

## TRANSFER CREDITS

### *How do I get credit for previous college coursework?*

It's up to you to ensure SUNY New Paltz receives official transcripts for AP, IB, and college courses. Your high school *cannot* submit them on your behalf.

To ensure the selection of appropriate courses in your first semester, reduce the chances of repeating a course for which you will have transfer credit, and maintain proper financial aid eligibility, **have your final transcripts and AP/IB scores sent as soon as possible (prior to the first day of classes).**

**To have official transcripts and scores sent, contact the institution that granted the credits:**

*For Advanced Placement (AP) courses*, scores of 3, 4, or 5 are accepted for college credit. Contact the [College Board](#).

*For International Baccalaureate courses*, scores of 5 or higher are accepted for college credit. Contact [International Baccalaureate](#).

*For college courses, including those taken in high school*, contact the college where you took the course. Confirm that final grades have been noted on your official transcripts before they are submitted to New Paltz.

**Request that official transcripts and scores be sent to:**

Office of Undergraduate Admission  
State University of New York at New Paltz  
100 Hawk Drive  
New Paltz, New York 12561-2499

### *How will my college credits be applied at New Paltz?*

Once your transcripts are received and processed by our Office of Admission, the transfer credit will be noted on your progress report. Transferred credits are indicated on the report with the letter "T" before the grade. In-Progress courses are indicated by "TIP" and are not final until the Office of Admission receives official transcripts. Transfer course grades *do not* factor into your New Paltz GPA.

✔ Social Sciences	PSY 272 Satisfied by	Introduction of Psychology PSY111 - Introduction of Psychology - Orange CC-NY	TB	3	Fall 2017
! Western Civilization	HIS 000 Satisfied by	The Greek & Roman World HIS230 - The Greek & Roman World - Orange CC-NY	TIP	(3)	Fall 2019

Your transfer credits may count as electives (which can fulfill [degree requirements](#) such as 120 credits to graduate, liberal arts credits, or upper division credits), or they may fulfill a [General Education](#) requirement, or a major or minor requirement.

**Articulated courses** transfer in as direct matches with New Paltz courses. **Non-articulated courses** are accepted as elective credit, but also can be reviewed for major or General Education credit. Ask your advisor about how to have a non-articulated course reviewed.

See the [College Course Equivalencies](#) database to learn how specific courses transfer from other colleges to New Paltz.

Here is a detailed explanation of the college's [Transfer Policies](#) from the Undergraduate Catalog.

Your advisor can help you understand how your transfer credits will fit into your overall plan of study. These questions can be addressed in initial and/or subsequent meetings during your time at New Paltz.
