Program Summary

Briefly describe the proposed program (e.g., purpose, structure, intended audience, credit hours, new courses needed).

Resources Summary

*Briefly describe anticipated new resources needed. Exact dollar amounts are not needed here. Rather, note whether the proposed program will rely primarily on existing resources or will require new or additional resources (e.g., **additional faculty, the purchase of specialized equipment, an investment in renovations, the acquisition of library books/subscriptions/databases, etc.**)*

Demand Summary

*Briefly provide basis for believing there is **demand/need** for this program. Extensive research is not required. List any **known competitor programs** in the region and explain how the proposed program would differ. Address **anticipated competition with existing programs** on our campus.*
