

**Central Committee on Educational Technology**  
Annual Report 2006/2007

The Committee met in September 2006 and elected Lura Speth (Academic Computing) as Chair. The primary focus of the committee this year was to administer the Student Computing Access Program (SCAP). This year SUNY New Paltz received \$135,440 from SUNY Administration.

The intent of SCAP is to support technology purchases that are of direct academic benefit to students. This includes computing equipment and instructional applications of computing. There are guidelines in place each year to determine how to use these funds.

Our committee requested proposals from all departments on campus. We received 10 proposals. The following is a list of those departments and a summary of what was included in their original proposals and what the committee agreed to fund.

Department	Desc	Total Requested	Total Approved
Art	Assorted printers, cameras and stuff	\$27,035.00	\$25,549.45
Chemistry	12 Computers for CSB213 and CSB308	\$12,000.00	\$15,853.17
Comm/Media	Dreamweaver Studio for CSB29	\$5,017.00	\$5,209.00
Comm/Media	HD camcorders, VTR, 40"HDTV	\$23,886.36	\$10,440.00
Elec/Comp Engineering	13 computers for WSB105	\$11,549.00	\$14,448.00
Elem Ed	17 laptops, ms office, driveshield	\$24,986.88	\$18,808.47
Foreign Lang	Assorted Foreign Language Software for LC110, 112	\$26,416.95	\$1,815.00
Geography	ArcPad, GPS receiver	\$4,895.00	\$4,895.00
Music	3 Macintosh computers, Digidesign, Korg, Vienna SW	\$27,082.50	\$27,082.50
Physics	Flat Panel Monitors and Sensors	\$2,718.00	\$2,898.00
	Total	\$165,586.69	\$126,998.59
	Total SCAP Allocation 2006-2007	\$135,440.00	\$135,440.00
	Difference	<b>\$30,146.69</b>	\$8,441.41

The committee met 6 times throughout February and March to discuss each proposal thoroughly. SUNY New Paltz was awarded \$135,440 and the total amount requested by all 10 proposals was \$165,586.69. The committee needed to cut \$30,146.69 from the requested proposals. Another task the committee needed to perform was to ensure that each item from each proposal met the strictly enforced guidelines for the 2006/2007 SCAP Program.

The committee approved spending \$126,998.59, which left \$8441.41 left over. The committee agreed that the remaining \$8,441.41 would go to Academic Computing to be used for student labs at the discretion of Jon Lewit, Asst VP of Technology.

Respectfully submitted by the Central Committee on Educational Technology:

Rebecca Adae - Academic Computing  
Susan Demaio – Art History  
Laura Dull – Sec Ed  
Jun Lin - Business  
Stephan Macaluso - Library

Margo Mankus - Elem Ed  
Rachel Rigolino - English  
Anat Shiftan - Art  
Lura Speth (Chair) – Academic Computing  
Steve Vinson - History
