W1  THE EVOLUTION OF HISTORY AND MEMORALIZATION ON HUGUENOT STREET

WEDNESDAY  Jan 10, 17, 24, 31
11:00 – 12:30

PRESENTER:  Eddie Moran

This course will examine the history of New Paltz, and our understanding of how that history has changed over time. The first session will provide an overview of the current scholarly understanding of New Paltz’s history, including the people Native to this land, the history of Dutch and English colonization in our region, and the establishment of New Paltz by European refugees and enslaved Africans in the late 17th and early 18th centuries. Subsequent sessions will examine the founding of Historic Huguenot Street as a historical society in the 1890’s and will examine how and why our understanding of this history has evolved in the 130 years since. Sessions will consist of visual presentations followed by group discussion. No materials are required for this course, and supplemental readings and resources will be provided to participants.

Eddie Moran currently serves as the Tour and Interpretation Manager at Historic Huguenot Street, and as a historical researcher for the Dr Margaret Wade Lewis Center, in New Paltz. He graduated with a B.A. in history from SUNY New Paltz in the Spring of 2020. Eddie began work as a tour guide at Historic Huguenot Street in 2017 and has overseen guided tours and interpretation full-time at HHS since January of 2022. He is a lifelong resident of the New Paltz area, and a descendant of New Paltz’s Huguenot and Dutch colonizers.

W3  TRAVELING, TOURING, AND TRANSFORMING OURSELVES

WEDNESDAY  Jan 10, 17, 24, 31
3:00 – 4:30

PRESENTER:  Fred Mayo

According to the US International Trade Association, over 40 million US citizens traveled out of the country during the first six months of 2023. That number represents an 8.6 % increase over travel in 2019, which was before the pandemic. And 49 % plan to increase travel for the rest of this year. Given the incredible growth in travel, this course will provide a discussion of what is happening in this industry. Topics will include: the differences among independent travel, touring, and cruising; the changing appeal of traveling; and new travel options. Some of the class time will be spent on examining the joys and insights that derive from visiting a foreign country. As Mark Twain wrote, “Travel is fatal to prejudice, bigotry, and narrow-mindedness, and many of our people need it sorely on these accounts. Broad, wholesome, charitable views of men and things cannot be acquired by vegetating in one little corner of the earth all one’s lifetime.” Come share your questions and stories about where you traveled and how it changed you.

Fred Mayo, retired Professor of Hospitality and Tourism Management at NYU, has been teaching LLI courses for years. The first ones included topics related to manners using parts of his book Modern American Manners: Dining Etiquette for Hosts and Guests. More recent courses have included: Isolation, Rituals and Routine, Building Community, Friendship, and Giving and Generosity. This course builds on his interest in helping students think more carefully about topics important to us.
