- Must be available for pre-semester orientation, please see website for dates.
- Must be able to hold consistent week-to-week schedule at the Center for Student Success
- Position is open to ALL majors
- Preferred – Be available for at least two semesters

FAQ's

Can I apply for more than one position at the CSS?

Yes, you can apply for as many positions as you would like, as long as you qualify for each individually. Each position has a separate interview and selection process.

Who should I use as my reference?

You can choose any one instructor, faculty or staff member that can assess your ability to communicate and work with peers. If you are a transfer student, you can also use instructors from your previous institution if needed.

What will my day-to-day job look like?

Program Assistants work with the staff at the CSS lab to assist with running the day-to-day operations of the lab. This work can include assisting with projects, answering student questions in person, over the phone and email, assisting with checking students and staff in and out of sessions and other tasks. Program Assistants usually work between 5 and 15 hours per week depending on each student's availability and hours available at the CSS. Schedules and hours are decided in the beginning of the semester and remain the same all semester long.

How does the interview process work?

Students that are selected for an interview will be emailed using their SUNY New Paltz email address to request an interview. Selected students will then meet a CSS staff member for a one-on-one interview either in person or over Zoom. After interviewing, students selected for positions will be notified by the end of the Spring term or in rare cases over the summer.

Is the pre-semester training mandatory?

Yes, students that are hired should plan on attending training in person. If you're not able to attend we recommend waiting until next semester to apply. Students with other on-campus positions should make sure that they are able to attend the entire training before applying.

I have a question that isn't covered here. Who should I contact?

Please email us at the CSS using css@newpaltz.edu.
