** (choose 1).................................4 credits
BIO311 Developmental Plant Anatomy (4) **OR**  
BIO313 Developmental Biology (4) **OR**  
BIO350 Microbiology (4)

**Major electives**.............................................10 credits (minimum)
These must be Biology (or Biochemistry) courses at the 300-level or above, including one lab course. A maximum of 4 credits from independent projects, including Research, Fieldwork or Independent Study, can be counted towards the major.

**Participation in Lecture Series** (6 hours)

**Additional chemistry requirements**.........................8 credits
CHE318 Organic Chemistry I (3)  
CHE306 Organic Chemistry I Lab (1)  
CHE319 Organic Chemistry II (3)  
CHE309 Organic Chemistry II Lab (1)

**Math requirements**.........................................11 credits
MAT241 Introduction to Statistics (3)  
MAT251 Calculus I (4)  
MAT252 Calculus II (4)

**Physics requirements**.........................................8 credits
PHY201 General Physics I (3)  
PHY211 General Physics I Lab (1)  
PHY202 General Physics II (3)  
PHY212 General Physics II Lab (1)

**Additional considerations for admission to medical, dental and veterinary schools:**
The requirements for these professional schools are constantly evolving and vary from institution to institution. Please contact the Pre-Health Advisor in Academic Advising.

**Additional considerations for admission to graduate programs in biology: Research experience.** You should begin to explore research options during your sophomore year.

Minor in Biology - Minimum of 18 credits

Required courses........................................ 8 credits

BIO201 General Biology I (4)*
BIO202 General Biology II (4)*

A minimum of 10 upper-division credits chosen by advisement.........10 credits

The College also offers an Interdisciplinary minor in Environmental Science as well as the Evolutionary Studies Minor.
Biology > Course Descriptions

**BIO111 Introduction To Animal Life (3)**
A survey of the animal phyla including the study of structure, metamorphosis, adaptations, and behavior. The development of the students’ sensitivity and awareness of what can be learned from careful observations in natural field situations will be emphasized. Designed for non-science majors; does not count toward biology major.

**Attributes:** Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry

**Restrictions:** Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following major: Biology

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**BIO112 Biology Today (3)**
Designed to introduce students to selected aspects of biology science. By augmenting their understanding of biological concepts, students develop a deeper appreciation of the natural biological phenomena they are in contact with on a daily basis. In addition, students gain the working background necessary to understand contemporary biological issues such as environmental quality (population, pollution, global climate change), the human genome project, genetic engineering, and discoveries in medicine. When individuals become more biologically literate, they are also better equipped to make informed decisions that directly and indirectly impact their own lives.

**Attributes:** Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry

**Restrictions:** Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following major: Biology

**Projected Offerings:** Spring 2010, Spring 2011

**BIO115 Intro To Plant Life (3)**
Introduction to the form and function of plants. The student should acquire an appreciation for plants as living organisms in a biological world, and their economic importance to human beings. Designed for non-science majors; does not count toward biology major.

**Attributes:** Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry

**Restrictions:** Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following major: Biology

**Projected Offerings:** Fall 2009, Spring 2010, Spring 2011

**BIO119 Inheritance (3)**
Students will learn and apply basic principles of Mendelian inheritance and DNA manipulation. Students will also examine current genetic technology advances as applied to genetic diseases.

**Attributes:** Liberal Arts, GE3: NSCI, Systematic Inquiry

**Prerequisites:** Math Placement Level 4 or (Undergraduate level MAT152)
**BIO130 Cancer Biology (3)**  
Students will explore the biological mechanisms that underlie the development of cancer and the mechanisms by which various cancer treatments work.

**Attributes:** GE3: NSCI, Systematic Inquiry

**BIO135 Evolution for Everyone (3)**  
An introduction to modern evolutionary theory and its applications to a wide range of topics, including epidemiology, forensic medicine, conservation, population biology, social behavior, altruism, sex/mating strategies, religion, and many other aspects of human biology.

**Attributes:** GE3: NSCI, Systematic Inquiry  
**Projected Offerings:** Fall 2009, Fall 2010

**BIO140 Modern Biotechnology (3)**  
Students will explore how modern biotechnology impacts our everyday lives with a topical survey of applications that may include stem cells, biofuels, genetically modified organism (GMOs) and forensics. Students will also learn about the underlying biological principles and molecular techniques that are the basis of modern biotechnology.

**Attributes:** GE3: NSCI, Systematic Inquiry  
**Prerequisites:** Math Placement Level 3  
**Projected Offerings:** Fall 2009, Fall 2010

**BIO150 Insects and Human Society (3)**  
Students will be introduced to the most abundant, diverse, and widespread class of animals on Earth and investigate the critical interactions between insects and humans that influence human behaviors and activities.

**Attributes:** GE3: NSCI, Systematic Inquiry

**BIO170 Human Biology (3)**  
A survey in several phases of human biology. Normal life processes will first be explored followed by the alteration and relationship of alterations to life styles. Subject matter will include human physiology, genetics, evolution and behavior. Designed for non-science majors; does not count toward biology major.

**Attributes:** Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry  
**Restrictions:** Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following major: Biology  
**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**BIO193 Biology Selected Topic (3)**  
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following major: Biology

BIO199 Pre-Osteo Seminar (1)
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

BIO201 General Biology I (4)
An introduction to modern biology: molecular and cellular organization of living systems, energy transformations and metabolism, the principles of classical and molecular genetics, and the basic embryological changes during the development of an organism.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate
Projected Offerings: Fall 2009, Fall 2010

BIO202 General Biology II (4)
An introduction to modern biology: diversity of life forms, the process of evolution, and the interactions of organisms with their environment and with each other.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/lab, GE2A: PHBS w/lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: BIO201 or 15201
Projected Offerings: Spring 2010

BIO210 Introductory Biology (4)
A one-semester lecture/laboratory general biology course covering most topics discussed in General Biology I and II and serving the same prerequisite role for electives within the Biology Department. Introductory Biology is designed for part-time and transfer students contemplating a major in biology and for students in other disciplines where a foundation in basic biological principles would be helpful. For prospective biology majors to enroll, they must be part-time or transfer students.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/lab, GE2A: PHBS w/lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate
Projected Offerings: Fall 2009, Spring 2010

BIO293 Biology Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate

BIO295 Indep Study Biology (1)
No description is available for this course.
Restrictions: Must be enrolled in the following level: Undergraduate

**BIO296 Departmental Elective**
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate

**BIO299 Pre-Osteopathic Seminar (1)**
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

**BIO300 Evltinry Std Sem (see EVO301) (3)**
see EVO301.

Attributes: Liberal Arts, Writing Intensive

**BIO301 Field Biology Fall (3)**
Diversity in the plant and animal kingdom; sound scientific methods of observation; interrelationships of organisms to each other and to their environment. Importance of the flora and fauna in our economic and cultural life and the need for conservation practices. Field trips are devoted to the study of several ecological units during fall. Identifications of the common plants and animals and the ability to interpret the signs, sounds, and behavior patterns or organisms.

Attributes: Liberal Arts

Restrictions: Must be enrolled in the following level: Undergraduate

Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)

Projected Offerings: Fall 2009, Fall 2010

**BIO302 Field Biology Spring (3)**
Same general pattern as 15301, but concerns winter and spring phenomena in nature.

Attributes: Liberal Arts

Restrictions: Must be enrolled in the following level: Undergraduate

Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)

Projected Offerings: Spring 2010

**BIO303 Field Biology Summer (3)**
Same general pattern as 15301, 15302, but concerns organisms available only during the summer as well as the summer stages in development of plants and animals found during other seasons.

Attributes: Liberal Arts

Restrictions: Must be enrolled in the following level: Undergraduate

Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)
BIO305 Plant Morphology (4)
Comparative study of life histories, morphology, and phylogenetic relationships of the major plant groups.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)
Projected Offerings: Fall 2010

BIO307 Comparative Vertebrate Anatomy (5)
Gross anatomy and functions of systems of representative vertebrates. Skeletal, muscular, circulatory, digestive, respiratory, excretory, reproductive, nerve, and endocrine systems. Dissection is required.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)
Projected Offerings: Fall 2009, Fall 2010

BIO308 Basic Molecular Biology (4)
Background, theory and techniques of molecular biology with the analysis of published research. Class discussions, independent research, written and oral presentations required.

Attributes: Liberal Arts
Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) and (CHE201 or 22201) and (CHE202 or 22202)
Projected Offerings: Fall 2009, Fall 2010

BIO309 Basic Cell Biology (4)
A detailed examination of the events that occur within living cells. Particular attention is paid to current experimental techniques and analysis of the recent literature.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) and (CHE201 or 22201) and (CHE202 or 22202)
Projected Offerings: Spring 2010, Spring 2011

BIO311 Developmental Plant Anatomy (4)
Developmental phenomena and anatomical characteristics of plant cells, tissues, and organs.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)
Projected Offerings: Spring 2010, Spring 2011

BIO313 Developmental Biology (4)
Structural development of an organism from a fertilized egg to the differentiation of
organs. Lectures also include regeneration, aging, and cancer. Laboratory work devoted mainly to embryology of the chick.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate  
**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)  
**Projected Offerings:** Spring 2010, Spring 2011

**BIO318 Biological Chemistry (3)**  
Study of the chemistry of biologically significant compounds; enzymes and metabolic reactions involved in energy transformations.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate  
**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210) and (CHE318 or 22318) and (CHE305 or 22305)  
**Projected Offerings:** Fall 2009, Spring 2010

**BIO320 Genetics (4)**  
A study of the principles of heredity from classical experiments with Drosophila to current research in molecular genetics utilizing recombinant DNA and gene cloning methodologies. The organization, function, and behavior of the genetic material are discussed on the molecular, chromosomal and population levels. The laboratory examines the genetic systems of a variety of organisms.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate  
**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)  
**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**BIO340 Ecology (4)**  
A study of principles and concepts of ecology at the ecosystem, community, population, and organism levels of organization. Laboratory and fieldwork emphasize methods of acquiring, analyzing, and interpreting ecological data.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate  
**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)  
**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**BIO350 General Microbiology (4)**  
Morphological, biochemical, physiological, and genetic aspects of microbial growth, especially bacteria. Bacterial classification, growth control, and roles in environment and health also considered. Laboratory teaches essential techniques.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate  
**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)  
**Projected Offerings:** Spring 2010, Spring 2011
BIO393 Biology Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)

BIO396 Departmental Elective
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)

BIO399 Pre-osteopathic Seminar (1)
Third year students participate in patient care including performing patient interviews and some routine medical procedures, to the extent allowed by state law. Third year students visit the NYCOM campus in the fall for their final interview with the NYCOM admissions committee.

Restrictions: Must be enrolled in the following level: Undergraduate
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

BIO412 Evolutionary Theory (3)
A survey of evolutionary theory, including population genetics, drift, adaptive mechanisms and application to modern biology. The historical development of the subject will illustrate the philosophy of science.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)
Projected Offerings: Spring 2010, Spring 2011

BIO417 Animal Physiology (4)
Physiology is the study of how living organisms function. This course is designed to give students a basic understanding of physiological principles relating to cells, organs and organ systems and the integration of animals with their environment. Material presented in lecture and lab will use comparative animal models to demonstrate general physiological concepts.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
Prerequisites: (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210) and (CHE201 or 22201)
Projected Offerings: Spring 2010, Spring 2011

BIO418 Animal Behavior (3)
The mechanistic and evolutionary aspects of animal behavior. A survey of systems that
illustrate the control, development and function of behavior in a wide variety of animals, including humans.

**Attributes:** Liberal Arts

**Restrictions:** Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman

**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)

**Projected Offerings:** Fall 2009, Fall 2010

**BIO425 Plant Physiology (4)**
The principles of plant physiology, development, biochemistry and reproduction. Among the topics examined are: photosynthesis, flowering and reproduction, the control of plant growth and development, hormone and light responses, applications to genetic engineering, plants and civilization, pathology, defense mechanisms and stress physiology.

**Attributes:** Liberal Arts

**Restrictions:** Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman

**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)

**Projected Offerings:** Spring 2010, Spring 2011

**BIO430 Principles of Cell Biology (3)**
An introduction to the structure and function of cells and their organelles.

**Attributes:** Liberal Arts

**Restrictions:** Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman

**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210) and (CHE318 or 22318)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**BIO475 Biology Research Project 1 (3)**
Students will undertake a two semester research project, under the guidance of a faculty mentor. For the Environmental Science major, the project will focus on a detailed examination of a real world environmental problem. The project will culminate in both a written report and an oral presentation in the Senior Seminar for the Environmental Science major or at the Student Research Symposium for the Biology major.

**Attributes:** Liberal Arts

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in the following classification: Senior

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**BIO476 Biology Research Project 2 (3)**
Continuation of 15475.

**Attributes:** Liberal Arts

**Restrictions:** May not be enrolled in the following classification: Freshman

**Prerequisites:** (BIO475 or 15475)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011
**BIO490 Seminar in Biology (3)**
The Seminar course is designed to introduce the advanced student to the process of organizing, writing, and orally presenting selected biological material.

**Attributes:** Liberal Arts, Writing Intensive  
**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following classifications: Junior, Senior  
**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)  
**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**BIO491 Senior Research in Biology (3)**  
Individual laboratory and field research under the supervision of a faculty member, resulting in a written report, and an oral presentation to biology faculty and students.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in the following classification: Senior  
**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**BIO493 Biology Selected Topic (3)**
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

**Restrictions:** Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman  
**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)

**BIO494 Fieldwork In Biology (1)**
No description is available for this course.

**Restrictions:** Must be enrolled in the following level: Undergraduate

**BIO495 Indep Study Biology (1)**
No description is available for this course.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman

**BIO499 Modular Course**
No description is available for this course.

**Restrictions:** Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman  
**Prerequisites:** (BIO201 or 15201) and (BIO202 or 15202) or (BIO210 or 15210)

The Department of Chemistry at New Paltz offers both undergraduate and masters degree programs. Three undergraduate programs leading to liberal arts degrees are available: the chemistry major, the American Chemical Society (ACS) approved chemistry major, and the chemistry major with biochemistry emphasis.

A student who obtains an ACS-approved degree is eligible for employment as a chemist in industry or government. The ACS-approved program also prepares students for graduate study and for professional training in medicine, dentistry, and veterinary medicine. Course offerings allow chemistry majors to obtain a broad background in several areas of chemistry.

The biochemistry emphasis is designed for the student interested in biochemistry or health-related sciences requiring a substantial background in chemistry. This program provides excellent preparation for health professional training, as well as for graduate study in clinical chemistry, physiology, and medicinal chemistry. Students take core courses in chemistry and biology and complete the year-long biochemistry sequence.

The chemistry major requires fewer advanced courses than the ACS approved program. However, students take, with advisement, the same core courses that provide theoretical and hands-on education in the major areas of chemistry. Students are able to combine a chemistry major with prelaw, business, or teaching programs. This degree with selected courses in biology can prepare students for medical school entrance requirements. Preparation for a non-laboratory career in chemistry could include management or marketing courses offered by the business program at New Paltz.

The American Chemical Society’s Committee on Professional Training includes the New Paltz Chemistry Department on its list of approved departments. This is the equivalent to professional accreditation of the liberal arts curriculum. Prospective chemistry majors should consult with the department chair as soon as possible after admission to the College and should take MAT251 and CHE201 in the fall semester of their freshman year.

Major in Chemistry (General Degree) - 54 credits

Required chemistry courses.........................35 credits

CHE201 General Chemistry I (3)
CHE211 General Chemistry I Lab (1)
CHE202 General Chemistry II (3)
CHE212 General Chemistry II Lab (1)
CHE303 Introduction to Analytical Chemistry (4)
CHE314 Inorganic Chemistry (3)
CHE318 Organic Chemistry I (3)
CHE306 Organic Chemistry I Lab (1)
CHE319 Organic Chemistry II (3)
CHE309 Organic Chemistry II Lab (1)
CHE321 Physical Chemistry I (3)
CHE322 Physical Chemistry II (3)
CHE323 Experimental Physical Chemistry (3)
CHE461 Biochemistry I (3) or a Chemistry course at 400 or 500 level approved by the Chair.

Required cognate courses..............................19 credits

MAT251 Calculus I (4)
MAT252 Calculus II (4)
MAT341 Applied Mathematics I (3)
PHY201 General Physics I (4)
PHY202 General Physics II (4)

Chemistry (ACS approved curriculum) – 65 credits

In addition to the courses required by the general degree in chemistry, the following are required:
CHE315 Inorganic Chemistry Lab (1)
CHE407 Instrumental Techniques (4)
CHE461 Biochemistry I (3)
CHE490 Senior Research in Chemistry (3)

Elective chemistry course.............................. 3 credits
One additional semester of advanced work selected from 400- and 500-level courses in chemistry. (CHE495, Independent Study, and CHE494, Fieldwork, do not meet this requirement.)

Required cognate courses........................................19 credits

MAT251 Calculus I (4)
MAT252 Calculus II (4)
MAT341 Applied Mathematics (3)
PHY201 General Physics I (4)
PHY202 General Physics II (4)

Chemistry (Biochemistry Emphasis) - 73 credits

*In addition to the courses required by the general degree in chemistry, the following courses are required:*
CHE314 Inorganic Chemistry (3)
CHE461 Biochemistry I (3)
CHE570 Biochemistry (3)
CHE490 Senior Research in Chemistry (3)

Required cognate courses........................................31 credits

MAT251 Calculus I (4)
MAT252 Calculus II (4)
MAT341 Applied Mathematics IÂ (3)

Minor in Chemistry - 17-20 credits

Required Chemistry courses.........................8 credits

CHE201 General Chemistry I (4)
CHE202 General Chemistry II (4)

Required Elective courses...........................9-12 credits

Choose three from the following:
CHE303 Introduction to Analytical Chemistry (4)
CHE314 Inorganic Chemistry (3)
CHE318 Organic Chemistry I (4)
CHE319 Organic Chemistry II (4)
CHE321 Physical Chemistry I (3)
CHE322 Physical Chemistry II (3)
CHEEXXX Course in Chemistry not having Physical Chemistry as prerequisite (3-4)

The college also offers an Interdisciplinary minor in Environmental Science.
Chemistry > Course Descriptions

CHE100 Environmental Chemistry (3)
Principles of chemistry behind the effects of such environmental problems as acid rain, ozone layer depletion, atmospheric and aquatic pollution, global warming. Evaluation of experimental data leading scientists to current conclusions regarding these environmental issues.

Attributes: Liberal Arts, GE3: NSCI, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following college: Science and Engineering; May not be enrolled in one of the following majors: 7-12: Chemistry, 7-12:Biology, Adolescence Ed: Biology, Biology, Chemistry, Geology, Physics
Prerequisites: Math Placement Level 3
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

CHE110 Food, Medicine and Drugs (3)
Biological consequences of substances we ingest: nutritional requirements, properties and metabolism of foods, vitamins and minerals; selected examples of actions of medicines and mechanisms of action of addictive drugs.

Attributes: Liberal Arts, GE3: NSCI, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate

CHE182 Chemistry in Art (3)
Materials used in the production of art works, including their sources, properties, and applications. Topics to be covered are: metals, their use in sculpture, printmaking, and gold and silver work; paper; black and white photography; pigments and dyes; coatings (varnishes and synthetic polymers). Designed for non-science majors.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following college: Science and Engineering; May not be enrolled in the following major: Chemistry
Prerequisites: Math Placement Level 3
Projected Offerings: Fall 2009, Spring 2010

CHE193 Chemistry Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate

CHE199 Modular Course
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate
CHE201 General Chemistry I (3)
Principles governing chemical change in relation to the atomicity of matter, atomic structure and the periodic system of the elements.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: Math Placement Level 4 or (Undergraduate level MAT152 Minimum Grade of C- or Undergraduate level 64152 Minimum Grade of C-)
Corequisites: CHE211
Projected Offerings: Fall 2009

CHE202 General Chemistry II (3)
Kinetics, thermodynamics, equilibria and electrochemistry.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: Math Placement Level 4 and (CHE201 or 22201)
Corequisites: CHE212
Projected Offerings: Spring 2010, Spring 2011

CHE211 General Chemistry I Lab (1)
Laboratory work complements the lecture material covered in CHE 201.

Corequisites: CHE201

CHE212 General Chemistry II Lab (1)
Laboratory work complements the lecture material covered in CHE202.

Prerequisites: Math Placement Level 4 and (CHE201 or 22201)
Corequisites: CHE202

CHE293 Chemistry Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate

CHE295 Indep Study Chemistry (1)
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate

CHE296 Departmental Elective
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate

CHE299 Modular Course
No description is available for this course.
Restrictions: Must be enrolled in the following level: Undergraduate

**CHE303 Introduction to Analytical Chemistry (4)**
Lecture and laboratory work in gravimetric, volumetric, and elementary instrumental analysis. Application of statistics to analytical chemistry.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate  
**Prerequisites:** (CHE202 or 22202)  
**Projected Offerings:** Fall 2009, Fall 2010

**CHE306 Organic Chemistry I Lab (1)**
Laboratory meets once a week and will provide practical experience in some fundamental techniques of organic chemistry.

**Attributes:** Liberal Arts  
**Prerequisites:** (CHE202 or 22202)  
**Corequisites:** CHE318

**CHE309 Organic Chemistry II Lab (1)**
Laboratory work will utilize the microscale techniques employed in Organic Chemistry I to the study of organic reactions.

**Attributes:** Liberal Arts  
**Prerequisites:** (CHE202 or 22202)  
**Corequisites:** CHE319

**CHE314 Inorganic Chemistry (3)**
Inorganic Chemistry builds on the foundation provided in General and Organic Chemistry. The chemistry of the full periodic table will be discussed. Emphasis will be placed on modern techniques, theories, and applications.

**Attributes:** Liberal Arts  
**Prerequisites:** (CHE202 or 22202) and (CHE318 or 22318)  
**Projected Offerings:** Spring 2010, Spring 2011

**CHE318 Organic Chemistry I (3)**
Structural theory and its application to the study of the properties of carbon compounds.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate  
**Prerequisites:** (CHE202 or 22202)  
**Corequisites:** CHE306  
**Projected Offerings:** Fall 2009, Fall 2010

**CHE319 Organic Chemistry II (3)**
Continuation of Organic Chemistry I.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate
Prerequisites: (CHE318 or 22318) and (CHE306 or 22306)  
Corequisites: CHE309  
Projected Offerings: Spring 2010, Spring 2011

CHE320 Physical Chemistry Recitation (1)  
Students will work in groups to solve problems that deal with concepts in thermodynamics and kinetics. These in-class activities will reinforce concepts learned in Physical Chemistry I (CHE 321).

Attributes: Liberal Arts  
Restrictions: Must be enrolled in one of the following majors: Adolescence Ed: Chemistry, Chemistry  
Prerequisites: (CHE201 and MAT252 and CHE202 and PHY211 and PHY212 and MAT251)  
Corequisites: CHE321, MAT341

CHE321 Physical Chemistry I (3)  
Study of ideal and real gases, kinetic molecular theory, thermodynamics, phase and chemical equilibrium, surface chemistry.

Attributes: Liberal Arts  
Restrictions: Must be enrolled in the following level: Undergraduate  
Prerequisites: (CHE202 or 22202) and (PHY202 or 75202) and (MAT252 or 64252)  
Projected Offerings: Fall 2009, Fall 2010

CHE322 Physical Chemistry II (3)  
Study of chemical kinetics, electrochemistry, electrolytic equilibria, quantum chemistry, molecular structure; spectroscopy.

Attributes: Liberal Arts  
Restrictions: Must be enrolled in the following level: Undergraduate  
Prerequisites: (CHE202 or 22202) and (PHY202 or 75202) and (MAT252 or 64252) and (MAT341 or 64341) or (MAT353 or 64353) and (MAT362 or 64362)  
Projected Offerings: Spring 2010, Spring 2011

CHE323 Experimental Physical Chemistry (3)  
Lecture and laboratory work in methodology and techniques used in physical chemistry. Stresses design of experiments, thorough analysis of data, and the writing of scientific reports.

Attributes: Liberal Arts, Writing Intensive  
Prerequisites: (CHE321 or 22321) and (ENG160 or 41160) and (ENG180 or 41180) and (CHE303 or 22303) and (CHE322 or 22322)  
Projected Offerings: Spring 2010, Spring 2011

CHE393 Chemistry Selected Topic (1)  
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate
CHE396 Departmental Elective
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate

CHE399 Modular Course
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate

CHE407 Instrumental Techniques (4)
Familiarization with the modern instruments and techniques used in chemistry.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (CHE303 or 22303)
Projected Offerings: Spring 2010, Spring 2011

CHE415 Inorganic Chemistry Laboratory (1)
Inorganic Chemistry Laboratory puts into practice the principles learned in Inorganic Chemistry. Modern laboratory techniques will be taught and used to explore the chemistry of s, p, and d-block elements. Can be taken concurrently with CHE 314.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (CHE202 or 22202) and (CHE318 or 22318)
Projected Offerings: Spring 2010

CHE461 Biochemistry I (3)
Examination of the chemistry of cellular constituents, especially biopolymers, and metabolic reactions leading to biologically useful energy production. Control of intermediary metabolism at the molecular level.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following classification: Freshman
Prerequisites: (CHE319 or 22319)
Projected Offerings: Fall 2009, Fall 2010

CHE463 Biochemistry Lab (1)
Introduction to biochemical techniques with emphasis on protein biochemistry. Will provide an experimental experience that will reinforce concepts covered in lecture CHE 461.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Prerequisites: (CHE318 or 22318) and (CHE319 or 22319)
Corequisites: CHE461
Projected Offerings: Fall 2009, Fall 2010
CHE485 Seminars in Chemistry (2)
A series of lecture and discussion sessions conducted by distinguished visiting scientists and faculty members and students of the chemistry department. Topics are of current interest in chemistry, many of which cannot be covered in traditional courses.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Adolescence Ed: Chemistry, Chemistry ; May not be enrolled in the following classification: Freshman
Projected Offerings: Fall 2009

CHE490 Senior Research in Chemistry (3)
Student undertakes a program of research under the guidance of a faculty advisor.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Adolescence Ed: Chemistry, Chemistry ; May not be enrolled in the following classification: Freshman
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

CHE493 Chemistry Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Adolescence Ed: Chemistry, Chemistry ; May not be enrolled in the following classification: Freshman

CHE494 Fieldwork In Chemistry
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following classification: Freshman

CHE495 Indep Study Chemistry (1)
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following classification: Freshman

The Computer Science Department offers both undergraduate and masters degree programs. The major, which is accredited by the Computing Sciences Accreditation Board, prepares students for graduate study or high-level professional employment in the computer and information technology industries. The department also offers a minor in Computer Science that gives students the background to use the computer in other disciplines.

SUNY New Paltz has a fully networked campus and a multi-user computer system that provides email, Internet access, and software to the campus community. Additionally, the Department of Computer Science maintains several specialized computer laboratories. Computer science students use these resources and gain experience working with current hardware, operating systems, and programming languages.

NOTE: No course (including transfer courses) in which a student receives a grade below C- or a pass/fail grade, may be used to satisfy a major requirement.

NOTE: Some Computer Science courses have a Math Placement Level prerequisite. Consult the Department of Mathematics for information concerning Math Placement Levels.

Minor in Computer Science - 16 credits

Required Computer Science Course......................... 4 credits

CPS210 Computer Science I: Foundations (4)

Elective Computer Science Courses....................... 9 credits

Each minor candidate is required to complete at least three 300-level-or-above computer science courses with the prior approval of an advisor from the department. Elective computer science courses must include at least two that are not required in the student’s major.

Elective Mathematics Course.............................. 3 credits

Each minor candidate is required to complete at least one 200-level-or-above mathematics course (except MAT240).
CPS100 Computers and Applications (3)
This course will provide students with a broad overview of computers and their uses. Topics include hardware, software, and the Internet/World Wide Web. Various applications such as word processing, spreadsheets, and database management systems will be discussed. The course is not intended for Computer Science majors.

Attributes: Liberal Arts
Prerequisites: Math Placement Level 3
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

CPS104 Visual Programming (3)
This course covers the Windows environment including files, program groups, Windows Help and applications. It covers visual programming topics such as applications, windows, controls and script writing.

Attributes: Liberal Arts, GE2: MATH
Prerequisites: Math Placement Level 3 or (Undergraduate level MAT050 Minimum Grade of C- or Undergraduate level 64050 Minimum Grade of C-)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

CPS193 Computer Science Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

CPS210 Computer Science I: Foundations (4)
Algorithms, computer organization, data representation, program structure, programming techniques, numerical and non-numerical problems with emphasis on the analysis of problems and the formulation of algorithms for their solution. Numerous short programming assignments.

Attributes: Liberal Arts, GE2: MATH, GE2A: MATH
Prerequisites: Math Placement Level 4
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

CPS293 Computer Science Selected Topic (1)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

CPS295 Indep Study Comp Science
No description is available for this course.

CPS296 Departmental Elective
No description is available for this course.
CPS299 Modular Course
No description is available for this course.

CPS310 Computer Science II: Data Structures (4)
Advanced programming and techniques for organizing and operating upon data. Lists, stacks, trees, and graphs. Sequential and linked storage allocations. Data structures in language processors. Includes supervised programming laboratory.

Attributes: Liberal Arts
Prerequisites: (Undergraduate level CPS210 Minimum Grade of B- or Undergraduate level 25210 Minimum Grade of B-)
Projected Offerings: Spring 2010, Spring 2011

CPS315 Computer Science III (4)
A continuation of Computer Science II: Techniques for operating on advanced data structures, has tables, search trees, heaps, and graphs; design, analysis, and implementation of algorithms for searching, sorting, and graph processes.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (Undergraduate level CPS310)
Projected Offerings: Fall 2010, Fall 2011

CPS330 Assembly Language and Computer Architecture (4)
Provides an “under the hood” examination of computer systems. Topics include number systems, machine language, assembly language, linking and loading, instruction set architecture, microarchitecture, memory systems, and high-level languages at the assembly level.

Attributes: Liberal Arts
Prerequisites: (Undergraduate level CPS310 Minimum Grade of C- or Undergraduate level 25310 Minimum Grade of C-)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

CPS340 Operating Systems (4)
The design and implementation of single and multi-user operating systems. Memory management, process management, device management.

Attributes: Liberal Arts
Prerequisites: (Undergraduate level CPS325 Minimum Grade of C- or Undergraduate level 25325 Minimum Grade of C-)
Projected Offerings: Fall 2009, Fall 2010

CPS342 Embedded Linux (3)
Students learn the principles and practices of the Linux operating system in the embedded environment.

Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
Prerequisites: (CPS310 or 25310)
Projected Offerings: Fall 2011

CPS352 Object Oriented Programming (3)
The concepts of object oriented programming—objects and classes, messages and receivers, encapsulation and inheritance—and the typical tools—browsers and libraries—are presented. A large number of programming assignments require the student to commit substantial time and effort to this course, and provide the student with a working knowledge of object oriented programming.

Attributes: Liberal Arts
Prerequisites: (Undergraduate level CPS310 Minimum Grade of C- or Undergraduate level 25310 Minimum Grade of C-)
Projected Offerings: Fall 2009, Fall 2010

CPS353 Software Engineering (3)
This is an introductory software engineering course that has a project as a major component. The emphasis is on the specification, organization, implementation, testing, and documentation of software. Programming proficiency in C as well as a background in data structures, file handling, and basic flowcharting are necessary prerequisites.

Attributes: Liberal Arts
Prerequisites: (Undergraduate level CPS310 Minimum Grade of C- or Undergraduate level 25310 Minimum Grade of C-)
Projected Offerings: Spring 2010, Spring 2011

CPS393 Computer Science Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

CPS396 Departmental Elective
No description is available for this course.

CPS399 Modular Course
No description is available for this course.

CPS415 Discrete and Continuous Computer Algorithms (3)
A sequel to MAT 320 (Discrete Mathematics for Computing). Techniques for algorithm design, including divide-and-conquer, greedy algorithms, dynamic programming, basic probability and statistics and hypothesis testing and introduced as needed, pseudorandom number generation, and matrix manipulation. Mathematica coding is used to illustrate each topic.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; Must not be enrolled in the following classification: Freshman.
Prerequisites: (Undergraduate level MAT320)
Projected Offerings: Fall 2010, Spring 2012
CPS425 Language Processing (4)
The theory and practice of language processing: finite state machines, context-free grammars, push-down machines, Turing machines, lexical analysis, top-down and bottom up parsing, and parser generators.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; Must not be enrolled in the following classification: Freshman
Prerequisites: (Undergraduate level CPS310 or Undergraduate level 25310) and (Undergraduate level CPS330 or Undergraduate level 25330)

CPS440 Database Principles (3)
Study of the logical and physical organization of large databases; database system programming.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Prerequisites: (Undergraduate level CPS310 Minimum Grade of C- or Undergraduate level 25310 Minimum Grade of C-)  
Projected Offerings: Fall 2009, Fall 2010

CPS441 Database Projects (4)
Transaction processing through stored procedures, stored procedures vs triggers, physical database design and index construction, database logical and physical security issues, SQL injections, databases, XML and the web, group project work.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
Prerequisites: (Undergraduate level CPS440)  
Projected Offerings: Fall 2011

CPS460 Computer Architecture (3)
Data representation, memory organization, input/output processing, stack computers, parallel computers, pipeline architecture, microprogramming.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Prerequisites: (Undergraduate level CPS325 Minimum Grade of C- or Undergraduate level 25325 Minimum Grade of C-) and (Undergraduate level EGE230 Minimum Grade of C- or Undergraduate level 40230 Minimum Grade of C-)

CPS470 Computer Communication Networks (3)
Network architecture, data flow control, transmission control, path control, recovery, routing techniques.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Prerequisites: (Undergraduate level CPS235 Minimum Grade of C- or Undergraduate level 25235 Minimum Grade of C-)  
Projected Offerings: Spring 2010, Spring 2011
CPS471 Computer Communication Networks II (4)
Topics selected from: Advanced routing in IP networks including OSPF and BGP, network security, wireless and sensor networks, mobile ad hoc networks, peer-to-peer networks.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
Prerequisites: (Undergraduate level CPS470)
Projected Offerings: Fall 2010, Spring 2012

CPS493 Computer Science Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: May not be enrolled in the following classification: Freshman

CPS494 Fieldwork Comp Science
No description is available for this course.

Restrictions: May not be enrolled in the following classification: Freshman

CPS495 Indep Study Comp Science (1)
No description is available for this course.

Restrictions: May not be enrolled in the following classification: Freshman

Electrical & Computer Engineering > Major in Computer Engineering

The Department of Electrical and Computer Engineering offers both undergraduate and masters degree programs. The undergraduate major in Computer Engineering is accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET). Students may choose electives in computer hardware, software engineering, computer and information engineering and communication and networking. The Computer Engineering program has been accredited from 2000.

The computer revolution has changed the way in which we live, work and play. Computer engineers are at the heart of this rapid development. Career opportunities for computer engineering graduates continue to be plentiful.

The curriculum consists of a humanities and social sciences component, a pre-engineering phase (pre-engineering major code 516) and upper-division engineering course work (computer engineering major code 518). Computer engineering students must meet a modified General Education Requirement. This includes the pre-engineering courses in mathematics and science and the humanities/social science sequence. The pre-engineering and humanities/social science requirements are exactly the same for the electrical engineering and computer engineering programs.

**Computer Engineering Curriculum - 127 credits**

Although it is possible for a dedicated student who begins the math sequence with Calculus I to complete all degree requirements in four years, our students, like those at most engineering schools in the United States, typically require an additional semester to complete the program.

Admission to the Computer Engineering Major
Students completing the pre-engineering sequence with a grade point average of 2.50 or above are eligible for admission to the computer engineering program (major code 518).

Note that the general education and pre-engineering requirements are identical for both electrical and computer engineering majors. Therefore, a student who has successfully completed the pre-engineering requirement may declare either the electrical engineering (major code 517) or the computer engineering (major code 518) upper division major.

Students are strongly advised to complete at least six credits of humanities and social science courses before applying for admission to an engineering major.
The admission of transfer students will be based on a detailed comparison of their transcript with the New Paltz pre-engineering requirements and consultation with an advisor from the Department of Electrical and Computer Engineering.

Departmental Academic Policies
Pre-engineering students may not enroll in engineering or engineering-related courses other than Introduction to Engineering Science (EGG101), and Technical Communications (EGG309). Exceptions are frequently granted for Circuits Laboratory (EGE209), Circuit Analysis (EGE210), Digital Logic Laboratory (EGG208), Digital Logic Fundamentals (EGC230), Ordinary Differential Equations [ODE] (MAT359), Discrete Mathematics (MAT320) and Computer Science II: Date Structures (CPS310). Permission to register in any of these courses must be obtained from the Department of Electrical and Computer Engineering before registration.

Students may not enroll in any engineering course unless all prerequisites have been met with a grade of C- or better. Courses taken on a Satisfactory/Unsatisfactory basis cannot be applied toward the engineering degree requirements.

Upper-Division Computer Engineering Requirements
The upper-division engineering course work, which leads to the Bachelor of Science degree in Computer Engineering, consists of the computer engineering core and a series of technical electives.

Electrical & Computer Engineering >
Major in Electrical Engineering

The Department of Electrical and Computer Engineering offers both undergraduate and masters degree programs. The undergraduate major in Electrical Engineering is accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET). Students may choose electives in microelectronics, communications, signal processing, control, robotics, energy conversion, microwaves, electromagnetics and computer engineering.

Electrical Engineering continues to be a growth program in the field of engineering due to a rapidly changing technological society and expanding industrial needs. The New Paltz program is designed to meet these needs generally and those of the mid-Hudson valley specifically.

The curriculum consists of a general education component, a pre-engineering phase (pre-engineering major code 516), and upper-division engineering course work (electrical engineering major code 517). Electrical engineering students must meet a modified General Education Requirement. The pre-engineering and general education requirements are exactly the same for the electrical engineering and computer engineering programs.

Electrical Engineering Curriculum – 127-128 credits

General Education ............................................ 18 credits
Pre-Engineering ................................................ 43 credits

Algorithm Development, Control Structures and Data Files, Loop Structures, Modular Programming with Functions, One-Dimensional Arrays, Arrays of Function Arguments, Character Data and Character Functions.

Restrictions: Must be enrolled in the following level: Undergraduate

EGC208 Digital Logic Laboratory (1)
Self-paced laboratory involving design of digital systems using programmable logic based design tools.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Computer Science, Electrical Engineering, Undeclared:Engineering
Prerequisites: (EGC230 or 45230)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

EGC230 Digital Logic Fundamentals (3)
An introduction to digital logic design. Topics include algebra of logical variables, logical functions, combinational circuit design, flip-flops, counters, arithmetic, and sequential circuit design.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Computer Science, Electrical Engineering, Undeclared:Engineering

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

EGE250 Circuit Analysis (3)
This course introduces students to circuit theorems, ac circuits and three phase circuits as well as two ports, frequency response mutual inductance and transformers.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering, Undeclared:Engineering

EGE293 Engineering Selected Topic (1)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (PHY202 or 75202)

EGE295 Indep Study Elec Engineering (1)
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate

EGE302 Antenna Laboratory (1)
Measurement of the far field pattern and characteristics of wire antennas and arrays for VHF. Measurement of the field pattern and characteristics of reflector type antennas in the X-band, and of aperture type antennas and arrays in the X-band.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering
Prerequisites: (EGE445 or 40445)
EGE303 Microwave Fundamentals Laboratory (1)
Measurement of VSWR and wavelength in waveguides, stub tuners and matching, calibration of attenuators, time domain reflectometry and frequency domain network analyzer measurement. Prerequisite/Corequisite: 40342.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering
Prerequisites: (EGE342 or 40342)

EGE304 Control Laboratory (1)
Transient response and frequency response measurements to characterize control system devices and components. Laboratory study of open-loop and closed-loop linear systems. Steady-state error analysis; positional speed control systems.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering
Corequisites: EGE316

EGE305 Communication Laboratory (1)
AM communication circuits. FM communication. SSB communication circuits. RF power transmitting. Phase-locked loop circuits, frequency synthesis, time division multiplexing (sampling, PCM, DM), frequency division multiplexing, amplitude shift keying, phase shift keying, frequency shift keying.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering
Prerequisites: (EGE312 or 40312)

EGE306 Microwaves Circuits Laboratory (1)
Design, build and test planar microwave devices such as power divider, coupler, filter, mixer, amplifier, and oscillator.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering

EGE311 Signals and Systems (3)

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering
Prerequisites: (EGE250 or 40250) and (MAT359 or 64359)
Projected Offerings: Spring 2010, Spring 2011
EGE312 Communication Systems (3)
Signal analysis, signal transmission. Digital communication systems. Amplitude modulation; angle modulation.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering  
**Prerequisites:** (EGE311 or 40311)

EGE316 Control Systems I (3)
Mathematical modeling of physical systems, signal flow graph, feedback control systems; stability; time domain analysis, frequency response and analysis of design using root locus, and frequency domain methods, Nyquist criterion and Nichols Chart, design of the PID controllers, time domain design of the phase lead and lag controllers.

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering  
**Prerequisites:** (EGE311 or 40311)  
**Projected Offerings:** Spring 2010, Spring 2011

EGE317 Digital Control Systems (3)

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering  
**Prerequisites:** (EGE311 or 40311)

EGE320 Electronics I (3)

**Attributes:** Liberal Arts  
**Restrictions:** Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering  
**Prerequisites:** (EGE250 or 40250)  
**Projected Offerings:** Fall 2009, Fall 2010

EGE321 Electronics II (3)
Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering
Prerequisites: (EGE320 or 40320)
Projected Offerings: Spring 2010, Spring 2011

EGE322 Electronics I Laboratory (1)
Laboratory exercises covering characterization of diodes, BJT, and JFET, diode circuits and biasing and amplification of BJT and JFET.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering
Corequisites: EGE320
Projected Offerings: Fall 2009, Fall 2010

EGE323 Electronics II Laboratory (1)
Laboratory exercises covering the multistage amplifier, direct coupled amplifier, difference amplifier, op-amp applications, frequency response, oscillator, waveform generator, power amplifier, and frequency response.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering
Corequisites: EGE321
Projected Offerings: Spring 2010, Spring 2011

EGE340 Engineering Electromagnetics I (3)

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering
Prerequisites: (EGE250 or 40250) and (EGE353 or 40353)
Projected Offerings: Fall 2009, Fall 2010

EGE341 Engineering Electromagnetics II (3)

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering
Prerequisites: (EGE340 or 40340)
Projected Offerings: Spring 2010, Spring 2011

EGE342 Microwave Fundamentals (3)
Review of Maxwell’s equations, propagation of plane waves, reflection and transmission
of plane waves, transmission line analysis, strip lines and microstrip lines, waveguide analysis, microwave networks.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering  
**Prerequisites:** (EGE341 or 40341)

**EGE370 Engineering Statistics (3)**  
No description is available for this course.

**Restrictions:** Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering  
**Prerequisites:** (MAT252 or 64252)

**EGE393 Engineering Selected Topics (3)**  
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

**Restrictions:** Must be enrolled in the following level: Undergraduate

**EGE399 Modular Course**  
No description is available for this course.

**Restrictions:** Must be enrolled in the following level: Undergraduate

**EGE401 VLSI Design Laboratory (1)**  
Software and hardware used in VLSI design. Applications to NMOS and CMOS.

**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering; May not be enrolled in the following classification: Freshman  
**Corequisites:** EGE435

**EGE408 Senior Design Project I (3)**  
First part of a two-semester design project. A written progress report is required at the end of the semester.

**Attributes:** Liberal Arts, Writing Intensive  
**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering; May not be enrolled in the following classification: Freshman  
**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**EGE409 Senior Design Project II (3)**  
Second part of a two-semester design project. Written and oral reports are required at the end of the semester.

**Attributes:** Liberal Arts, Writing Intensive  
**Restrictions:** Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering; May not be enrolled in the following
classification: Freshman
Prerequisites: (EGE408 or 40408)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

EGE423 Digital Integrated Circuits (3)
MOS transistor, logic gate circuits and electrical characteristics. P-N junction and Schottky diodes. BJT, inverter and digital gate circuits. Regenerative circuits. Semiconductor memories. Design projects. Course based on charge-control and SPICE2 large signal MOSFET, diode and BJT models, and the related integrated circuit analysis.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering ; May not be enrolled in the following classification: Freshman
Prerequisites: (EGE320 or 40320) and (EGC230 or 45230)

EGE435 VLSI Design (3)
Introduction to MOS devices and circuits (N-MOS, CMOS), MOS transistor theory. Integrated system processing technology and design rules (N-MOS and CMOS), circuit characterization and performance estimation, N-MOS and CMOS circuits and logic design. Interfacing. Introduction to VLSI design tools. Testability analysis. Microarchitecture of VLSI systems. Chip design projects?

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering ; May not be enrolled in the following classification: Freshman
Prerequisites: (EGC230 or 45230) and (EGE320 or 40321)

EGE436 Microelectronic Technology (3)

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering ; May not be enrolled in the following classification: Freshman
Prerequisites: (EGE320 or 40320)

EGE440 Solid State Devices (3)
This course introduces the basics of semiconductor physics and physics and modeling of semiconductor devices such as pn diode, bipolar transistor, field effect transistor, optical, power and microwave devices.

Restrictions: Must be enrolled in the following level: Undergraduate ; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering ; May not be enrolled in the following classification: Freshman
Prerequisites: (EGE320 or 40320)
Corequisites: EGE320
EGE445 Antenna Systems (3)
Each fall. Antenna parameters, wire antennas, arrays of wire antennas, aperture type antennas, reflectors and feeds.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering; May not be enrolled in the following classification: Freshman
Prerequisites: (EGE341 or 40341)

EGE450 Microelectronic Technology Lab (1)
This course introduces students to various processing involved in fabrication of integrated circuits such as thermal oxidation, film deposition, lithography, cleaning and etching, rapid thermal processing and characterization.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering; May not be enrolled in the following classification: Freshman
Prerequisites: (EGE436 or 40436)
Corequisites: EGE436

EGE451 Electromechanical Energy Conversion (3)

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering; May not be enrolled in the following classification: Freshman
Prerequisites: (EGE250 or 40250)
Projected Offerings: Fall 2009, Fall 2010

EGE452 Electric Power Systems (3)
Energy sources, transmission line parameters, transmission line modeling, power flow analysis, voltage and frequency control.

Restrictions: Must be enrolled in the following level: Undergraduate; Must be enrolled in one of the following majors: Computer Engineering, Electrical Engineering; May not be enrolled in the following classification: Freshman
Prerequisites: (EGE251 or 40251)
Projected Offerings: Spring 2010, Spring 2011

EGE493 Engineering Selected Topics
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman

Environmental Geochemical Science is an interdisciplinary undergraduate degree program administered by the Department of Geological Sciences, focusing on the environmental aspects of Geology and Chemistry. Through formal courses, laboratories, and research projects, students develop an awareness of the geological and chemical processes that impact society and the environment. Both a major in Environmental Geochemical Science and a minor in Environmental Science are offered.

In the major program, a sophomore level Introduction to Environmental Science and Engineering, will draw on the foundation courses to bring together a truly interdisciplinary view of environmental science. Students will see how the different sciences must be combined to understand and address environmental problems. Particular emphasis will be placed on the roles of chemistry, geology, and environmental engineering. In the senior year, students will engage in a full year Senior Research Project under the supervision of a faculty mentor or an experienced regional scientist. During the spring term of the senior year, oral presentations of student research projects will be made in a Senior Seminar. This seminar will also feature guest scientists who will relate their own work in environmental science.

This major program is a rigorous four year sequence in science and mathematics, so it is essential that interested students seek advising early in their college studies. First year students should take Physical Geology (GLG220), General Chemistry 1 (CHE201), and Calculus 1 (MAT251) in their first semester, followed by General Chemistry 2 (CHE202), Calculus 2 (MAT252), and Introductory Biology (BIO210) in their second semester.

Transfer students should complete the above first year requirements before entering SUNY New Paltz, and should additionally take one year of calculus-based physics, a course in statistics, a laboratory course in historical geology, and organic chemistry.

This information is provided as a resource for students to aid in selecting a major or degree track. Students should, however, obtain a current plan of study form and consult with an advisor before selecting a program or enrolling in coursework. Complete advising guidelines may be obtained from the Department of Geological Sciences Office or by consultation with the Director of the Environmental Science program.

GLG346 Environmental Impact Assessment (3)
GEO406 Natural Resource Management (3)
BIO475/6, CHE475/6 or GLG475/6 Senior Research Project (6)
GLG477 Senior Seminar in Environmental Science (1)
One Environmental Science Elective:
GLGxxx (3-4)

The Department of Geological Sciences also offers a minor in Environmental Science. It provides students with the opportunity to broaden their knowledge in areas of natural science and social science germane to environmental issues.
Minor in Environmental Science (22-24 credits):
This minor targets students with a primary interest in the physical sciences and an inclination to learn about environmental issues. Students completing this program will have made substantial progress towards fulfilling the requirements for majoring in Environmental Geochemical Science, Chemistry or Geology.

It is strongly recommended that students consult with Prof. Shafiul Chowdhury, Director of the Environmental Science Program, chowdhus@newpaltz.edu, (845) 257-2618.

The Department of Geological Sciences offers both undergraduate and masters degree programs. Through formal courses, field work, and research projects, the students develop an awareness of the geological processes that shape our planet, and their impact on society and the environment. The undergraduate major in geology offers concentrations in both General Geology and Environmental Geoscience.

Elementary education and secondary education degrees in Earth Science are offered at both the undergraduate and masters levels. These programs are described under the School of Education listings. An undergraduate degree in Environmental Geochemical Science, also offered by this department, has a separate listing. A minor in geology is available for those majoring in other fields.

Interdisciplinary in nature, the undergraduate degree in geology requires courses in geology and cognate areas. The General Geology option is recommended for those contemplating graduate work in the geological sciences. For any of the geology programs, Physical Geology (GLG220) should be taken in the fall semester of the freshman year, followed by Historical Geology (GLG301) in the spring. General Chemistry I (CHE201), General Chemistry II (CHE202) and Calculus I (MAT251) should also be taken in the freshman year. It is also possible to begin the major in the sophomore year with proper advising.

Transfer students should complete as many of the cognate requirements as possible before entering New Paltz. Ideally, one year each of college chemistry, physics, and calculus should be completed in addition to a one year laboratory sequence in geology (physical and historical geology).

It is important that all students seek advising early on, so they can complete the major on time. Students should get their advisor’s approval of elective courses selected “by advisement” before taking the courses. It is the students’ responsibility to become familiar with the program requirements, and to work out the details of their program with the aid of their advisors. Additional advising information is available in the department office (WSB 202).

Students must earn a grade of C- or better in all courses required for the geology major or minor.
For non-majors interested in geology, or those considering a geology minor, the recommended sequence is Physical Geology (GLG220) followed by Historical Geology (GLG301).

**Honor’s Research**

Honor’s Research is for students who wish to conduct a specialized research project at the undergraduate level. Students who plan on obtaining an M.A. or Ph.D. are advised to enroll in this course if they satisfy the prerequisites. Honor’s Research is a very good means of letting the student, as well as faculty at New Paltz and other schools, identify whether or not he or she is suited for graduate work.

In order to enroll in Honor’s Research (GLG491) a student must maintain a cumulative average of at least 3.00, and be recommended by a geology faculty sponsor and the department chair. Guidelines for research projects are available in the department office, and should be carefully read prior to meeting with the department chair to discuss the program.

Major in Geology

Track I – General Geology - 59-61 credits

Geology Core .................................................. 27 credits
GLG220 Physical Geology (4)
GLG301 Historical Geology (4)
GLG311 Mineralogy-Crystallography (4)
GLG313 Optical Mineralogy (3)
GLG314 Petrology (4)
GLG331 Stratigraphy-Sedimentation (4)
GLG338 Structural Geology (4)

Geological Science Courses ............................ 9-10 credits
GLG481 Field Excursion (2)
GLG305 Paleontology (4) or GLG407 Hydrogeology (4)
One 400-level or above Geology course by advisement (3-4)

Cognate Courses............................................. 23-24 credits
CHE201 General Chemistry I (3)
CHE211 General Chemistry II Lab (1)
CHE202 General Chemistry II (3)
CHE212 General Chemistry II Lab (1)
MAT251 Calculus I (4)
PHY201 General Physics I (4)
One of the following by advisement:
MAT241 Introduction to Statistics (3)
MAT252 Calculus II (4)
One of the following by advisement:
PHY202 General Physics II (4)
PHY222 Fundamental Physics II (4)

Recommended Courses:
BIO201 General Biology I (4)
BIO202 General Biology II (4)
CPS210 Computer Science I: Foundations (4)
GEO383 Introduction to Geographic Information Systems (3)
It is recommended that students who plan to do graduate or professional work in geology take a six-week field geology camp in the summer following their final semester at New Paltz.

**Track II – Environmental Geoscience - 60-61 credits**

Minor in Geology - 18 credits

Required Courses ........................................... 8 credits
GLG220 Physical Geology (4)
GLG301 Historical Geology (4)

Elective Courses ............................................. 10 credits

A minimum of ten credits from any of the following:

Geology Courses
GLG305 Paleontology (4)
GLG311 Mineralogy and Crystallography (4)
GLG313 Optical Mineralogy (3)
GLG314 Petrology (4)
GLG331 Stratigraphy-Sedimentation (4)
GLG338 Structural Geology (4)

GLG120 Weather and Environment (4)
GLG205 Environmental Geology (4)
GLG339 Natural Resources and Energy (3)
GLG346 Conservation and Environmental Impact (3)
GLG434 Environmental Surveying Geology (3)

The college also offers an interdisciplinary minor in Environmental Science. See index.
Geology > Course Descriptions

GLG100 The Planet Earth (3)
Major events in the development of the earth from a primordial planet to its present-day appearance. Use of the scientific method to study past and present earthquakes, mountain-building processes, origin and evolution of life amid the background of the changing physical environment, continental drift and plate tectonics, and glaciations. Not open to students who are now taking or who have taken GLG220. Recommended sequential course is GLG110, The Evolving Earth.

Attributes: Liberal Arts, GE2: PHBS w/out lab, GE2A: PHBS w/out lab

GLG110 The Evolving Earth (3)
Evolution of the physical and biological past of the earth preceding and during human evolution. Present and future problems of the human scene are examined in the light of evolutionary patterns. Although designed as a sequence to GLG0100, The Planet Earth, the two courses may be taken independently of each other.

Attributes: Liberal Arts, GE2: PHBS w/out lab, GE2A: PHBS w/out lab

GLG120 Weather and Environment (4)
A non-mathematical introduction to the basic principles of weather and weather forecasting and their effect on man. Laboratory studies of weather maps and related charts.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

GLG193 Geological Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

GLG199 Modular Course
No description is available for this course.

GLG205 Environmental Geology (4)
The geological system as a framework for understanding environmental problems; man and his interactions with geological systems. Conservation, utilization, and management of natural resources. Field trips.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

GLG220 Physical Geology (4)
Basic concepts of geology. Minerals, rocks, and rock-forming processes. Geologic time
and age dating. Erosion, streams, groundwater, glaciers, geologic structures, earthquakes, plate tectonics, and other geologic processes.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

GLG293 Geological Selected Topic (2)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

GLG295 Indep Study Geology
No description is available for this course.

GLG299 Phys Glg-Fld Excur (1)
No description is available for this course.

Corequisites: GLG220

GLG301 Historical Geology (4)
Geological and geographic developments of the continents throughout the earth’s history, with emphasis on North America. Methods used in calculating the age of our planet, and interpreting the history of its rocks. Evolution of plants and animals through geologic time. In the laboratory, geologic maps and a few common fossils are studied. Local and regional field trips.

Attributes: Liberal Arts, GE2: PHBS w/out lab, GE2A: PHBS w/out lab
Prerequisites: (GLG220 or 50220)
Projected Offerings: Spring 2010, Spring 2011

GLG303 Geomorphology (4)
Overview of surficial geological processes and how they control landscapes evolution. A geological investigation of hillslopes, rivers, deserts, glaciers, coasts, and oceans with an emphasis on local and regional landscapes and environmental implications.

Attributes: Liberal Arts
Prerequisites: Undergraduate level GLG220 or Undergraduate level 50220

GLG305 Paleontology (4)
Principles and methods in the study of fossils; morphology, classification and evolution, ecologic relationships between organisms and sedimentary systems, geographic distribution, and stratigraphic range. Field trips.

Attributes: Liberal Arts
Prerequisites: (GLG301 or 50301) or (BIO210 or 15210)
Projected Offerings: Spring 2010, Spring 2011

GLG311 Mineralogy and Crystallography (4)
Basic elements of solid internal and external crystallography and principles of crystal
chemistry and geochemistry. Properties, occurrence, geochemistry, and hand specimen identification of the more common economic and rock-forming minerals. Field trips.

**Attributes:** Liberal Arts  
**Prerequisites:** (CHE201 or 22201) and (GLG220 or 50220)  
**Projected Offerings:** Fall 2009, Fall 2010

**GLG313 Optical Mineralogy (3)**

**Attributes:** Liberal Arts  
**Corequisites:** GLG311  
**Projected Offerings:** Fall 2009, Fall 2010

**GLG314 Petrology (4)**
Study of the igneous, metamorphic and sedimentary rocks that form the solid earth. Rock composition, classification, distribution and origin. Volcanic, tectonic and other environments of rock formation. Phase diagrams, age dating, and rock chemistry. Laboratory microscope study of thin sections. Field trips.

**Attributes:** Liberal Arts  
**Prerequisites:** (CHE202 or 22202) and (GLG311 or 50311) and (GLG313 or 50313)  
**Projected Offerings:** Spring 2010, Spring 2011

**GLG331 Stratigraphy-Sedimentation (4)**
Stratified rocks, their formation today as clues to the formation of similar rocks in the past, their local descriptions, their correlation in a regional and world-wide framework, and the principles and methods used in interpreting the geologic history they record. Laboratory and field methods in the study of sedimentation, sedimentary rocks and stratigraphic successions found in outcrops.

**Attributes:** Liberal Arts, Writing Intensive  
**Prerequisites:** (GLG301 or 50301) and (GLG305 or 50305) and Math Placement Level 5  
**Projected Offerings:** Fall 2009, Fall 2010

**GLG334 Principles of Oceanography (4)**
The physical, chemical, geological, biological, and economic aspects of the science of oceanography; properties of seawater, ocean dynamics, coastal processes, marine sediments, sea-floor spreading, and continental drift, sea life fisheries, petroleum and the sea, marine technology, etc. Field trips. Laboratory.

**Attributes:** Liberal Arts

**GLG338 Structural Geology (4)**
Study of the structure and deformation of the Earth’s crust. Includes rock mechanics,
faulting, folding, fabric, geometric analysis, diapirism, and tectonics. Laboratories cover geologic map interpretation, use of spherical projections, and field work. Field trips.

**Attributes:** Liberal Arts, Writing Intensive  
**Prerequisites:** (GLG220 or 50220) and Math Placement Level 5  
**Projected Offerings:** Fall 2009, Fall 2010

**GLG339 Natural Resources and Energy (3)**
Relation of the production of energy and its environmental impact on the finite nature of our natural resources. Review and critical evaluation of past, present, and future energy technologies.

**Attributes:** Liberal Arts  
**Projected Offerings:** Spring 2010, Spring 2011

**GLG346 Environmental Impact Assessment (3)**
Study of the ways by which man’s impact on nature and the environment is assessed and evaluated. Aspects of Environmental Impact Statements that are of significance to environmental geology, including air quality, meteorology, water quality, hydrogeology, land use, waste management, energy use and conservation.

**Attributes:** Liberal Arts, Writing Intensive  
**Prerequisites:** (GLG205 or 50205) or (GLG220 or 50220)  
**Projected Offerings:** Fall 2009, Fall 2010

**GLG370 Environmental Geochemical Science (4)**
A survey course covering the broad scope of environmental science and engineering, including air pollution, water pollution, water quality control, environmental chemistry, global atmospheric change, solid waste management and resource recovery. Case studies and outside speakers.

**Attributes:** Liberal Arts  
**Prerequisites:** CHE202 and GLG220  
**Projected Offerings:** Fall 2009, Fall 2010

**GLG393 Geological Selected Topic (3)**
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

**GLG399 Modular Course**
No description is available for this course.

**GLG407 Hydrogeology (4)**
Physical properties of groundwater flow, well hydraulics, water quality, the occurrences and distribution of groundwater, and to refine general quantitative and computer skills.

**Attributes:** Liberal Arts  
**Restrictions:** May not be enrolled in the following classification: Freshman  
**Prerequisites:** GLG220 and Math Placement Level 5
GLG434 Environmental Surveying Geology (3)
Field-oriented course, includes nonlegal surveying, basic principles and elementary methods; the use and application of plane table and transit surveying. Also, introduction to the application and use of topographic, geologic, and soils maps, and aerial photographs.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Prerequisites: GLG205 and GLG331

GLG435 Field Geology (4)
Problems and methods of geological field study. Use of the Brunton compass, plane table, alidade, the construction of a geologic map, the solving of a geologic field problem and the writing of a report. Primarily taught in the field.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Prerequisites: GLG338
Projected Offerings: Fall 2009, Fall 2010

GLG475 Geology Research Project 1 (3)
Students will undertake a two semester research project, under the guidance of a faculty mentor, focusing on a detailed examination of a real world environmental problem. The project will culminate in a written document and an oral presentation in the Senior Seminar.

Attributes: Liberal Arts
Restrictions: Must be enrolled in one of the following majors: Environmental Geochem Science, Geology; Must be enrolled in the following classification: Senior

GLG476 Geology Research Project 2 (3)
Continuation of GLG475.

Attributes: Liberal Arts
Restrictions: Must be enrolled in one of the following majors: Environmental Geochem Science, Geology; May not be enrolled in the following classification: Freshman
Prerequisites: GLG475

GLG477 Senior Seminar in Environmental Science (1)
A series of presentations by senior students and by invited speakers. In the course, students nearing graduation present the findings of their senior project. On alternate weeks, invited professionals from the environmental sciences present relevant aspect of their work.

Attributes: Liberal Arts
Restrictions: Must be enrolled in one of the following majors: Environmental Geochem Science, Geology; May not be enrolled in the following classification: Freshman
Prerequisites: (GLG475 or 50475) or (CHE475 or 22475) or (BIO475 or 15475)
GLG481 Field Excursion (1-3) (1)
Geology of a selected area of North America. Readings and discussions of the detailed tectonic and petrological evolution of selected classical geologic areas. Field excursions to type areas. May be repeated for credit provided listed topic changes.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

GLG490 Seminar in Geology (2-4)
Current problems and projects in geology. Developing ability to evaluate evidence critically and to understand current geological literature.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman

GLG491 Honor’s Research (4)
Individual advanced research in geology. Students are expected to complete a research thesis in consultation with instructor and chair.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman

GLG492 Research in Geology (1-4) (1)
Laboratory or field research project to be completed in consultation with a geology faculty member in accord with the department guidelines for research.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman

GLG493 Geological Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: May not be enrolled in the following classification: Freshman

GLG494 Fieldwork in Geology
No description is available for this course.

Restrictions: May not be enrolled in the following classification: Freshman

GLG495 Indep Study Geology (1)
No description is available for this course.

Restrictions: May not be enrolled in the following classification: Freshman

The department of Mathematics offers undergraduate majors in Mathematics, Adolescence Education Mathematics and Childhood Education Mathematics. Graduates with the Mathematics major go on to do graduate work in mathematics and other fields requiring strong quantitative and reasoning skills. Those graduating from the Adolescence Education program have a depth of knowledge that underlies the courses they will teach. Childhood Education majors go on to become mathematics specialists within the primary schools. Details of the two education majors are listed under the School of Education.

Those interested in any of these programs are invited to request a faculty advisor in the Department of Mathematics. Upon completion of Calculus I and Introduction to Proof with an average grade of at least B-, a student can declare one of the above majors. A letter grade of at least C- is required to count a course toward any mathematics major, or as a prerequisite for another mathematics course.

All students enrolling in SUNY New Paltz are assigned a Math Placement Level (MPL), indicating their current level of mathematics proficiency. The MPLs are used to help place students in courses which they will need to succeed in subsequent work and have not yet mastered.

**Summary of Math Placement Levels and What They Mean:**

Minor in Mathematics - 20 credits

Required Courses* ......................................... 11 credits
MAT251 Calculus I (4)
MAT252 Calculus II (4)
MAT260 Introduction to Proof (3)

Electives* ........................................................ 9 credits
Three upper-division mathematics electives.
*At least half of the credits for this minor must be from courses not used as part of the student’s major.
Mathematics > Course Descriptions

MAT053 College Algebra A
Review. Linear and quadratic equations. Inequalities. Factoring, multiplying and dividing algebraic expressions. Coordinate geometry. Together, this course and MAT153 College Algebra B are equivalent to MAT152 College Algebra.

Projected Offerings: Fall 2010, Fall 2011

MAT093 Math Selected Topic
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate

MAT140 Mathematics for Elementary School Teachers I (3)
First course of a two-semester sequence covering problem solving, numeration, number theory, relations, functions, integers, rational and real numbers, statistics, probability, and the use of the calculator. Open to students seeking New York State certification in Elementary Education.

Attributes: Liberal Arts, GE2: MATH, GE2A: MATH
Prerequisites: Math Placement Level 3 or Undergraduate level MAT151 Minimum Grade of C- or Undergraduate level 64151 Minimum Grade of C-
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

MAT151 College Mathematics (3)
Topics from basic and intermediate algebra are reviewed. Emphasis is on using algebra to solve real world problems from such areas as geometry, finance, business, and science. The concepts of variable and function and the use of formulas will be stressed. Problems will be presented in various formats: graphically, numerically, and symbolically. NOTE: Not to be taken for credit by students with MPL 4 or more.

Attributes: Liberal Arts, GE2: MATH, GE2A: MATH
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

MAT152 College Algebra (3)
Factoring, multiplying and dividing algebraic expressions, coordinate geometry, functions and functional notation, polynomials, exponents, logarithms, and inequalities. Primarily preparation for more advanced courses, but also open to students desiring a background in college algebra. NOTE: Not to be taken for credit by students with MPL 4 or more.

Attributes: Liberal Arts, GE2: MATH, GE2A: MATH, GE3: MATH, Systematic Inquiry
Prerequisites: Math Placement Level 3 or Undergraduate level MAT151 Minimum Grade of C- or Undergraduate level 64151 Minimum Grade of C- or Undergraduate level MAT151 Minimum Grade of C-
Projected Offerings: Fall 2010, Spring 2011, Fall 2011, Spring 2012

**MAT153 College Algebra B (3)**
Function notation, domain and range, graphing basic functions, transformations, inverse functions. Systems of linear and nonlinear equations. Together, MAT053 College Algebra A and this course are equivalent to MAT152 College Algebra.

**Attributes:** Liberal Arts, GE3: MATH, Systematic Inquiry  
**Restrictions:** Must be enrolled in the following level: Undergraduate  
**Prerequisites:** Undergraduate level MAT053 Minimum Grade of C-  
**Projected Offerings:** Spring 2011, Spring 2012

**MAT181 Precalculus (4)**
Topics needed for the study of calculus: brief review of algebra; exponential and logarithmic functions; trigonometry; binomial theorem; remainder and factor theorems; mathematical induction; sequences; series; introduction to complex numbers.

**Attributes:** Liberal Arts, GE2: MATH, GE3: MATH, GE2A: MATH, Systematic Inquiry  
**Prerequisites:** Math Placement Level 4 or (Undergraduate level MAT152 Minimum Grade of C- or Undergraduate level 64152 Minimum Grade of C-)  
**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**MAT182 Graphs and Optimization (3)**
Optimization problems that arise in scheduling, routing and management will be solved by translating them into problems about finite graphs and then studying mathematical techniques of graph theory. Intended for General Education; not part of any Math major.

**Attributes:** Liberal Arts, GE2: MATH, GE3: MATH, GE2A: MATH, Systematic Inquiry  
**Prerequisites:** Math Placement Level 3 or (Undergraduate level MAT151 Minimum Grade of C- or Undergraduate level 64151 Minimum Grade of C-)  
**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**MAT183 Introduction to Mathematical Modeling (3)**
Previously learned mathematics is reviewed and applied in a broad range of fields. Selected topics from graph theory, linear programming, exponential growth and decay, statistics, probability, game theory, voting theory, apportionment, and coding systems. Intended for General Education; not part of any Math major.

**Attributes:** Liberal Arts, GE2: MATH, GE3: MATH, GE2A: MATH, Systematic Inquiry  
**Prerequisites:** Math Placement Level 3 or (Undergraduate level MAT151 Minimum Grade of C- or Undergraduate level 64151 Minimum Grade of C-)  
**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**MAT184 Elements of Geometry (3)**
History of geometry and its applications. Euclid’s Axioms and geometric proof. Practical applications of geometry. Solid geometry. Polygons and tessellations of the plane. Intended for General Education; not part of any Math major.

**Attributes:** Liberal Arts, GE2: MATH, GE3: MATH, GE2A: MATH, Systematic Inquiry  
**Prerequisites:** Math Placement Level 3 or (Undergraduate level MAT151 Minimum Grade of C- or
MAT185 Stats and Public Policy (3)
Fundamental concepts of statistics with an applied approach designed to create savvy “statistical consumers”, able to understand, evaluate, and analyze quantitative evidence presented in the media on issues relevant to citizens in our society today. Intended for General Education; not part of any Math major.

Attributes: Information Literacy, Liberal Arts, GE3: MATH, GE2A: MATH, Systematic Inquiry
Prerequisites: Math Placement Level 3 or (Undergraduate level MAT151 Minimum Grade of C- or Undergraduate level 64151 Minimum Grade of C-)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

MAT186 Infinity (3)

Attributes: Liberal Arts, GE3: MATH, Systematic Inquiry
Prerequisites: Math Placement Level 3 or (Undergraduate level MAT151 Minimum Grade of C- or Undergraduate level 64151 Minimum Grade of C-)

MAT193 Math Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

MAT240 Mathematics for Elementary School Teachers II (3)
Second course of a two-semester sequence covering problem solving, logic, analysis of geometric shapes and solids, measurement, congruence, similarity, constructions, coordinate geometry, transformations, programming in LOGO, and the use of the calculator. Open only to students seeking New York State certification in Elementary Education.

Attributes: Liberal Arts, GE2: MATH, GE3: MATH, GE2A: MATH, Systematic Inquiry
Prerequisites: (Undergraduate level MAT140 Minimum Grade of C- or Undergraduate level 64140 Minimum Grade of C-) and (Math Placement Level 3 or Undergraduate level MAT151 Minimum Grade of C- or Undergraduate level 64151 Minimum Grade of C-)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

MAT241 Introduction to Statistics (3)
Descriptive statistics, measure of central tendency and dispersion, population parameters and sample statistics, use of probability distributions for statistical inference, binomial and normal distributions, introduction to hypothesis testing. Designed for non-mathematics majors. Not open to students who have taken 64381 or 64382.

Attributes: Liberal Arts, GE2: MATH, GE3: MATH, GE2A: MATH, Systematic Inquiry
Prerequisites: Math Placement Level 4 or (Undergraduate level MAT152 Minimum Grade of C- or
Undergraduate level 64152 Minimum Grade of C-)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

MAT251 Calculus I (4)
Single-variable calculus: limits, continuity, derivatives, extrema and other applications, mean value theorem, integrals, fundamental theorem of calculus.

Attributes: Liberal Arts
Prerequisites: Math Placement Level 5 or (Undergraduate level MAT181 Minimum Grade of C- or Undergraduate level 64181 Minimum Grade of C-)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

MAT252 Calculus II (4)
A continuation of Calculus I. Techniques of integration, applications of the integral, infinite sequences and series, parametric equations, polar coordinates, separable differential equations.

Attributes: Liberal Arts
Prerequisites: Math Placement Level 6 or (Undergraduate level MAT251 Minimum Grade of C- or Undergraduate level 64251 Minimum Grade of C-)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

MAT260 Introduction to Proof (3)
Focus on basic principles of logic, set theory, functions, and the development of mathematical reasoning. Introduction to basic techniques in writing proofs.

Attributes: Liberal Arts
Prerequisites: Math Placement Level 5 or (Undergraduate level MAT181 Minimum Grade of C- or Undergraduate level 64181 Minimum Grade of C-)
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

MAT293 Math Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

MAT295 Indep Study Math
No description is available for this course.

MAT303 Foundations of Analysis (3)
Order, algebraic and completeness axioms of the numbers, topology of the real line, lubs and glbs, limit points, Heine-Borel Theorem, sequences and convergence.

Attributes: Liberal Arts
Prerequisites: (Undergraduate level MAT260 Minimum Grade of C- or Undergraduate level 64260 Minimum Grade of C-) and (Undergraduate level MAT252 Minimum Grade of C- or Undergraduate level 64252 Minimum Grade of C-)
Projected Offerings: Spring 2010, Spring 2011
MAT304 Foundations of Algebra (3)
Equivalence relations, elementary number theory, mathematical induction and recursion; the group of integers modulo-n and other concrete groups.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (Undergraduate level MAT260 Minimum Grade of C- or Undergraduate level 64260 Minimum Grade of C-) and (Undergraduate level MAT251 Minimum Grade of C- or Undergraduate level 64251 Minimum Grade of C-)
Projected Offerings: Fall 2009, Fall 2010

MAT310 Elementary Number Theory (3)
Introductory study of integers. Axiomatic approach to order and divisibility property, prime distributions, modular arithmetics, perfect numbers and other topics.

Attributes: Liberal Arts, Writing Intensive
Prerequisites: (Undergraduate level MAT303 Minimum Grade of C- or Undergraduate level 64303 Minimum Grade of C-) or (Undergraduate level MAT304 Minimum Grade of C- or 64304)

MAT320 Discrete Mathematics for Computing (3)
This course is designed to provide Computer Science and Computer Engineering majors with a working knowledge of discrete mathematics topics they will need in future courses and in later work. Does not count towards the Mathematics major.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following major: Mathematics
Prerequisites: (Undergraduate level EGC230 Minimum Grade of C- or Undergraduate level 45230 Minimum Grade of C-) or (Undergraduate level CPS310 Minimum Grade of C- or Undergraduate level 25310 Minimum Grade of C-)
Projected Offerings: Spring 2010, Spring 2011

MAT321 Intermediate Analysis I (3)
Theoretical foundations of elementary calculus: continuity, derivatives, integrals, classical theorems of calculus such as the Mean Value Theorem and the Fundamental Theorem of calculus.

Attributes: Liberal Arts
Prerequisites: (Undergraduate level MAT353 Minimum Grade of C- or Undergraduate level 64353 Minimum Grade of C-) and (Undergraduate level MAT303 Minimum Grade of C- or Undergraduate level 64303 Minimum Grade of C-)
Projected Offerings: Fall 2010, Fall 2011

MAT322 Intermediate Analysis II (3)
Series of real numbers; sequences and series of functions; uniform convergence; power series; Taylor Series, additional topics as chosen by the instructor.

Attributes: Liberal Arts
Prerequisites: (Undergraduate level MAT321 Minimum Grade of C- or Undergraduate level 64321 Minimum Grade of C-)
MAT331 Axiomatic Geometry (3)
Axiomatic development of geometry from a modern standpoint. Topics chosen from incidence, betweenness, congruence, similarity, transformations, constructions; measure of areas, angles and circles.

Attributes: Liberal Arts, Writing Intensive
Prerequisites: (Undergraduate level MAT260 Minimum Grade of C- or Undergraduate level 64260 Minimum Grade of C-) and (Undergraduate level MAT251 Minimum Grade of C- or Undergraduate level 64251 Minimum Grade of C-)
Projected Offerings: Fall 2010, Spring 2011, Fall 2011, Spring 2012

MAT332 Modern Geometry (3)
Euclidean and non-Euclidean geometries. Consistency proofs and Euclidean constructions.

Attributes: Liberal Arts
Prerequisites: (Undergraduate level MAT331 Minimum Grade of C- or Undergraduate level 64331 Minimum Grade of C-)

MAT341 Applied Mathematics I (3)
The first of a two-semester sequence in advanced mathematics for scientists and engineers. Topics include partial derivatives, ordinary differential equations, infinite series, and matrix algebra. Does not count towards the Mathematics major, or as an elective in a Math minor which contains 64353 or 64359.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following major: Mathematics
Prerequisites: (Undergraduate level MAT252 Minimum Grade of C- or Undergraduate level 64252 Minimum Grade of C-)
Projected Offerings: Fall 2009, Fall 2010

MAT342 Applied Mathematics II (3)
The second of a two-semester sequence in advanced mathematics for scientists and engineers. Topics include complex analysis, Laplace and Fourier transforms, vector calculus, orginary and partial differential equations and special functions of mathematical physics. Counts as an upper-division elective in the Mathematics major.

Attributes: Liberal Arts
Prerequisites: (Undergraduate level MAT341 Minimum Grade of C- or Undergraduate level 64341 Minimum Grade of C-) or (Undergraduate level MAT353 Minimum Grade of C- or Undergraduate level 64353 Minimum Grade of C- and Undergraduate level MAT359 Minimum Grade of C- or Undergraduate level 64359 Minimum Grade of C-)
Projected Offerings: Spring 2010, Spring 2011

MAT353 Calculus III (4)
Analytic geometry in 3 dimensions, vector-valued functions, multivariate functions, partial derivatives, multiple integrals, applications, line integrals, Green’s theorem, divergence, curl.
**MAT359 Ordinary Differential Equations (3)**

**Attributes**: Liberal Arts  
**Prerequisites**: (Undergraduate level MAT252 Minimum Grade of C- or Undergraduate level 64252 Minimum Grade of C-)  
**Projected Offerings**: Fall 2009, Spring 2010, Fall 2010, Spring 2011

**MAT362 Linear Algebra (3)**
The algebraic structure of Euclidean n-space and finite dimensional vector spaces. Linear transformations, matrices, determinants, linear equations. Norm, inner product, and orthogonality.

**Attributes**: Liberal Arts  
**Prerequisites**: (Undergraduate level MAT353 Minimum Grade of C- or Undergraduate level 64353 Minimum Grade of C-) and (Undergraduate level MAT260 Minimum Grade of C- or Undergraduate level 64260 Minimum Grade of C-)  
**Projected Offerings**: Fall 2009, Fall 2010

**MAT363 Combinatorics (3)**
Counting arguments in different settings and their relation to probability. Functions, relations and, in particular, graphs and trees.

**Attributes**: Liberal Arts  
**Prerequisites**: (Undergraduate level MAT260 Minimum Grade of C- or Undergraduate level 64260 Minimum Grade of C-)  
**Projected Offerings**: Spring 2010, Spring 2011

**MAT364 Introduction to Abstract Algebra I (3)**
Group theory from axioms; subgroups, cyclic groups, number theoretic properties of finite groups, quotient groups, isomorphisms and homomorphisms.

**Attributes**: Liberal Arts  
**Prerequisites**: (Undergraduate level MAT362 Minimum Grade of C- or Undergraduate level 64362 Minimum Grade of C-) and (Undergraduate level MAT304 Minimum Grade of C- or Undergraduate level 64304 Minimum Grade of C-)  
**Projected Offerings**: Spring 2011, Spring 2012

**MAT365 Introduction to Abstract Algebra II (3)**
Elementary theory of groups and rings, integral domains and fields.
**Attributes:** Liberal Arts

**Prerequisites:** (Undergraduate level MAT364 Minimum Grade of C- or Undergraduate level 64364 Minimum Grade of C-)

**MAT375 Numerical Methods (3)**
Computer solution of mathematical problems; round-off errors and computer arithmetic, solution of equations, interpolation and approximation, numerical differentiation and integration, direct and iterative techniques in matrix algebra.

**Attributes:** Liberal Arts

**Prerequisites:** (Undergraduate level MAT362 Minimum Grade of C- or Undergraduate level 64362 Minimum Grade of C-) and (Undergraduate level MAT210 Minimum Grade of C- or Undergraduate level 64210 Minimum Grade of C-)

**MAT381 Probability and Statistics I (3)**
Introduction to probability theory and statistics. Random variables; distribution functions; expected value and moments; sampling; point estimation; interval estimation; hypothesis testing.

**Attributes:** Liberal Arts

**Prerequisites:** (Undergraduate level MAT252 Minimum Grade of C- or Undergraduate level 64252 Minimum Grade of C-)

**Projected Offerings:** Fall 2009, Spring 2010, Fall 2010, Spring 2011

**MAT382 Probability and Statistics II (3)**
Introduction to probability theory and statistics. Random variables; distribution functions; expected value and moments; sampling; point estimation; interval estimation; hypothesis testing.

**Attributes:** Liberal Arts

**Prerequisites:** (Undergraduate level MAT381 Minimum Grade of C- or Undergraduate level 64381 Minimum Grade of C-) and (Undergraduate level MAT353 Minimum Grade of C- or Undergraduate level 64353 Minimum Grade of C-)

**MAT384 Calculus IV (3)**
Fourth semester covering differential and integral calculus. Emphasizes line and surface integral theorems, sequences, and series.

**Attributes:** Liberal Arts

**Prerequisites:** (Undergraduate level MAT353 Minimum Grade of C- or Undergraduate level 64353 Minimum Grade of C-)

**MAT393 Math Selected Topic (3)**
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

**MAT399 Modular Course**
No description is available for this course.
MAT483 Actuarial Mathematics (3)
Theories and models of risk, and their applications. Topics may include: annuities, insurance, benefit reserves, multiple life functions, multiple decrement models, and collective risk models.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Prerequisites: (Undergraduate level MAT381 Minimum Grade of C- or Undergraduate level 64381 Minimum Grade of C-)

MAT488 Partial Differential Equations (3)
Classification of linear second order partial differential equations (PDE), diffusion-type problems, Fourier sine and cosine transforms. Laplace transform solutions, method of characteristics, elliptic-type problems, Green’s functions, numerical and approximate methods.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman
Prerequisites: (Undergraduate level MAT359 Minimum Grade of C- or Undergraduate level 64359 Minimum Grade of C-)

MAT493 Math Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: May not be enrolled in the following classification: Freshman

MAT494 Research in Mathematics (1)
Individual research in Mathematics under faculty supervision. Interested students should contact the department or approach a particular professor.

Restrictions: May not be enrolled in the following classification: Freshman

MAT495 Indep Study Math (1)
No description is available for this course.

Attributes: Liberal Arts
Restrictions: May not be enrolled in the following classification: Freshman

The Physics program at SUNY New Paltz provides a broad base of fundamentals, yet gives you the opportunity to get specialized training. First, you take two-semester introductory courses that survey physics, chemistry, and calculus. Then, you follow up with courses covering classical and modern physics, computational physics, and applied mathematics. The capstone experience is a senior project. If you would like, you can pursue topics of interest to you through independent study. An advisor works closely with you to plan what’s best for your situation.

Minor in Physics - 18 credits

Ten upper-division credits in Physics beyond the General Physics and General Physics Lab sequence must be completed for the minor.
Physics > Course Descriptions

PHY100 Physics for the Inquiring Mind (3)
A course in basic physics for non-science majors that stresses conceptual understanding of familiar (and not so familiar) phenomena. Mathematical formalism is held to a minimum, although some elementary algebra is helpful.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following major: Physics
Projected Offerings: Fall 2010, Spring 2011

PHY101 The Scientific World (3)
Science for non-majors. The course emphasizes critical thinking about personal and social needs for science. Specific topics illustrate purpose and thoughts in science: classical physics, quantum physics, astronomy, chemical bonding, geology, weather, living cell, genetics, evolution.

Attributes: Liberal Arts, GE2: PHBS w/out lab, GE2A: PHBS w/out lab
Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following major: Physics
Prerequisites: Math Placement Level 3 or (Undergraduate level MAT050 Minimum Grade of C- or Undergraduate level 64050 Minimum Grade of C-)

PHY109 Physics of Sound and Music (3)
Nature, transmission, and absorption of sound; speech; hearing; music; noise; musical instruments and amplifying systems; rooms and auditoriums; sources of noise and noise pollution; noise codes; control of noise; and practical means of noise reduction.

Attributes: Liberal Arts, GE2: PHBS w/out lab, GE2A: PHBS w/out lab
Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following major: Physics

PHY199 Modular Course
No description is available for this course.

PHY201 General Physics 1 (3)
Basic principles of mechanics, wave motion, and thermodynamics using vector analysis and calculus. Primarily for students majoring in physics, engineering, mathematics, and chemistry; students majoring in biology and geology should consult their advisor if they wish to take this course in preference to PHY221.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: Math Placement Level 6
Corequisites: PHY211
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011
PHY202 General Physics II (3)
Basic principles of electricity, magnetism, and optics using vector analysis and calculus. Primarily for students majoring in physics, engineering, mathematics, and chemistry; students majoring in biology and geology should consult their advisor if they wish to take this course in preference to PHY222.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: PHY201 and MAT252
Corequisites: PHY212
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

PHY203 General Physics I Workshop
Problem-solving course to be taken concurrently with PHY201 gives students an opportunity to solve additional problems, preview sample exams or review exams, and ask questions about lecture material.

Restrictions: Must be enrolled in the following level: Undergraduate
Corequisites: PHY201

PHY204 General Physics II Workshop
Problem-solving course to be taken concurrently with PHY202 gives students an opportunity to solve additional problems, preview sample exams or review exams, and ask questions about lecture materials.

Restrictions: Must be enrolled in the following level: Undergraduate
Corequisites: PHY202

PHY205 Exploring the Solar System (3)
Introduction to solar system including history of astronomy, laws of mechanics and gravitation, motions of heavenly bodies, telescopes, space exploration and descriptions of sun, planets, moons, asteroids, comets and meteors. Planetarium demonstrations, sky viewing with telescopes and computer simulations. No science preparation required. Limited use of algebra. No prerequisite.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in the following major: Physics
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

PHY206 Exploring the Universe (3)
Introduction to the universe beyond the solar system. Distance to stars, classes of stars, structure of stars, stellar evolution, white dwarfs, neutron stars, black holes, pulsars, quasars, radio astronomy, the Milky Way, galaxies, relativity and cosmology. Planetarium demonstrations, sky viewing with telescopes and computer simulation. No science preparation required. Limited use of Algebra.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate ; May not be enrolled in the
following major: Physics

Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

PHY211 General Physics 1 Lab (1)
No description is available for this course.

Corequisites: PHY201

PHY212 General Physics 2 Lab (1)
No description is available for this course.

Corequisites: PHY202

PHY221 Fundamental Physics 1 (3)
An algebra-based introduction to particle mechanics, rigid-body and continuous matter motion, fluid mechanics, wave motion, structure of matter and thermo-dynamic principles.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: Math Placement Level 4
Corequisites: PHY231
Projected Offerings: Fall 2009, Fall 2010

PHY222 Fundamental Physics II (3)
An algebra-based introduction to electricity, magnetism, electromagnetic waves, optics, relativity, quanta, Bohr atom, complex atom, ions and molecules, solid state, nucleus, nuclear transformation, and elementary particles.

Attributes: Liberal Arts, GE3: NSCI, GE2: PHBS w/out lab, GE2A: PHBS w/out lab, Systematic Inquiry
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (PHY221 or 75221)
Corequisites: PHY232
Projected Offerings: Spring 2010, Spring 2011

PHY223 Fundamental Physics I Workshop
Problem-solving course to be taken concurrently with PHY221 gives students an opportunity to solve additional problems, preview sample exams or review exams, and ask questions about lecture material.

Restrictions: Must be enrolled in the following level: Undergraduate
Corequisites: PHY221

PHY224 Fundamental Physics II Workshop
Problem-solving course to be taken concurrently with PHY222 gives students an opportunity to solve additional problems, preview sample exams or review exams, and ask questions about lecture material.
Restrictions: Must be enrolled in the following level: Undergraduate
Corequisites: PHY222

PHY231 Fundamentals Physics 1 Lab (1)
No description is available for this course.

Corequisites: PHY221

PHY232 Fundamentals Physics 2 Lab (1)
No description is available for this course.

Corequisites: PHY222

PHY293 Physics Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate

PHY295 Indep Study Physics (1)
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate

PHY299 Modular Course
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate

PHY300 Mathematical Physics I (3)
A study of the differential equations, linear algebra, and vector calculus in the context of the physical problems in which they arise. Computational techniques are used where appropriate.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (MAT252 or 64252)

PHY301 Mathematical Physics II (3)
A continuation of Mathematical Physics I. Fourier series, partial differential equations, and complex analysis, all discussed in the context of the physical problems in which they arise. Computer techniques are used where appropriate.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate
Prerequisites: (PHY300 or 75300)
**PHY305 Computational Physics (3)**
Introduction to numerical techniques—root finding, integration, matrix manipulations, differential equations. Numerical simulations—oscillations, space flight, electric fields, linear and non-linear waves, crystal growth.

*Attributes:* Liberal Arts  
*Restrictions:* Must be enrolled in the following level: Undergraduate  
*Prerequisites:* (MAT341 or 64341) and (PHY202 or 75202)  
*Projected Offerings:* Fall 2010

**PHY306 Mechanics 1 (3)**
This is the first of a two-semester sequence comprising a traditional classical mechanics course. Topics include one-dimensional motion, energy and momentum conservation, central forces, Lagrangian and Hamiltonian formulations, systems of particles, and accelerated coordinated systems.

*Attributes:* Liberal Arts  
*Restrictions:* Must be enrolled in the following level: Undergraduate  
*Prerequisites:* (PHY202 or 75202)  
*Corequisites:* MAT341  
*Projected Offerings:* Spring 2010, Spring 2011

**PHY307 Mechanics 2 (3)**
This is the second of a two-semester sequence comprising a traditional classical mechanics course. Topics include Lagrange and Hamiltonian formulations; gravitation, central force problems, and planetary motion; systems of particles; accelerated coordinate systems.

*Attributes:* Liberal Arts  
*Restrictions:* Must be enrolled in the following level: Undergraduate  
*Prerequisites:* (PHY306 or 75306)  
*Projected Offerings:* Fall 2009, Fall 2010

**PHY308 Modern Physics I (3)**
An introduction to the physics of atoms, starting with the origin of the quantum theory. Extensive discussion of the hydrogen atom. Other topics chosen from solid state physics, statistical physics, and nuclear physics if time permits. Computational techniques are used where appropriate.

*Attributes:* Liberal Arts  
*Restrictions:* Must be enrolled in the following level: Undergraduate  
*Prerequisites:* (PHY202 or 75202)  
*Projected Offerings:* Spring 2010, Spring 2011

**PHY309 Modern Physics II (3)**
A continuation of Modern Physics I, covering special relativity and other topics chosen from atomic physics, nuclear physics, statistical physics, and solid state physics. Computational techniques are used where appropriate.
**PHY310 Modern Physics Laboratory (1)**  
A laboratory course demonstrating the principles of Modern Physics PHY309. Required for Physics majors.

**PHY311 Classical Mechanics (3)**  
An intermediate level course in Newtonian mechanics. Linear and angular motion, conservation laws, Lagrangian and Hamiltonian formulations. Computational methods are used where appropriate.

**PHY313 Electricity and Magnetism (3)**  
Laws of electricity and magnetism and their applications using vector analysis and computational techniques. Differential forms of Maxwell’s equations.

**PHY314 Relativity (1)**  
This is a short course in Special Relativity covering the following aspects: experiments leading up to the theory, relative nature of time and distance measurements, constancy of the speed of light, Lorentz transformations, length contraction, time dilation, simultaneity, momentum and energy relations, mass-energy equivalence, and relativistic Doppler effect.

**PHY315 Engineering Mechanics (4)**  
A study of static and dynamic force systems. Vector and conventional techniques are used in problem solving. Properties of force systems, free body analysis, properties of area and mass, friction, kinematics and kinetics of particles and rigid bodies, energy and momentum method. Both English and SI units are used.
PHY322 Optics (3)
Geometrical and physical optics including thick lenses, polarization, coherence, interference and diffraction; propagation in crystals; non-linear optics; photon statistics; radiation pressure; electro-optics; gas crystals; semi-conductor laser.

PHY331 Quantum Physics (3)
Origin of Planck’s quantum hypothesis and its later development through the deBroglie wave-particle duality to the modern quantum mechanics of Schroedinger and Heisenberg. Principles of correspondence, complementarity, and uncertainty. Application of quantum mechanics to basic problems such as the time-independent Schroedinger Equ., hydrogen atom and spin phenomena.

PHY340 Introduction to Astrophysics (4)
Introduction for science majors. Spherical trigonometry, planetary motions, solar system, formation of stars, H-R diagram, binaries, brightness scale, distance ladder, doppler effect, stellar masses, parallax, proper motion, radial motion, mass-luminosity, black-body radiation, spectroscopy, telescopes dense stars, black holes, galaxies, relativity and cosmology.

PHY393 Physics Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

PHY399 Modular Course
No description is available for this course.
PHY402 Fluid Mechanics (3)
Fundamental physical characteristics, fluid statics; kinematics; flow of incompressible, compressible, and real fluids. Theory of models as applied to physical systems and development of several models of fluids.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
Prerequisites: (PHY202 or 75202) and (MAT341 or 64341)

PHY411 Quantum Physics I (3)
An upper level quantum mechanics course for students who have completed the physics core. The course begins with the postulates of quantum mechanics, continues with a detailed discussion of one-dimensional problems, and ends with a rigorous treatment of the hydrogen atom. Computer techniques are used where appropriate.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
Prerequisites: (MAT341 or 64341) and (PHY313 or 75313) and (PHY308 or 75308)

PHY412 Quantum Physics II (3)
A continuation of PHY411. Spin, angular momentum, WKB methods, perturbation theory, scattering theory, Dirac equation.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
Prerequisites: (PHY411 or 75411)

PHY422 Thermo Physics (3)

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
Prerequisites: (MAT342 or 64342)
Projected Offerings: Spring 2010, Spring 2011

PHY424 Advanced Laboratory (2)
Selected experiments (5-8) picked from various areas—mechanics, optics, quantum mechanics, electronics, fluid mechanics, solid state physics, and nuclear physics. Emphasis on individual work.

Attributes: Liberal Arts
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
Prerequisites: (PHY331 or 75331)
PHY429 Solid State Physics (3)

Attributes: Liberal Arts  
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman  
Prerequisites: (PHY308 or 75308)

PHY432 Atomic and Nuclear Physics (3)
Elementary quantum mechanics applied to multielectron atoms, identical particles, magnetic effects and nuclear systems. Quantum nature of elementary particles. Selections from quantum statistics, solid state physics, superconductivity and magnetic properties of solids according to class interest.

Attributes: Liberal Arts  
Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman  
Prerequisites: (PHY308 or 75308)

PHY491 Physics Senior Project (3-6) (3)
Project may be either experimental or theoretical physics by arrangement with a physics faculty advisor. Plan must be approved in the prior semester by chairperson.

Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman  
Projected Offerings: Fall 2009, Spring 2010, Fall 2010, Spring 2011

PHY492 Physics Senior Project Continuation (1-3) (3)
Continuation of senior project. Student must have completed PHY491 and have approval of chairperson.

Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman

PHY493 Physics Selected Topic (3)
Selected topic course descriptions may change from semester to semester. Please consult the Schedule of Classes for more information regarding this course.

Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman

PHY494 Fieldwork in Physics
No description is available for this course.

Restrictions: Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman
**PHY495 Indep Study Physics (1)**
No description is available for this course.

**Restrictions:** Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman

**PHY499 Modular Course**
No description is available for this course.

**Restrictions:** Must be enrolled in the following level: Undergraduate; May not be enrolled in the following classification: Freshman

The Center for Academic Development and Learning is funded primarily by a United States Department of Education (USED) Student Support Services Grant. Eligibility for the grant program may be based on academic consideration, financial consideration or other parameters as determined by the United States Department of Education guidelines. Students who meet the eligibility criteria are provided with a comprehensive academic assistance program that includes a multidisciplinary tutorial program, a writing center, direct instruction in critical thinking and a support system for the learning disabled. A major goal of the department’s staff is to challenge students to fulfill their academic potential by becoming critical thinkers and active learners.

Academic Skills and Knowledge Assessment
All first-year students are expected to demonstrate a high level of proficiency on placement examinations in critical thinking and mathematics. The academic support staff and college faculty evaluate placement examinations during orientation sessions. Students who demonstrate academic weaknesses or gaps in knowledge are required to enroll in critical thinking and academic support sessions that will ensure their academic success at the College.

Academic Support for Students with Learning Disabilities and Physically Handicapped Students:
The goal of the Learning Specialist’s Office is to assist students with disabilities in becoming independent and successful learners within the college curriculum. Students with documented learning and/or physical disabilities are eligible to receive services based on academic need. These services range from instruction in learning strategies, time management, and test-taking to content-area tutoring and writing assistance. The Learning Specialist offers workshops on self-advocacy, computer technology, and issues related to disability.

Students with documented disabilities are legally entitled through the Americans with Disabilities Act (ADA) to receive reasonable accommodations for the learning and testing process. The Learning Specialist works to provide scribes, alternative testing arrangements, or proctors, and serves as a liaison to the faculty on behalf of the student.

Academic Workshops and Modular Courses
Each semester the teaching staff of the Academic Assistance Center designs instructional workshops in a variety of academic courses and subject areas to support the needs of faculty and students.

Multidisciplinary Tutoring Center
Individual and small group tutoring are offered for academic courses in a wide variety of courses and disciplines. The tutorial program utilizes a peer-tutorial model and maintains high standards in the selection and training of its staff.

The Writing Center
The Writing Center provides students with an opportunity to improve their writing skills. Designed as a support service, the Writing Center helps students clarify meaning and consider the effectiveness of their writing with regard to purpose and audience.

Under the supervision of the Tutorial Coordinator, peer tutors provide individual or small group instruction to students enrolled in English Composition and English as a Second Language and writing intensive courses.
The Haggerty English Language Program (HELP) provides English language instruction to non-native speakers through innovative teaching methods and promotes international cultural exchange. The program serves international students enrolled in SUNY New Paltz and any other people with limited English proficiency who want to refine their academic skills in English or who want to learn more English for personal or professional reasons.

HELP provides English language instruction at four levels during the fall and spring semesters: Elementary, Intermediate, Advanced and Academic Purposes, for both full-time and part-time students. In addition to instruction in all skill areas (listening, speaking, reading, writing and grammar), the program also includes special courses and extra workshops (in topics such as TOEFL preparation or American culture), cultural activities and trips to local tourist attractions, and a “Conversation Partners” program in which HELP students are matched with native-speaking American students for weekly one-on-one meetings of free conversation. With the permission of the Director, students in the two advanced levels may take university academic courses while enrolled in HELP.

Shorter summer sessions are available; more information about summer programs is located on the HELP website page.

Non-native English speakers who are admitted conditionally to SUNY New Paltz without having shown required English proficiency (with TOEFL or IELTS scores meeting admissions standards) will be tested to assess their English proficiency upon arrival. Students who do not meet minimum standards on this test may need to enroll in HELP full or part-time for one or more semesters in order to achieve required test scores or to be approved for further university study.

Enrollment in the program is open to any non-native speaker who has completed secondary education. Acceptance or enrollment in HELP does not guarantee admission to SUNY New Paltz academic programs. HELP staff provides assistance and mentoring to help students pursue further academic goals in the United States.
English as a Second Language > Course Descriptions

ESL011 ESL Elementary Grammar (4)
A single skill module for beginning English as a Second Language students. Language structures appropriate to the students’ level and needs will be introduced and practiced in communicative situations. This module will be combined with others to form a complete program of language acquisition based on the students’ assessed needs.

Restrictions: Must be enrolled in the following level: ESL ; Must be enrolled in the following college: Haggerty Institute

ESL012 ESL Elementary Reading and Writing (6)
Provides students the opportunity to develop their vocabulary, reading speed, and general comprehension. The writing assignments focus on description, information, and narration. Classroom practice is based on using good sentence and paragraph form, punctuation and grammar to give students the foundation for academic writing. This class meets two days a week for a total of six academic hours.

Restrictions: Must be enrolled in the following level: ESL ; Must be enrolled in the following college: Haggerty Institute

ESL013 ESL Elementary Listening and Speaking (6)
Provides students the opportunity to develop oral and aural comprehension. Students will work on building vocabulary and improving listening and speaking skills and pronunciation. The class will also spend time in the language lab with audio and videotapes. Every student will practice spoken English in each class meeting. The exercises will focus on the language needed to communicate with Americans and to succeed in the classroom. This class meets two days a week for a total of six academic hours.

Restrictions: Must be enrolled in the following level: ESL ; Must be enrolled in the following college: Haggerty Institute

ESL014 ESL Elementary ESL Topics (3)
Builds upon topics and skills learned in the other Elementary classes. It is designed to help students to integrate what they have learned in other classes and better understand and use conversational English. Additional work is provided in terms of vocabulary development and extra time in the Language Learning Center classroom, if available. Students may receive some instruction of the basic skills in the computer lab if computer literacy is a concern. Topics might include current events or service learning. The class meets two days a week for a total of three academic hours.

Restrictions: Must be enrolled in the following level: ESL ; Must be enrolled in the following college: Haggerty Institute
ESL021 ESL Intermediate Grammar (4)
A single skill module for ESL students with some English language proficiency as assessed by the ESL placement battery. Language structures appropriate to the students’ level and needs will be analyzed and practiced in communicative contexts. The module will be combined with others to form a complete program of language acquisition based on the students’ assessed needs.

Restrictions: Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute

ESL022 ESL Intermediate Reading and Writing (6)
An integrated skills course for ESL students with some English language proficiency. Topics for written interpersonal communication as well as those related to academic disciplines will be addressed. This module will be combined with others to form a complete program of language acquisition based on the students’ assessed needs.

Restrictions: Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute

ESL023 ESL Intermediate Listening and Speaking (6)
An integrated oral/aural communication skills course for ESL students with some language proficiency. Topics for spoken interpersonal communication as well as those related to academic disciplines will be addressed. This module will be combined with others to form a complete program of language acquisition based on the students’ assessed needs.

Restrictions: Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute

ESL024 ESL Intermediate Current Events (3)
An integrated skills course for ESL students with some English language proficiency. With the assistance of educational technology, including audio and visual equipment, students will strengthen the skills being developed in their other ESL classes. This module will be combined with others to form a complete program of language acquisition based on the students’ assessed needs.

Restrictions: Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute

ESL031 ESL Advanced Grammar (4)
Students have an opportunity to practice and learn more complex grammar structures in writing and speaking. Some emphasis is put on speaking in order to give more practice of the advanced grammar structures.

Restrictions: Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute
ESL032 ESL Advanced Reading and Writing (6)
An integrated skills course for ESL students with considerable English language proficiency as assessed by the ESL placement test battery. This course will concentrate on developing the reading and writing skills necessary for participating in college-level academic classes.

Restrictions: Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute

ESL033 ESL Advanced Listening and Speaking (4)
An integrated oral/aural communication skills course for ESL students with considerable language proficiency as assessed by the ESL placement test battery. This course will concentrate on developing the listening and speaking skills necessary for participating in college-level academic classes.

Restrictions: Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute

ESL034 ESL Advanced Current Events (1)
An integrated skills course for ESL students with considerable English language proficiency. With the assistance of educational technology, including audio and video equipment, students will strengthen the language skills being developed in their other ESL and academic classes.

Restrictions: Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute

ESL036 ESL Orient Col Life USA (1)
No description is available for this course.

Restrictions: Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute

ESL041 ESL Academic Purposes Grammar (4)
Designed to give students an opportunity to practice more complex grammar structures in their writing and speaking. There is a lot of emphasis on writing, reading and speaking in both classroom and homework assignments. This class meets two days a week for a total of three academic hours.

Restrictions: Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute

ESL042 ESL Academic Purposes Reading and Writing (6)
Helps students prepare for the demands of reading and writing in college courses through practice in the various reading and writing genres. Through developing their critical reading skills and enhancing their vocabulary skills, students will expand their reading and writing abilities. In addition, the many aspects of writing a research paper will be explored in a final research paper. Students who receive a C or higher and are returning
to the university to continue their academic goals at the undergraduate level will take the campus-wide exam to enter Freshman Composition.

**Restrictions:** Must be enrolled in the following level: ESL; Must be enrolled in the following college: Haggerty Institute

The General Education III Program was developed collaboratively by the faculty and students of SUNY New Paltz. It reflects the mission and characteristics of the college and an appreciation for the changing conditions of knowledge, pedagogy, and the contemporary world. The program exposes students to the areas of knowledge that characterize a broadly educated person and it is designed to assist them in developing a global perspective as well as an understanding of the traditions and complexities of a democratic society. Balancing learning experiences in four different knowledge areas – Arts and Humanities, Scientific Investigations, Global Perspectives, and The United States and Its Traditions – the General Education program provides both discipline-based and interdisciplinary opportunities for advancing knowledge. A defining feature of General Education III is its attention to developing the capacities of students to think critically while providing them with the breadth and depth of knowledge that will allow them to become active citizens and productive members of their society. Students develop the capacity for critical thinking as their competencies in the areas of Effective Expression, Systematic Inquiry, Information Literacy, and Ethical Reflection are addressed in both lower-division and upper-division courses throughout the program.

General Education Requirements » GEIII and the SUNY General Education Requirement

The requirement for a system-wide set of general education requirements went into effect for students matriculating into the SUNY system Fall 2000 or later. One course in each of the following ten content categories is now required of students graduating from any SUNY school. In parentheses are the abbreviations for the system-wide requirements at New Paltz:

- English (COMP)
- Math (MATH)
- US History (USST)
- Non-West Civ (WRLD)
- Art (ART)
- Natural Science (NSCI)
- Western Civ (WEST)
- Foreign Lang (FLNG)
- Humanities (HUM)
- Social Science (SSCI)

GEIII exceeds these SUNY minimums in the following ways:

- NSCI (Second course)
- FLNG (Second course)
- Diversity (1 course)

Students who are transferring to New Paltz with an AA or an AS degree are required to meet only the system-wide categories. The New Paltz requirements that exceed the system-wide minimums will be considered met by virtue of degree upon receipt of the final transcript showing the degree award. The abbreviation “BD” will be listed next to a category which has been met “by degree.” The Progress Report will reflect this.

Students who transfer to New Paltz without a degree are required to complete the New Paltz general education program in its entirety. Students may, however, apply waivers to non-system-wide mandated categories. Students without a degree are eligible for waivers based on the total number of pre-matriculated credits transferred: 45 credits transferred yields one-3 credit waiver; 60 credits transferred yields two-3 credit waivers; and 75 credits transferred yields three-3 credit waivers. The waivers will be applied in the following order: NSCI, FLNG, DIVR. Students with questions should contact the Office of Academic Advising about this process.

Transfer students who matriculated at a SUNY/CUNY institution before Fall 2000 and have earned, or will earn, an AA or AS degree (though not an AAS degree), are considered to have fulfilled their general education requirements. The student will be
waived of all current general education requirements (both SUNY-wide and native to New Paltz). This is true even if the student attended one SUNY/CUNY institution and transferred to another and will receive the AA/AS degree.
