WHY NEW PALTZ?

THE STATE UNIVERSITY OF NEW YORK AT NEW PALTZ is nestled in the heart of a vibrant, historic village in New York’s Hudson Valley, midway between Albany and New York City. The college’s unsurpassed location, with stunning views of the nearby Shawangunk Mountains, offers not only superb opportunities for local cultural and recreational enjoyment, but also easy access to the world-class connections of the city.

OUR MISSION

The Graduate School at SUNY New Paltz aims to meet the educational needs of graduate, pre-professional, professional and career-changing students seeking timely, innovative, and intellectually stimulating study while providing the breadth and depth of knowledge necessary in their chosen disciplines. Whether in the classroom, in the field, or online, our graduate certificate and non-credit programs prepare students to be knowledgeable and skilled, ethical, and culturally sensitive individuals prepared to contribute meaningfully to their profession and their communities.

NATIONALLY RECOGNIZED & AFFORDABLE

The Princeton Review ranked SUNY New Paltz as one of the nation’s “Best Value” colleges and universities and included it among the Top 75 public, four-year institutions of higher education in the US. Kiplinger’s Personal Finance ranked the college in the Top 100 best values in the nation and U.S. News & World Report ranked New Paltz fourth among best public regional universities in the North with both bachelor’s and master’s degree programs.

WE HAVE YOUR PROGRAM

For the past 65 years, The Graduate School at SUNY New Paltz has been providing graduate education, encouraging intellectual engagement, and preparing students for professional opportunities.

The Graduate School offers more than fifty exceptional degree programs in business, education, computer science, engineering, fine arts, music therapy, and the liberal arts. Many of our programs offer courses online, hybrid, or in seated formats during convenient evening and weekend hours. Our classes are small and taught by scholars and artists who love to teach.
**MS IN ELECTRICAL ENGINEERING**

The Master of Science in Electrical Engineering provides a quality graduate program offered within a small setting, where students get individual attention. The program can be pursued either full or part-time, and is designed to serve recent graduates and practicing engineers who need in-depth knowledge in the rapidly changing and expanding areas of electrical engineering beyond what can be included in the traditional bachelor's program. The program offers the following areas of specialization:

**Microelectronics • Systems • Energy • Computer Engineering**

The degree can be completed with two options: thesis and non-thesis. The **thesis option** emphasizes research and requires the completion of 30 credits: 24 course credits and 6 thesis credits. The **non-thesis option** requires completion of 30 course credits and successful passing of a comprehensive examination. Students in non-thesis track usually complete the program in 18 months.

**INTERNSHIPS & CO-OPS**

Some of the companies where our students have recently interned include IBM, General Electrical, Honda Research, and Central Hudson Gas and Electric.

**SCHOLARSHIPS**

Students may apply for a fellowship in the Computer and Electrical Engineering department. Fellows earn a one course tuition waiver in exchange for assisting faculty.

---

**MSED LITERACY EDUCATION BIRTH-GRAGE 6**

The Master of Science in Education in Literacy Education B-6 program prepares initially certified teachers to become literacy specialists, coaches, and leaders. Teachers initially certified in any area of Elementary Education, Secondary Education, Special Education, and TESOL are welcome to apply. The program consists of 36 credit hours. The classes are small and students work closely with faculty members during their clinical experiences in one of our diverse university literacy center settings.

**THE LITERACY CENTER**

The mission of The Literacy Center at SUNY New Paltz is two-fold: to provide our teacher candidates clinical opportunities in the diagnosis and remediation of reading and writing difficulties and to provide literacy instruction to children in our local mid-Hudson Valley communities. Literacy instruction includes the direct tutoring of children and adolescents, as well as consultation with teachers on literacy issues across the curriculum. We act as a link between school districts and community organizations interested in reading and writing excellence and we promote “best practices,” based on current research, in literacy education.

---

"The graduate classes here are professional, organized, and offer flexible scheduling. As someone who transferred from another graduate school, I feel SUNY New Paltz has done more to prepare teachers in diagnosis of reading issues and the science behind Literacy than most other programs. The teachers show their care and interest, and the small class sizes make it a smart academic and financial decision on the student’s part."

---

Shannon Calderon, Literacy Education Birth – Grade 6
**MS IN COMMUNICATION DISORDERS**

The Master of Science in Communication Disorders program prepares students who have strong undergraduate backgrounds in Communication Disorders for a wide range of career opportunities and for doctoral study. The program is registered as licensure-qualifying in New York State and is accredited by the Council on Academic Accreditation in Audiology and Speech Language Pathology (CAA).

**THE PROGRAM**

The program offers concentrations in Speech-Language Pathology and Speech and Language Disabilities. The Speech-Language Pathology concentration consists of 60-62 credit hours. The Speech and Language Disabilities concentration consists of 68 credit hours and also leads to a New York State teaching certificate as a Teacher of Students with Speech and Language Disabilities.

**CAREER OPPORTUNITIES**

Graduates of the Master of Science in Communication Disorders program are employed in schools, hospitals, private practices and clinics. Virtually, all graduates of the program find employment in the field, and the demand for speech-language pathologists and audiologists is expected to exceed the supply in the foreseeable future.

**SCHOLARSHIPS**

Advanced students may apply for a teaching assistantship (TA) in Communication Disorders. TAs may assist a faculty member during classroom instruction, run a lab session, or teach a course. They receive a stipend and partial tuition waiver.

**CAS IN SCHOOL LEADERSHIP**

The Certificate of Advanced Study (CAS) in School Leadership program provides an in-depth study to prepare administrators to meet the challenges of a diverse and demanding educational environment. The Department of Educational Administration at SUNY New Paltz is an exemplary site where students can obtain the training needed to be successful school administrators and leaders.

**THE PROGRAM**

The CAS in School Leadership is comprised of three programs with each program consisting of 60 credit hours. The three programs included are the SBL/SDL Joint program, the SDL-Transition D program and the SDBL program.

- The SBL/SDL Joint Program has, as its primary goal, certification as School Building Leader (SBL) and/or School District Leader (SDL). A six-credit internship is part of this program and is required for New York State certification.
- The SDL-Transition D Program is an alternative route to the School District Leader certificate and is offered to those who have a position office but do not have teacher certification, and who are exceptionally qualified.

**INTERNSHIPS**

The internship portion of the Certificate of Advanced Study program is one of the most intensive in the state and nation. It requires a minimum of 710 hours of specific functions and responsibilities during which students work in six areas including administration and supervision, curriculum supervision, pupil personnel services, personnel, school community relations, and school business administration.
**MS IN COMPUTER SCIENCE**
The Master of Science Program in Computer Science provides students with a foundation for advanced professional or doctoral work in the field of computing. The program is open to students from all majors. For students whose baccalaureate degree is not in computer science, registration in undergraduate qualifying courses are required. Courses are offered in programming technologies, theoretical computer science, state-of-the-art application areas and mathematics. Software development takes place on SUN workstations and PCs.

**THE PROGRAM**
The program consists of 30 credit hours (10 courses) and allows students to individualize their program of study. The curriculum and course offerings change to keep pace with emerging technology.

**INTERNSHIPS**
Graduate students have interned locally at IBM, Collaborate Solutions, Inc. and in NYC.

**SCHOLARSHIPS**
Advanced students may apply for a teaching assistantship (TA) in Computer Science. TAs may assist a faculty member during classroom instruction, run a lab session, or teach a course. They receive a stipend and partial tuition waiver.

---

**MSED IN SECOND LANGUAGE EDUCATION**
The Master of Science in Education (MSEd) in Second Language Education program has achieved the gold standard of accreditation by the National Council of Accreditation of Teacher Education (NCATE). The program provides students with the skills they need to teach English to non-English speaking students. Applicants must provide an iBT TOEFL score of 90 or an IELTS score of 7.

**THE PROGRAM**
The program consists of 36 credit hours and The Teaching English to Speakers of Other Languages (TESOL) concentration provides strategies for working with students in all grade levels: primary and secondary education. Instruction includes strategy on how to teach English in a classroom where you may have students from different language backgrounds. Students will be learning with both international and American students.

**PRACTICUM**
At the conclusion of their study, international graduate students are able to register for a practicum in Teaching English as a Second Language. The practicum allows students to earn first-hand teaching experience before completing their degree.
MBA IN BUSINESS ADMINISTRATION & ACCOUNTING

Our MBA Program delivers a thorough understanding of business theory common to the operation of all business firms and institutions. We incorporate international aspects that lead students to recognize and appreciate a global approach to business and management. Our program offers a cutting edge curriculum and technology along with a faculty and staff who work aggressively on the behalf of the students. Our School of Business houses a Leadership Lab, Financial Trading Room, and a wireless internet environment. The MBA program can be completed in one year!

ADDED VALUE:

- **Job Fair**—50+ employers in attendance every semester
- **Career Counselor**—devoted to MBA students
- **Writing Assistant**—emails MBA students weekly writing tips and provides editing and proofreading assistance.
- **Math Assistant**—provides support to students in need of quantitative based assistance in various courses.
- **Financial Trading Room**—enables skills development
- **Leadership Room**—enables students to record and review their presentations.

INTERNSHIPS:

- Ameriprise, Intl.
- Merrill Lynch
- TD Bank
- IBM
- MediaCom
- NorthWestern Mutual
- Sheraton Hotels

Students have been hired at:

- Ernst & Young
- Kraft Foods
- Target
- IBM
- Pricewaterhouse Coopers
- Hertz
- FactSet
- Mediacom
- FactSet

SCHOLARSHIPS

To recognize academic excellence and to prepare future administrators and public accountants, SUNY New Paltz offers a limited number of MBA scholarships to highly qualified applicants. Consideration for the MBA scholarship will also be given to applicants who demonstrate financial need.

“The MBA program here at SUNY New Paltz feels like home. Many students are brilliant and friendly, so most of the time I don’t actually feel any culture barrier even though I am an international student. Our smaller class size gives me a chance to share my opinions, and I have easy access to my professors and advisors. They not only teach me how to study, but inspire me to challenge myself and to reach for internships and professional opportunities.”

—Danwei Zheng

MBA Business Administration
MS MUSIC THERAPY

The Music Therapy program at SUNY New Paltz offers students with a baccalaureate degree in Music the opportunity to study Music Therapy at the advanced level, acquiring musical, clinical, and research skills essential to professional practice.

THE PROGRAM

The Music Therapy program is built around 48 credit hours of course work for students with baccalaureate degrees in Music Therapy or the MT-BC (The Certification Board for Music Therapists).

Students with other degrees in Music must complete 16 credits of under-graduate work in Music Therapy, including:

• Introduction to Music Therapy (3)
• Music Therapy Methods and Materials (3)
• Psychology of Music (3)
• Music Therapy Practicum (3)
• Psychological Statistics (4)

ADMISSION REQUIREMENTS

1. Baccalaureate degree in Music with a minimum of 54 credits in the major
2. Passing grade on placement audition for guitar and piano accompaniment competencies
3. Passing grade on placement audition in vocal performance
4. Passing grade on placement audition in sight singing
5. Artistry on a major instrument demonstrated at an in-person (live) audition at SUNY New Paltz. (International applicants may submit a video recording on DVD as a preliminary audition submission.)

Graduate applicants are required to perform two contrasting selections on their major instrument. Additionally applicants should prepare five songs to sing while accompanying themselves on the guitar and five songs to sing while accompanying themselves on the piano. These songs should be memorized and applicants should be prepared to discuss possible clinical applications for their use. Placement exams in Sight Singing/Ear Training and Theory will be components of the audition as well.

INTERNSHIPS

Students complete two fieldwork courses, two separate internship placements and complete a thesis as part of this program. We have internship opportunities available within the Hudson Valley Region.

SCHOLARSHIPS

Advanced applicants may apply for a Graduate Assistant (GA) position within the Music Department. GA positions offer a stipend and tuition waiver in exchange for 10 or 20 hours of service per week.
**MA ENGLISH**

The English Graduate Program offers a thorough grounding in literary history and theory in preparation for advanced work at the doctoral level, careers in secondary or community college teaching, and other professional opportunities. The program grants the Master of Arts (MA) degree, and in conjunction with the School of Education Master of Arts in Teaching (MAT) degree. Students may pursue a joint MA/MAT.

**THE PROGRAM**

The program consists of 30 credit hours (10 courses) and offers a variety of classes that students may choose from to align their plan of study to their interests.

- The English Proseminar, generally taken in the first semester.
- At least one course in pre-early modern literature and/or language
- At least one course in Shakespeare
- One other course from the periods before 1800
- Three courses from the periods after 1800.
- One course in literary criticism

**PROGRAM REQUIREMENTS:**

- Complete prescribed course work within seven years after matriculation
- Maintain a cumulative GPA of 3.0 or better, with no more than two grades below B-
- Present nine credits in a single foreign language or satisfactory evidence of equivalent competence.
- Satisfactory performance on the English Department's comprehensive examination.

**SCHOLARSHIPS**

Financial support for MA students is available through Teaching and Graduate Assistantships. These competitive positions cover tuition for two courses and pay a stipend of $2,500 per semester.

---

**MS MENTAL HEALTH COUNSELING**

The Master of Science in Mental Health Counseling program serves both students looking to become licensed as mental health counselors and those seeking to eventually proceed into doctoral programs. The MS in Mental Health Counseling degree can completed full time in two years, including summer classes. Students may attend part-time, but all degree requirements must be completed within five years after admission to degree candidacy.

**THE PROGRAM**

The program consists of 60 credit hours. The curriculum covers mental health counseling practice and research, in addition to necessary coursework in human growth development, social and cultural foundations, helping relationships, group work, career and lifestyle development, appraisal, research and program development and professional orientation.

**INTERNSHIPS**

Students complete intensive supervised practicum and internship experiences during which they actively work with clients in mental health counseling-related training settings. The counseling practicum and internship constitute the students’ primary applied training experiences and involve accruing many hours of direct client contact under supervision of trained professionals.

**SCHOLARSHIPS**

Students may apply for Teaching and Graduate Student Assistantships. Assistantships offer partial tuition waiver and a stipend. The New York Mental Health Counselors Association offers a scholarship award to outstanding graduates of counseling-related programs.
ADMISSION REQUIREMENTS

The basic requirements for admission to The Graduate School include:
• a baccalaureate degree from an accredited institution
• a minimum cumulative undergraduate GPA of 3.0 on a 4.0 scale

The Graduate School WILL NOT REVIEW an incomplete application. Make sure that your application packet includes:
• A signed and dated application form or Signature page from the online application
• One copy of ALL official transcripts (including transfer schools)
• Graduate admission essay
• Current letters of recommendation

Transcripts and letters must be received in sealed envelopes

Further admission criteria vary by program, please consult our website for specific information: www.newpaltz.edu/graduate/admrequirements.html

The Graduate School will consider a three-year Bachelor’s degree from India as equivalent to a U.S. Bachelor’s degree if:
• The three-year degree was earned in Division or Class II or better at universities accredited by the National Assessment and Accreditation Council (NAAC) with a grade of A.
• All other three-year degrees from India will be considered as the equivalent of three years of undergraduate study.

ADMISSIONS CALENDAR

Adhering to your program’s application deadline is crucial to the success of your application. Apply early to ensure that your application will be reviewed by the faculty and you will receive a decision before admission is closed for either the January or August terms.

Online applications will be accepted according to the following schedule:
Fall and Summer Admission
December 1 – May 15
Spring Admission
August 1 – November 15

Students who wish to submit an application outside of these dates will need to submit a Paper Application: www.newpaltz.edu/graduate/paper_process.html

ONLINE APPLICATION DEADLINES

NOVEMBER 15 FOR SPRING

MAY 15 FOR FALL
EXPERIENCE NEW PALTZ

Class sizes are small and faculty is well trained to ensure a good relationship between students and teachers. Programs can be completed within two years for students attending on a full time basis.

SCHOLARSHIPS & FINANCIAL ASSISTANCE

To review any of these funding opportunities in more detail, please visit www.newpaltz.edu/graduate/funding.html

DIVERSITY FELLOWSHIPS

GOPW TUITION WAIVER PROGRAM
The GOPW program provides a tuition waiver for former EOP/HEOP/SEEK students. The tuition waiver covers up to 9 credits of graduate tuition plus the college fee for each semester that the student is eligible for the award. To maintain eligibility, students must maintain a minimum 3.0 GPA and enroll in at least 9 graduate credits each term. Review the eBrochure to learn more about the GOPW Tuition Waiver Program.

SOJOURNER TRUTH DIVERSITY FELLOWSHIP (STF)
The Sojourner Truth Diversity Fellowship is open to applicants from all majors holding at least a 3.0 undergraduate GPA in pursuit of their initial master's degree, a US citizen or permanent resident, matriculated in a graduate program at New Paltz; and adequately meeting the diversity criteria set forth within the application. Review the eBrochure to learn more about the Sojourner Truth Fellowship.

SCHOLARSHIPS BY DISCIPLINE

GRADUATE SCHOOL SCHOLARSHIP FOR TEACHERS IN ADOLESCENCE EDUCATION
The Graduate School Scholarship for Teachers in Adolescence Education is offered to recognize academic excellence and to prepare teachers in adolescence education in math, science, Spanish, and French. The State University of New York at New Paltz offers a limited number of scholarships to highly qualified applicants. Consideration will also be given to financial need.

MASTER IN BUSINESS ADMINISTRATION (MBA) SCHOLARSHIP
To recognize academic excellence and to prepare future administrators and public accountants, the SUNY New Paltz offers a limited number of scholarships to highly qualified applicants. Consideration will also be given to financial need.

MS ELECTRICAL ENGINEERING FELLOWSHIP
This fellowship opportunity is designed to recognize academic excellence of incoming students matriculated in our MS in Electrical Engineering program. Students receive a 3-credit tuition waiver in exchange for 10 hours of research assistance per week. It is available to eight students on a competitive basis.

MFA SCHOLARSHIP
In an effort to encourage a diverse population of graduate students, SUNY New Paltz offers a one-year out-of-state tuition waiver to all incoming MFA students who are not residents of New York State. This allows non-resident students to pay regular in-state tuition rates, saving approximately $9,800 a year. MFA students must seek and be granted New York State residency during their first year to continue to receive the in-state tuition rate. This program is available to international students who are not US citizens and enrolled in one of our MFA programs. These students may receive the MFA Scholarship rate for two years without applying for New York State residency. See Tuition & Fees Chart for rate.

THE ANDRAH MERIT SCHOLARSHIP
offers a $10,000 and a $5,000 tuition waiver to recognize the exceptional talent of two incoming MFA Ceramics students. Both awards are available on a competitive basis each year.

THE MFA PRINTMAKING SCHOLARSHIP is a $1,000 tuition waiver, designed to recognize the exceptional talent of incoming MFA Printmaking students who are interested in pursuing a graduate program which grounds them in a broad range of traditional, contemporary, and innovative techniques while encouraging students to formulate their own philosophical and personal concepts and translate them into visual ideas. It is available to five students on a competitive basis.

THE MFA SCULPTURE SCHOLARSHIP is a $1,000 tuition waiver, designed to recognize the exceptional talent of incoming MFA Sculpture students who are interested in pursuing a graduate degree program which supports independent exploration, experimentation, critical awareness, and engagement in the issues, forms, and contexts of contemporary practice in the profession. It is available to five students on a competitive basis.

THE VISUAL ARTS EDUCATION SCHOLARSHIP is a $1,000 tuition waiver, designed to recognize the exceptional talent of incoming artist-teachers interested in pursuing a Visual Arts Education Graduate program with curricular emphasis on arts-based research, which has been streamlined to a 15-month blended learning experience. It is available to five students on a competitive basis.
ASSISTANTSHIPS
Assistantships are available to matriculated graduate students in good academic standing and who are making good progress toward their degree. The procedure for application for an assistantship, including the selection criteria, are established by deans and academic departments, and publicized by individual departments. Criteria for the award of an assistantship may include, but are not limited to: undergraduate grade-point average, standardized test scores, past experience or training, interest in the field of study, letters of recommendation, or personal interview.

The following departments offer assistantships during the academic year: Admissions, Art, Art Education, Business, Center for International Programs, Communication Disorders, Communications & Marketing, Computer Science, Engineering, English, The Graduate School, Psychology, Samuel Dorsky Museum, and Student Activities and Union Services. Students interested in pursuing an assistantship should review the TA/GA eBrochure and application procedures on our website at: www.newpaltz.edu/graduate/taga.html

RESEARCH FUNDING
GRADUATE STUDENT RESEARCH AND CREATIVE PROJECTS AWARD (RCPA)
The RCPA is an internal grant program for matriculated graduate students. The purpose of the program is to support and encourage research and creative projects that enhance the graduate students' professional development as they pursue their master's degree or Certificate of Advanced Study. All matriculated graduate students in good standing (cumulative GPA of 3.0 or higher) are eligible to apply for this grant. The maximum award is $400 per annum.

The RCPA offers funding for projects that occur during the Fall semester and for projects that occur during the Spring and/or Summer semesters. Applications will be collected according to the following schedule:

- Fall application deadline: October 1
- Spring/Summer application deadline: March 1

SELECT YOUR GRADUATE PROGRAM

Review our graduate programs and admission deadlines, and contact program coordinators if you have questions. Contact us at (845) 257-3285 or gradschool@newpaltz.edu if you need assistance selecting a program.

SELECT YOUR METHOD OF APPLICATION

Online: allows students constant access to their application. Applications will be accepted according to the following schedule:

- Fall (August) Admission: November 16–May 15
- Spring (January) Admission: August 1–November 15

Paper: must be submitted if the applicant prefers to pay the application fee by check or money order or applies after we close the online application system. See Online Application Calendar.

COMPLETE THE PROCESS

Online: after completing, applicants must mail their supplemental items (e.g., transcripts, provisional/degree certs, letters of rec etc.) in one complete packet to:

SUNY New Paltz, The Graduate School, 1 Hawk Drive
New Paltz, NY 12561-2443

Paper: applicants must collect all of the materials required, and mail them to The Graduate School (address above) in one complete packet.
