I-20

Enclosed is your SUNY New Paltz I-20 Certificate of Eligibility for F-1 student status. You might receive several I-20 forms if you are accepted to several U.S. schools, but you must use the form from the school you want to attend. Sign the I-20 at item #1.

For citizens of India, please go to www.ustraveldocs.com for visa instructions.

For citizens of all other countries, please follow the steps below.

Schedule a Visa Interview

Contact your local U.S. Consulate or Embassy to ask about how to get an F-1 international student visa. First look at the U.S. Embassy/Consulate’s website instructions to schedule an interview for your F-1 student visa. A list of Consulates and Embassies can be found at usembassy.state.gov It is important to apply for your student visa as early as possible.

Visa Application Forms

Most U.S. Consulates now require all applicants for entry visas to complete the DS-160: Online Nonimmigrant Visa Application. The online form combines several forms into one. The form and instructions are available on the website of the U.S. State Department at ceac.state.gov/genniv

Please follow these instructions carefully. The website of your consulate may provide instructions in your native language or provide additional information specific to the procedures of that consulate.

Visa Fee

Pay the $160 Nonimmigrant Visa Application Fee by following the instructions on your local U.S. embassy or consulate’s website. Note that this fee is different from the $200 “SEVIS Fee” described below. (You may also have to pay a visa issuance fee, which is based on reciprocity between your country and the United States.)
SEVIS Fee

F-1 students with an I-20 marked for “initial” attendance (see #3 on your I-20 form), will also need to pay the $200 SEVIS fee.

We recommend that you pay the fee online by following the instructions:

To Pay Online
(a) Find the Form I-901 at www.fmjfee.com/index.html

(b) Complete the form online and write your Visa, MasterCard or American Express information. IMPORTANT: write your name exactly how it appears on your I-20 form.

(c) Print a copy of the online receipt.

(d) Make copies of your receipt, and keep it with your other important immigration document.

If you are not able to pay online, you must follow the “Pay By Mail” instructions below:

To Pay By Mail
(a) Get a Form I-901 “Fee Remittance for Certain F, J, and M Nonimmigrants.”
   • Download the form from www.FMJfee.com
   OR
   • Contact the Center for International Programs at SUNY New Paltz to request the form
   OR
   • Ask for the form by phone at 1-800-870-3676 (only inside the U.S.)

(b) Complete the Form I-901. Write your name exactly how it appears on your I-20 form.

(c) Prepare a check, international money order or foreign draft (drawn on U.S. banks only*) in the amount of $200 USD, made payable to “The Department of Homeland Security, Immigration and Customs Enforcement.”

(d) Mail the completed I-901 and payment to the address listed on Form I-901.

(e) A Form I-797 receipt confirmation letter should be mailed within 3 days of processing the fee. Make copies of this receipt letter, and keep it with your other important immigration documents.

You must bring the receipt of fee payment with you to the interview.

If you are transferring schools, extending your program, applying for an F-2 dependent visa, or have paid this fee and been denied a visa within the last twelve months, you do not need to pay the $200 SEVIS fee.

*Many foreign banks are able to issue checks or money orders drawn on a U.S. bank. You may therefore obtain a check from: a) a bank chartered or operated in the United States; b) a foreign subsidiary of a U.S. bank, or c) a foreign bank that has an arrangement with a U.S. bank to issue a check, money order, or foreign draft that is drawn on a U.S. bank.
The Visa Interview

Arrive at your interview early and answer all the Visa Officer’s questions to you openly and honestly. Prepare and bring the following to your visa interview:

(a) **A passport valid for at least six months**
(b) **Form I-20** (from SUNY New Paltz)
(c) **School admission letter**
(d) **Confirmation page with barcode of the DS-160.** This is the receipt of online submission of the application
(e) **Two 2” x 2” photographs** in the prescribed format (unless these were uploaded with the online visa application)
(f) **A receipt for the visa application fee**
(g) **A receipt for the SEVIS fee.** If you have not received an official receipt in the mail showing payment and you paid the fee electronically, the consulate will accept the temporary receipt you printed from your computer. If you do not have a receipt, the consulate may be able to see your payment on the computer if your fee payment was processed at least 3 business days before your interview.
(h) **Financial documents** that show you have enough funds to cover your tuition and living expenses during the period you intend to study. If you have a sponsor, you must bring the support letter and bank statement of your sponsor.
(i) **Any information that proves you will return to your home country after finishing your studies in the U.S.** F-1 student status is for a temporary 'non-immigrant' stay in the United States. You may need to prove that you will return to your home country by showing personal and professional ties to your community, for example, proof of property (original documents of ownership required), or family (residing in your home country). Students may have problems documenting their plan to return home if:
   i. They have previously stayed in the United States longer than permitted.
   ii. They have many close family members living in the United States.
   iii. They are not able to clearly explain why they plan to study in the United States and then return home.
   iv. They are from a country where many students have not returned home after studying in the United States.
(j) If any of these are true for you, ask yourself the following questions:
   - What major am I planning to study in the United States? How can I use the knowledge I learn when I return home? What kind of jobs will be available to me when I return to my home country? What personal/family ties do I have at home? Do I have close relatives, etc? What other personal, professional and financial reasons do I have to return home?

Please Let Us Know

when your visa is approved or if you experience a delay.

If you have any questions, please contact International Student Programs at international@newpaltz.edu or call 845-257-3595.
MEDICAL CARE and STUDENT HEALTH ISSUES

IMPORTANT

You must submit your completed Pre-Enrollment Health Report and Physician’s Certificate form (page 19) to the Student Health Center BEFORE you come to the U.S..

If your form has not been submitted, you could have problems registering for classes.

Make a copy of your health report before you submit it to the Student Health Center and carry the copy with you when you come to New Paltz.

To be completed by student’s health care provider or attach a copy of provider’s immunizations to meet New York State immunization requirements. Furthermore, I do hereby authorize the clinical staff at New Paltz to seek emergency medical care from outside clinicians if they feel it is necessary.

Student Health Service Welcomes New Students

Student’s Health Information

Completed form should be mailed, faxed or emailed to Student Health Service. Health Information should be on file at least one month before student’s arrival to campus.

Attention Students

Student and their parents should complete pages 1-4.

Pages 5 should be completed by your primary health care provider. Page 6 should be completed if you haven’t already submitted your Immunization Records or if you responded YES to any questions on page 4 indicating a Tuberculin Skin Test is needed.

Completed form will provide us the background information necessary to take good care of you and ensure compliance with NYS Public Health Law.
International Student Health Insurance

All international students are required to purchase the State University of New York Health Insurance Policy. We do not accept applications for a waiver of the insurance requirement.

The United States system of medical care may be different from that of your home country. In the U.S., you must pay for medical services yourself; there is no national health insurance and you cannot afford to be without medical insurance. For this reason the University requires all full-time students, and strongly urges all dependents to purchase the SUNY Student Health Insurance in order to provide you with adequate medical insurance.

Most insurance policies purchased abroad are not comparable to the SUNY New Paltz insurance policy and do not provide adequate medical coverage. The University health insurance provides a comprehensive range of medical services up to US$200,000 including emergency care, diagnostic tests, and hospitalization and it covers pre-existing conditions.

Student Health Service

Please note that the International Student Health Insurance is separate from the Student Health Center here on campus. The Student Health Center provides general health care for New Paltz students while the college is in session and promotes all aspects of maintaining good health, including prevention, mental health, and education. The Student Health Center may also provide you with a referral to a specialist that accepts the international student health insurance if you need to see a doctor off campus. When the Center is closed, on-call physicians are available.

Health Report and Immunization Record

Before coming to the U.S., all students must mail their completed Pre-Enrollment Health Report and Physician’s Certificate form to the Student Health Center. This form is included in this packet and can also be downloaded from: www.newpaltz.edu/healthcenter/forms.html. This form must be on file at the Student Health Center before the start of the academic term, otherwise, you will not be able to register for classes. Note that Health Center records are confidential and information from a student’s chart will not be released without proper authorization. If the Pre-Enrollment Health Report and Physician’s Certificate form have not been submitted to the Student Health Center, it is harder for the health professionals to treat you if they do not have your medical history on file.

Spouse/Family Health Care

It is extremely important to have health insurance for your spouse and children who will accompany you. Health insurance for your dependents may be purchased through the University at additional cost, or, alternatively, through private insurance companies which provide coverage for international students and their dependents. The University Health Insurance policy must be purchased within 30 days of your family’s arrival in the United States. If you and your dependents are in J-1/J-2 immigration status, you are all required to have a comprehensive health insurance policy in order to maintain your immigration status. Because of the high cost of family health insurance, plan to pay for health insurance for your family.

TST (TUBERCULIN SKIN TEST) IS REQUIRED FOR INTERNATIONAL STUDENTS FROM THE COUNTRIES LISTED BELOW AND STUDENTS WHO HAVE TRAVELED TO THESE COUNTRIES.

Tuberculosis (TB) is still a worldwide health problem. Screening for TB means assessing each student’s risk for developing active TB while on campus at New Paltz and further testing those students at increased risk. Students with a Tuberculin Skin Test or a blood test that indicates exposure to TB are required to have a chest x-ray to be TB compliant at New Paltz.
