-Community Service

- Community Service is defined as services volunteered by individuals or an organization to benefit a community or its institutions. Community Service points will be awarded based on the fact that a minimum of 40% of your club roster participates in the project. Community Service projects must be reported prior to and after the event to the Office of Intramurals & Recreation via the Community Service Form (See Appendix V for Community Service Form).
- Point Breakdown:
2.5pts- For each successful community service effort (Max of 5pts per year).

Deduction of Points: Points will be deducted from your club's point total for the following academic year for the following infractions:

- Failure to send at least one club representative to monthly meetings

- 1 points per meeting missed

- Late paperwork

- All paperwork will have a due date. Failure to hand in paperwork by the due date will result in a deduction of club points at the discretion of the Office of Intramurals & Recreation. This includes failure to hand in injury reports on time.

- Incidents:

- Unauthorized travel and unauthorized purchases will result in a deduction of points determined by the Director/Coordinator of Intramurals and Recreation.
- Leaving a practice facility in unsatisfactory condition will result in a deduction of 1 point per occurrence. If the problem persists, access to the facility will be denied.
- University van misuse will result in a deduction of points at the discretion of the Director and Coordinator of Intramurals & Recreation. If the misuse persists, the privileges of University van use will be removed.
- Left over funds in your University account will result in the loss of points. The remaining percentage of funds from the total amount allocated will be the percentage of points deducted from your point total. *(For example, if the club was allocated \$1000 and had \$500 remaining, 50% of your points would be deducted from your total points earned for the following academic year.)*
- Other actions resulting in the loss of points at the Coordinator's discretion include (but are not limited to): misspending university allocated funds, hosting a formal, paying for tournaments that aren't attended, participation by ineligible players, illegally hosting guests on campus.

Negative Points

If a club falls below zero points, the club will be put on probation and have one semester to bring points above zero or will be in jeopardy of having their University recognition revoked.
