Thank you for your interest in the SUNY New Paltz Speech, Language and Hearing Center. We provide a wide variety of services for people with communication disorders in the community and on campus. Below is the list of some of our services. We believe that we provide a high level of quality care at our Center. Our fees may be lower than private speech and hearing centers and hospital programs because we are a training institution. Each of our students benefits from every client that we evaluate. Certain services are available to college students, faculty and staff at no charge. All of the services we provide are strictly supervised by New York State licensed and ASHA-certified professionals.

All speech and language and audiology evaluations are by appointment only and are available for preschool and school-age children, and adults. A referral is not required by the Center; however, a referral may be required by an insurance provider.

**The Center is not a participating provider for any insurance plans, including Medicare.**

**DIAGNOSTIC SPEECH AND LANGUAGE EVALUATIONS:** $90

A detailed evaluation of an individual’s speech and language function including interview, case history, and summary consultation with the client or parent. Recommendations may include referral to other professional(s), and therapy.

**SPEECH AND LANGUAGE THERAPY SERVICES:** Individual therapy $290 fall and spring semesters; $150 summer session; Group therapy $45

Regarding individual speech therapy, clients work one-on-one with a clinician twice a week to develop their speech and language skills and achieve personalized clinical goals. In group therapy, small groups of individuals experiencing similar challenges meet weekly, under the guidance of a clinician, to share their experiences, provide peer support, and work toward improving their speech and language skills.

**AUDIOLOGICIAL SERVICES**

Audiological services may include diagnostic hearing evaluations, referrals, and hearing aid evaluations, dispensing and repairs. These services are available for preschool and school-age children, adults, and New Paltz college students. Please call regarding cost.

Complete audiological evaluation: no charge
Hearing aid evaluation: $50
