HealthiestYou is not health insurance. HealthiestYou is designed to complement, and not replace, the care you receive from your primary care physician. HealthiestYou physicians are an independent network of doctors who advise, diagnose, and prescribe at their own discretion. HealthiestYou physicians provide cross coverage and operate subject to state regulations. Physicians in the independent network do not prescribe DEA controlled substances, non-therapeutic drugs and certain other drugs which may be harmful because of their potential for abuse. HealthiestYou does not guarantee that a prescription will be written. Services may vary by state.

Remote Access to Licensed Medical Doctors with HealthiestYou

We've partnered with HealthiestYou to provide your students with round-the-clock access to board-certified physicians. When students are unable to visit their Student Health Center, (e.g., nights, weekends, school holidays and travel) they can connect with a physician via phone and/or video chat* using this nationwide telehealth service. During a physician consult, students will be able to speak to a physician for diagnosis and treatment of over 70 percent of acute illnesses.

Healthiest You also offers notifications via smart phone app; students may receive a notification when they arrive at an Emergency Room or Urgent Care Center. This notification will serve to remind your students they have the ability to speak to a doctor without having to sit in a waiting room.

Students can register at www.telehealth4students.com to see a physician.

Through BetterHelp, a national virtual counseling service, you can get the help you want, the way you want it. Starting on the effective date of your policy, you have access to Psychologists (PhD / PsyD), Marriage and Family therapists (LMFT), Clinical Social Workers (LCSW) and Licensed Professional Counselors (LPC). These professional licensed counselors will be available to you via ongoing text communications, live chat, phone, video or groupinars.

When you first visit the counseling website, you will be asked to register and complete a questionnaire that will request your UHCSR insurance information on your ID card, emergency contacts and your goals for accessing the service. The questionnaire will also ask you for counselor preferences (gender, specialty, etc.) to ensure you are matched with a practitioner that can help you meet your goals. Within 24 hours after completing the questionnaire, you will be contacted by a counselor to schedule an appointment and decide on a communication method that best suits your needs.

As an insured with **StudentResources**, there is no consultation fee for this service. Every communication with a BetterHelp counselor is covered 100% during your policy period.

Insureds must register at www.counseling4students.com to use BetterHelp services.

Non-insureds can now access BetterHelp, by clicking on "Get Started" and selecting "Registering for paid account".
