| Fully Seated      | • No special notation in the Title.  
• Days/Time will be listed in the schedule.  
• Schedule will list a room on campus for the Location. | Face-to-face class sessions in the physical classroom that meet for the full amount of credit hours. **Students must wear masks and adhere to social distancing guidelines.** | • Class sessions are held on campus in the room listed on the schedule.  
• Class sessions will occur on the days and times listed on the schedule. |
| Hybrid            | • “HYB” will be noted in the Title.  
• Days/Time will be listed in the schedule.  
• Schedule will list a room on campus for the Location of the seated sessions. | A blend of face-to-face class sessions and online, asynchronous activities and/or interactions. **While in face-to-face sessions, students must wear masks and adhere to social distancing guidelines.** | • Face-to-face class sessions are held on campus in the scheduled room at the scheduled date and time. You will have reduced seat time, but that may not yet be reflected in the schedule depending on how the instructor has arranged those dates.  
• All other activities and/or interactions will take place online and asynchronously in Blackboard (unless otherwise noted); due dates for asynchronous components are determined by the instructor. |
| Extended Virtual  | • “EVL” will be noted in the Title.  
• Days/Time will be listed in the schedule.  
• Schedule will list a room on campus for the Location of the seated sessions. | A face-to-face class where, at the same time, some students attend in-person while others attend via a remote, synchronous web-conferencing session. Typically, the students will rotate between the seated/remote locations on a schedule set by the instructor. **While in face-to-face sessions, students must wear masks and adhere to social distancing guidelines.** | • All sessions are held at the scheduled date and time.  
• Face-to-face class sessions are on campus in the scheduled room.  
• Web-conference occurs on platform chosen by the faculty member, preferably Blackboard Collaborate Ultra or WebEx. |
| Online Asynchronous | • “WEB” will be listed with the Title.  
• In the Location column you will see the notation “ONLINE SYNC”.  
• There will be no Days or Time listed because the course does not have any synchronous elements. | A class that is presented fully online and does not require participants to meet synchronously for any activities. | • Classes are designed and built in Blackboard (unless otherwise noted).  
• Most classes are made up of learning modules that are completed over the course of several days. |
| Online Synchronous | • “WEB” will be listed with the Title.  
• In the Location column you will see the notation “ONLINE SYNC”.  
• There will be Days and Time listed in the schedule for the synchronous sessions. | This type of course is entirely online and combines synchronous meetings through web-conferencing with asynchronous activities and/or interactions. | • Synchronous sessions are held on the days and times published on the schedule, unless otherwise explicitly directed by the instructor.  
• Synchronous web-conference occurs on the platform chosen by the faculty member, preferably Blackboard Collaborate Ultra or WebEx.  
• Asynchronous activities and/or interactions take place in Blackboard (unless otherwise noted); due dates for asynchronous components are determined by the instructor. |
