

Installing AntiSpyware software.

- 1) Open up Internet Explorer and go to this link:
www.newpaltz.edu/resnet/tools.html
- 2) Download “Ad-aware”.
- 3) Install the program by double clicking on the file you just downloaded.
- 4) After program is installed, click “**Check for updates now**” & follow instructions.
- 5) When Updates are done, click on “**Finished**” & then click “**Start**”.
- 6) When Scan is done click “**Next**”.
- 7) Select all found items and then click “**Next**”.
- 8) Click “**OK**” to remove all selected items. When this is done you can close Ad-Aware.
