Dear New Paltz student,

As always, policies and guidance may continue to change in response to the Covid-19 pandemic. As you know, COVID-19 continues to be a fluid situation. This can potentially complicate any international travel at this time, and into the foreseeable future. You should travel with your WHO approved vaccination record. These are the approved vaccines: AstraZeneca, BioNTech, Moderna, and Pfizer. Please read the U.S. Department of State site on country specific information. J-1 visa students: You also need a valid visa, and your passport must be valid at least 6 months after traveling abroad. You travel signatures are valid for 6 months and are required for re-entry into the US. Students who are traveling abroad and re-entering the US should request a travel signature in advance.

If you are planning on traveling internationally during the break, it is recommended that you review your destination’s entry requirements, as well as the COVID-19 restrictions. If you are planning on being abroad during the break, please check with their offices for guidance regarding returning to New Paltz. For students returning from abroad, please review the CDC’s "Key to NYC" guidance on how to prove vaccination. The process for requesting a Travel Signature depends on if you are an F-1 visa student, J-1 visa student, or are an exchange student. The process for making a Covid test within three (3) days of departure. Students traveling internationally and returning to the US should be aware of this change and plan accordingly. Students who are traveling abroad and re-entering the U.S. should request a travel signature in advance. New Paltz ENGAGE-listed Events
