VIRTUAL TOUR: newpaltz.edu/virtualtour
INTERACTIVE CAMPUS MAP: newpaltz.edu/map
The MBA program here at SUNY New Paltz feels like home. Many students are brilliant and friendly, so most of the time I don’t actually feel any culture barrier even though I am an international student. Our small class size gives me a chance to share my opinions, and I have easy access to my professors and advisors. They not only teach me how to study, but inspire me to challenge myself and to reach for internships and professional opportunities.”

—Danwei Zheng, MBA Business Administration
I chose New Palz primarily for its location. As an international student from Antigua, I appreciate the serene landscape, attentive professors, scholarship availability and the opportunity to grow and develop as a student and person.”

—Dane Davis, MS Computer Science

When I started my program, I never realized that the curriculum was so full or how much it prepares students for real life. I had a chance to meet business people from different industries and to get their advice. Moreover, I found myself in a challenging environment, which helped me to improve my strategic thinking and to broaden my mind. During my journey, the faculty and staff helped me a lot and provided their support and encouragement, which made me stronger. My personal and professional life has developed a lot while at SUNY New Palz, and I feel that I am ready for the business profession.”

— Ecegul Somay, MBA Class of 2018
SUNY NEW PALTZ
ARTS

MS MUSIC THERAPY
• 48 credits of course work*  
  Typical Duration: 2-3 years
• Program Requirements for Completion:  
  o Musical, clinical, and research coursework  
  o 2 fieldwork courses  
  o 2 internship placements  
  o Thesis
• Added Value:  
  o Internship opportunities available nearby  
  o Music Therapy Club, which supports conference travel  
  o Opportunities for networking with internationally known music therapists  
  o Training with internationally known music therapists, clinicians, and researchers

*For students with baccalaureate degrees in Music Therapy or the MT-BC (The Certificate Board for Music Therapists). Non-Music Therapy majors must complete 16 credits of undergraduate work in Music Therapy prior to beginning their graduate studies.

INTERNSHIPS  
Students complete two fieldwork courses, two separate internship placements and complete a thesis as part of this program. Internship opportunities are available within the Hudson Valley Region.

I was drawn to New Paltz as an applicant because of the picturesque setting, smaller class sizes, affordability, and diversity of professors teaching in the Music Therapy program. As a student at SUNY New Paltz, I’ve presented at the Mid-Atlantic Regional Conference of the American Music Therapy Association and attended an advanced certification program in Neurologic Music Therapy through my involvement with the Music Therapy Club and as a Graduate Assistant in the program. I truly value the investment in my education at SUNY New Paltz and look forward to the career possibilities in my future because of this graduate program.”
—Gabrielle Bouissou
MS Music Therapy

CAREER RESOURCES & OPPORTUNITIES

In a global economy, bilingual professionals and international graduates are sought after by multinational companies.

• Career planning and advising
• On- and off-campus job fairs and recruitment events
• How to gain experience while you’re studying
• Internship and job search assistance
• Advising and workshops about interviewing, networking, and more
• Access to online job search portals

The Career Resource Center
The Career Resource Center at SUNY New Paltz offers unique services, programs and resources, to both current students and alumni of all majors, to assist with their career development. Whether you are searching for an internship or full-time position after graduation, they offer guidance in:

CPT and course requirements allow students to work at internships, often paid, while they are studying at SUNY New Paltz.
Post-completion OPT is a work authorization for F-1 students who have completed an academic degree in the US. Its purpose is to provide an opportunity for employment experience in a student’s field of study. OPT is approved by the United States Citizenship and Immigration Services (USCIS).

STEM OPT extensions are granted by USCIS to eligible F-1 students who complete academic degrees in the fields of science, technology, engineering, or mathematics.
